2. The articles of agreement may designate the number of directors necessary to constitute a quorum, and may provide for the number of years the corporation is to continue, or may provide that the existence of the corporation shall continue until the corporation shall be dissolved by consent of the stockholders or by proceedings instituted by the state under any statute now in force or hereafter enacted.

362.247. 1. A majority of the full board of directors shall constitute a quorum for the transaction of business unless another number is required by the articles of agreement, the bylaws or by law. The act of a majority of the directors present at a meeting at which a quorum is present shall be the act of the board of directors unless the act of a greater number is required by the articles of agreement, the bylaws or by law.

362.275. 1. The board of directors of every bank and trust company organized or doing business pursuant to this chapter shall hold a regular meeting at least once each month, or, upon application to and acceptance by the director of finance, at such other times, not less frequently than once each calendar quarter as the director of finance shall approve, which approval may be rescinded at any time. There shall be submitted to the meeting a list giving the aggregate of loans, discounts, acceptances and advances, including overdrafts, to each individual, partnership, corporation or person whose liability to the bank or trust company has been created, extended, renewed or increased since the cut-off date prior to the regular meeting by more than an amount to be determined by the board of directors, which minimum amount shall not exceed five percent of the bank's legal loan limit, except the minimum amount shall in no case be less than ten thousand dollars; a second list of the aggregate indebtedness of each borrower whose aggregate indebtedness exceeds five times such minimum amount, except the aggregate indebtedness shall in no case be less than fifty thousand dollars; **and** a third list showing all paper past due thirty days or more or alternatively, the third list shall report the total past-due ratio for loans thirty days or more past due, nonaccrual loans divided by total loans, and a listing of past-due loans in excess of the minimum amount to be determined by the board of directors, which minimum amount shall not exceed five percent of the bank's legal loan limit, except the minimum amount shall in no case be less than ten thousand dollars~~]; and a fourth list showing the aggregate of the then existing indebtedness and liability to the bank or trust company of each of the directors, officers, and employees thereof~~. No bills payable shall be made, and no bills shall be rediscounted by the bank or trust company except with the consent or ratification of the board of directors; provided, however, that if the bank or trust company is a member of the federal reserve system, rediscounts may be made to it by the officers in accordance with its rules, a list of all rediscounts to be submitted to the next regular meeting of the board. The director of finance may require, by order, that the board of directors of a bank or trust company approve or disapprove every purchase or sale of securities and every discount, loan, acceptance, renewal or other advance including every overdraft over an amount to be specified in the director's order and may also require that the board of directors review, at each monthly meeting, a list of the aggregate indebtedness of each borrower whose aggregate indebtedness exceeds an amount to be specified in the director's order. The minutes of the meeting shall indicate the compliance with the requirements of this section. Furthermore, the debtor's identity on the information required in this subsection may be masked by code to conceal the actual debtor's identity only for information mailed to or otherwise provided directors who are not physically present at the board meeting. The code used shall be revealed to all directors at the beginning of each board meeting for which this procedure is used.

2. When the bank or trust company has received unanimous consent from the board or executive committee, the action voted on shall be considered approved.

362.295. 1. Within ten days after service upon it of the notice provided for by section 361.130, every bank and trust company shall make a written report to the director, which report shall be in the form and shall contain the matters prescribed by the director and shall specifically state the items of capital, deposits, specie and cash items, public securities and private securities, real estate and real estate securities, and such other items as may be necessary to inform the public as to the financial condition and solvency of the bank or trust company, or which the director may deem proper to include therein. In lieu of requiring direct filing of reports of condition, the director may accept reports of condition or their equivalent as filed with federal regulatory agencies and may require verification and the filing of supplemental information as the director deems necessary.

2. Every report shall be verified by the oaths of the president or vice president and cashier or secretary or assistant cashier or assistant secretary, and the verification shall state that the report is true and correct in all respects to the best of the knowledge and belief of the persons verifying it, and the report shall be attested by three directors, and shall be a report of the actual condition of the bank or trust company at the close of business on the day designated and which day shall be prior to the call. If the director of finance obtains the data pursuant to subsection 3 of section 361.130, the director may rely on the verification provided to the federal regulatory agency.

3. ~~[Every report, exclusive of the verification, shall, within thirty days after it shall have been filed with the director, be published by the bank or trust company in one newspaper of the place where its place of business is located, or if no newspaper is published there, in a newspaper of general circulation in the town and community in which the bank or trust company is located; the newspaper to be designated by the board of directors and a copy of the publication, with the affidavit of the publisher thereto, shall be attached to the report; provided, if the bank or trust company is located in a town or city having a population exceeding ten thousand inhabitants, then the~~

4.] The bank and trust company shall also make such other special reports to the director as he may from time to time require, in such form and at such date as may be prescribed by him, and the report shall, if required by him, be verified in such manner as he may prescribe.

[5-] 4. Should any president, cashier or secretary of the bank or trust company or any director thereof fail to make the statement so required of him or them, or willfully and corruptly make a false statement, he or they, and each of them, shall be deemed guilty of a misdemeanor, and, upon conviction thereof, upon information, punished by a fine for each offense not exceeding five hundred dollars and not less than one hundred dollars, or by imprisonment not less than one or more than twelve months in the city or county jail, or by both such fine and imprisonment.

[6-] 5. A bank or trust company ~~[may provide each written]~~ **shall provide a paper or electronic copy of any regular periodic** report required to be ~~[published free of charge to the public; and when each bank or trust company notifies their customers that such information is available; and when one copy of such information is available]~~ **filed under section 361.130** to each ~~[person]~~ **customer** that requests it[, the newspaper publication provisions of this section shall not be enforced against such bank or trust company].

362.424. 1. For purposes of this section, the following terms mean:

(1) "Bank", includes any state or federally chartered bank, savings bank, or savings and loan association providing banking services to customers;

(2) "Trusted contact", any adult person designated by a bank customer that a bank may contact in the event of an emergency or loss of contact with the customer, or suspected third party fraud or financial exploitation targeting the customer.

2. Notwithstanding any other provision of law to the contrary, any bank may report suspected fraudulent activity or financial exploitation targeting any of its customers to a federal, state, county, or municipal law enforcement agency or any appropriate public protective agency and shall be immune from civil liability in doing so.

3. Notwithstanding any other provision of law to the contrary, any bank, on a voluntary basis, may offer a trusted contact program to customers who may designate one or more trusted contacts for the bank to contact in the event a customer is not responsive to bank communications, the bank is presented with an urgent matter or emergency involving the customer and the bank is unable to locate the customer, or the bank suspects fraudulent activity or financial exploitation targeting the customer or the account has been deemed dormant and the bank is attempting to verify the status and location of the customer. The bank may establish such procedures, requirements, and forms as it deems appropriate and necessary should the bank decide to implement a trusted contact program.

4. Notwithstanding any other provision of law to the contrary, any bank may voluntarily offer customers an account with convenience and security features that set transaction limits and permit limited access to view account activity for one or more trusted contacts designated by the customer.

5. No bank shall be liable for the actions of a trusted contact.

6. No bank shall be liable for declining to interact with a trusted contact when the bank, in good faith and exercising reasonable care, determines that a trusted contact is not acting in the best interests of the customer.

7. A person designated by a customer as a trusted contact who acts in good faith and exercises reasonable care shall be immune from liability.

8. A customer may withdraw any appointment of a person as a trusted contact at any time and any trusted contact may withdraw from status as a trusted contact at any time. The bank may require such documentation or verification as it deems necessary to establish the withdrawal or termination of a trusted contact.

9. No bank shall be civilly liable for implementing or not implementing or for actions or omissions related to providing or administering a trusted contact program.

362.490. 1. Notwithstanding any provision of law of this state or of any political subdivision thereof requiring security for deposits in the form of collateral, surety bond or in any other form, security for such deposits shall not be required to the extent said deposits are insured under the provisions of an act of congress creating and establishing the Federal Deposit Insurance Corporation or similar agency created and established by the Congress of the United States.

2. (1) As an alternative to the requirements for direct pledging of security for deposit of public funds in excess of the amount that is federally insured or guaranteed pursuant to sections 110.010, 110.020, and 110.060, a banking institution authorized as legal depository for public funds may secure the deposits of any governmental entity by granting a security interest in a single pool of securities to secure the repayment of all public funds deposited in the banking institution by such governmental entities and not otherwise federally insured or secured pursuant to law.

(2) A banking institution may secure the deposit of public funds using the direct method as provided in chapter 110, or the single bank pooled method provided in this section, or may elect to offer government entities the choice of either method to secure the deposit of public funds.

(3) Under the direct method a banking institution may secure the deposit of public funds of each government entity separately by furnishing securities pursuant to sections 110.010, 110.020, and 110.060.

(4) Under the single bank pooled method a banking institution may secure the deposit of public funds of one or more government entities through a pool of eligible securities held in custody and safekeeping with one or more other banking institutions or safe depositories, to be held subject to the order of the director of the division of finance or the administrator appointed pursuant to subsection 3 of this section for the benefit of the government entities having public funds deposited with such banking institution as set forth in this section.

3. (1) The director of the division of finance shall have exclusive authority to appoint a bank, trust company, or association for Missouri banks which is chartered or incorporated in Missouri, to serve as the administrator with respect to a single bank pooled method. The administrator shall act as an agent for banking institutions and as the nominee of the government entities for purposes of administering the pool of securities pledged to secure uninsured public fund deposits. The fees and expenses of such administrator shall be paid by the banking institutions utilizing the single bank pooled method. The single bank pooled method shall not be utilized by any banking institution unless an administrator has been appointed by the director pursuant to this section and is acting as the administrator. The director may require the administrator to post a surety bond or security to the director in an amount up to one hundred thousand dollars to assure the faithful performance of the duties of the administrator.

(2) At all times the aggregate market value of the pool of securities so deposited, pledged, or in which a security interest is granted shall be at least equal to one hundred two percent of the amount on deposit which is in excess of the amount so insured.

(3) Each banking institution shall carry on its accounting records at all times a general ledger or other appropriate account of the total amount of all public funds to be secured by the pool of securities as determined at the opening of business each day, and the aggregate market value of the pool of securities pledged, or in which a security interest is granted to secure such public funds.

(4) If a banking institution elects to secure the deposit of public funds through the use of the single bank pooled method, such banking institution shall notify the administrator in writing that it has elected to utilize the single bank pooled method and the proposed effective date thereof and enter such agreement as the administrator may require.

(5) A banking institution may not retain any deposit of public funds which is required to be secured unless it has secured the deposits for the benefit of the government entities having public funds with such banking institution pursuant to this section.

(6) Only the securities and collateral described or listed pursuant to section 30.270 for the safekeeping and payment of deposits by the state treasurer may be provided and accepted as security for the deposit of public funds and shall be eligible as collateral. The administrator shall not accept any securities which are not described or listed pursuant to section 30.270.

(7) The administrator may establish such procedures and reporting requirements as necessary for depository banking institutions and their safekeeping banks or depositories to confirm the amount of insured public fund deposits, the pledge of securities to the administrator to secure the deposit of public funds, as agent for each participating banking institution, and to monitor the market value of pledged securities as

reported by the custody agents, and to add, substitute, or remove securities held in the single bank pool as directed by the depository banking institution.

(8) In the event of the failure and insolvency of a banking institution using the single bank pooled method, subject to any order of the director pursuant to powers vested under chapter 361, the administrator shall direct the safekeeping banks or depositories to sell the pledged securities and direct proceeds to the payment of the uninsured public fund deposits or to transfer the pledged securities to that banking institution's primary supervisory agency or the duly appointed receiver for the banking institution to be liquidated to pay out the uninsured public fund deposits.

370.245. 1. For purposes of this section, the following terms mean:

(1) "Credit union", any state or federally chartered credit union providing financial services to members;

(2) "Trusted contact", any adult person designated by a credit union member that a credit union may contact in the event of an emergency or loss of contact with the member, or suspected third party fraud or financial exploitation targeting the member.

2. Notwithstanding any other provision of law to the contrary, any credit union may report suspected fraudulent activity or financial exploitation targeting any of its members to a federal, state, county, or municipal law enforcement agency or any appropriate public protective agency and shall be immune from civil liability in doing so.

3. Notwithstanding any other provision of law to the contrary, any credit union, on a voluntary basis, may offer a trusted contact program to members who may designate one or more trusted contacts for the credit union to contact in the event a member is not responsive to credit union communications, the credit union is presented with an urgent matter or emergency involving the member and the credit union is unable to locate the member, or the credit union suspects fraudulent activity or financial exploitation targeting the member or the account has been deemed dormant and the credit union is attempting to verify the status and location of the member. The credit union may establish such procedures, requirements, and forms as it deems appropriate and necessary should the credit union opt to implement a trusted contact program.

4. Notwithstanding any other provision of law to the contrary, any credit union may voluntarily offer members an account with convenience and security features that set transaction limits and permit limited access to view account activity for one or more trusted contacts designated by the member.

5. No credit union shall be liable for the actions of a trusted contact.

6. No credit union shall be liable for declining to interact with a trusted contact when the credit union, in good faith and exercising reasonable care, determines that a trusted contact is not acting in the best interests of the member.

7. A person designated by a member as a trusted contact who acts in good faith and exercises reasonable care shall be immune from liability.

8. A member may withdraw any appointment of a person as a trusted contact at any time and any trusted contact may withdraw from status as a trusted contact at any time. The credit union may require such documentation or verification as it deems necessary to establish the withdrawal or termination of a trusted contact.

9. No credit union shall be civilly liable for implementing or not implementing or for actions or omissions related to providing or administering a trusted contact program.

381.410. As used in this section and section 381.412, the following terms mean:

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. If the tax of more than one other jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction. (2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the individual income tax imposed pursuant to this chapter on such shareholder's share of the S corporation's income derived from sources in another state of the United States or the District of Columbia, and which is subject to income tax pursuant to this chapter but is not subject to income tax in such other jurisdiction or a political subdivision thereof.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.

143.341. 1. The Missouri taxable income of a resident estate or trust means its federal taxable income subject to the modifications in this section.

3. For all tax years beginning on or after January 1, 2026, there shall be subtracted that amount included in Missouri taxable income of the estate or trust that would not be included as Missouri taxable income if said estate or trust were considered a nonresident estate or trust as defined in section 143.371. or ballot measure or both. In apportioning expenditures to each candidate or ballot measure, political party committees and continuing committees need not include expenditures for maintaining a permanent office, such as expenditures for salaries of regular staff, office facilities and equipment or other expenditures not designed to support or oppose any particular candidates or ballot measures; however, all such expenditures shall be listed pursuant to subdivision (4) of this subsection;

(8) A separate listing by full name and address of any committee including a candidate committee controlled by the same candidate for which a transfer of funds or a contribution in any amount has been made during the reporting period, together with the date and amount of each such transfer or contribution;

(9) A separate listing by full name and address of any committee, including a candidate committee controlled by the same candidate from which a transfer of funds or a contribution in any amount has been received during the reporting period, together with the date and amount of each such transfer or contribution;

(10) Each committee that receives a contribution which is restricted or designated in whole or in part by the contributor for transfer to a particular candidate, committee or other person shall include a statement of the name and address of that contributor in the next disclosure report required to be filed after receipt of such contribution, together with the date and amount of any such contribution which was so restricted or designated by that contributor, together with the name of the particular candidate or committee to whom such contribution was so designated or restricted by that contributor and the date and amount of such contribution.

2. For the purpose of this section and any other section in this chapter except sections 130.049 and 130.050 which requires a listing of each contributor who has contributed a specified amount, the aggregate amount shall be computed by adding all contributions received from any one person during the following periods:

(1) In the case of a candidate committee, the period shall begin on the date on which the candidate became a candidate according to the definition of the term "candidate" in section 130.011 and end at 11:59 p.m. on the day of the primary election, if the candidate has such an election or at 11:59 p.m. on the day of the general election. If the candidate has a general election held after a primary election, the next aggregating period shall begin at 12:00 midnight on the day after the primary election day and shall close at 11:59 p.m. on the day of the general election. Except that for contributions received during the thirty-day period immediately following a primary election, the candidate shall designate whether such contribution is received as a primary election contribution or a general election contribution;

(2) In the case of a campaign committee, the period shall begin on the date the committee received its first contribution and end on the closing date for the period for which the report or statement is required;

(3) In the case of a political party committee or a continuing committee, the period shall begin on the first day of January of the year in which the report or statement is being filed and end on the closing date for the period for which the report or statement is required; except, if the report or statement is required to be filed prior to the first day of July in any given year, the period shall begin on the first day of July of the preceding year.

3. The disclosure report shall be signed and attested by the committee treasurer or deputy treasurer and by the candidate in case of a candidate committee.

(3) "Broker", any person who, for compensation or the expectation of compensation, obtains a commercial financing transaction or an offer for a commercial financing transaction from a third party that would, if executed, be binding upon that third party and communicates that offer to a business located in this state. The fact that a provider extends a specific offer for a commercial financing transaction on behalf of a depository institution shall not be construed to mean that the provider engaged in lending or financing or originated that loan or financing.

3. (1) A provider that consummates a commercial financing transaction shall disclose the terms of the commercial financing transaction as required by this section. The disclosures shall be provided at or before consummation of the transaction. Only one disclosure is required for each commercial financing transaction, and a disclosure is not required as a result of the modification, forbearance, or change to a consummated commercial financing transaction.

(2) A provider shall disclose the following in connection with each commercial financing transaction:

(a) The total amount of funds provided to the business under the terms of the commercial financing transaction agreement. This disclosure shall be labeled "Total Amount of Funds Provided";

(b) The total amount of funds disbursed to the business under the terms of the commercial financing transaction, if less than the total amount of funds provided, as a result of any fees deducted or withheld at disbursement and any amount paid to a third party on behalf of the business. This disclosure shall be labeled "Total Amount of Funds Disbursed";

(c) The total amount to be paid to the provider pursuant to the commercial financing transaction agreement. This disclosure shall be labeled "Total of Payments";

This calculation shall include any fees or charges deducted by the provider from the "Total Amount of Funds Provided". This disclosure shall be labeled "Total Dollar Cost of Financing";

(e) The manner, frequency, and amount of each payment. This disclosure shall be labeled "Payments". If the payments may vary, the provider shall instead disclose the manner, frequency, and the estimated amount of the initial payment labeled "Estimated Payments" and the commercial financing transaction agreement shall include a description of the methodology for calculating any variable payment and the circumstances when payments may vary;

(f) A statement of whether there are any costs or discounts associated with prepayment of the commercial financing product including a reference to the paragraph in the agreement that creates the contractual rights of the parties related to prepayment. This disclosure shall be labeled "Prepayment"; and

(3) A provider that consummates a commercial financing facility may provide disclosures of this subsection which are based on an example of a transaction that could occur under the agreement. The example shall be based on an accounts receivable total face amount owed of ten thousand dollars. Only one disclosure is required for each commercial financing facility, and a disclosure is not required as result of a modification, forbearance, or change to the facility. A new disclosure is not required each time accounts receivable are purchased under the facility.

4. The provisions of this section shall not apply to the following:

(1) A provider that is a depository institution or a subsidiary or affiliate;

(2) A provider that is a service corporation to a depository institution that is:

(a) Owned and controlled by a depository institution; and

(6) A commercial financing transaction that is a factoring transaction, purchase, sale, advance, or similar of accounts receivable owed to a health care provider because of a patient's personal injury treated by the health care provider;

(7) A provider that is licensed as a money transmitter in accordance with a license, certificate, or charter issued by this state or any other state, district, territory, or commonwealth of the United States;

(8) A provider that consummates no more than five commercial financing transactions in this state in a twelve-month period; ~~or~~

(9) A commercial financing transaction of more than five hundred thousand dollars; **or**

5. (1) No person shall engage in business as a broker within this state for compensation, unless prior to conducting such business, the person has filed a registration with the division of finance within the department of commerce and insurance and has on file a good and sufficient bond as specified in this subsection. The registration shall be effective upon receipt by the division of finance of a completed registration form and the required registration fee, and shall remain effective until the time of renewal.

(2) After filing an initial registration form, a broker shall file, on or before January thirty-first of each year, a renewal registration form along with the required renewal registration fee.

(3) The broker shall pay a one-hundred-dollar registration fee upon the filing of an initial registration and a fifty-dollar renewal registration fee upon the filing of a renewal registration.

(5) If information in a registration form changes or otherwise becomes inaccurate after filing, the broker shall not be required to file a further registration form prior to the time of renewal.

(6) Every broker shall obtain a surety bond issued by a surety company authorized to do business in this state. The amount of the bond shall be ten thousand dollars. The bond shall be in favor of the state of Missouri. Any person damaged by the broker's breach of contract or of any obligation arising therefrom, or by any violation of this section, may bring an action against the bond to recover damages suffered. The aggregate liability of the surety shall be only for actual damages and in no event shall exceed the amount of the bond.

(7) Employees regularly employed by a broker who has complied with this subsection shall not be required to file a registration or obtain a surety bond when acting within the scope of their employment for the broker.

6. Any person who violates any provision of this section after receiving written notice of a prior violation from the attorney general shall be punished by a fine of one thousand dollars per incident, not to exceed fifty thousand dollars, for all aggregated violations arising from the use of the transaction documentation or materials found to be in violation of this section.

(2) Violation of any provision of this section shall not affect the enforceability or validity of the underlying agreement.

(3) This section shall not create a private right of action against any person or other entity based upon compliance or noncompliance with its provisions.

(1) Six months after the division of finance finalizes promulgating rules, if the division intends to promulgate rules; or

(2) February 28, 2025, if the division does not intend to promulgate rules.

8. The division of finance may promulgate rules implementing this section. If the division of finance intends to promulgate rules, it shall declare its intent to do so no later than February 28, 2025. Any rule or portion

of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2024, shall be invalid and void."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-SECOND DAY, WEDNESDAY, APRIL 30, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Burt Whaley.

Dear Heavenly Father, Almighty God, Jehovah El Shaddai, who was, who is, and who is to come.

We call upon You, O LORD, and come before Your heavenly throne through prayer and petition humbly asking for Your divine wisdom, knowledge, and discernment to make decisions on this floor and this chamber of the people's house.

We asked You, O LORD, for Your blessings on these proceedings. Illuminate our path You have set before us and inspire us to seek the preservation of life, liberty, and the pursuit of happiness for all Missourians.

Equip us in every good thing to do Your will, working in us that which is pleasing in Your sight, through Jesus Christ.

Let us not be distracted by division, but unite us in brotherly love and purpose.

May the Fruits of the Spirit and Your gift of unique talents be found in each one of us and be used for the betterment of mankind.

I pray that Your mighty hand be upon each of the elected officials in this chamber as You guide and direct us in service to others.

I pray that the poor in spirit shall be lifted up, those experiencing hardship shall be comforted, the meek shall be heard, the weak shall be strengthened, and the hungry shall be fed.

We thank You, O LORD, for Your many blessings and we ask for Your continued blessing on Missouri and the United States.

We ask all these things in the name of Jesus Christ, Our Lord. And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the sixty-first day was approved as printed by the following vote:

MESSAGES FROM THE SENATE

Mr. Speaker: I am instructed by the Senate to inform the House of Representatives that the Senate has taken up and passed **HCS HBs 296 & 438** entitled:

An act to repeal sections 302.177, 302.272, and 302.735, RSMo, and to enact in lieu thereof three new sections relating to school bus endorsements.

With Senate Amendment No. 1 and Senate Amendment No. 2.

Senate Amendment No. 1

AMEND House Committee Substitute for House Bill Nos. 296 & 438, Page 1, Section Title, Line 3, by striking "bus endorsements" and inserting in lieu thereof the following:

"personnel"; and

Further amend said bill and page, Section A, Line 3, by inserting after all of said line the following:

"168.133. 1. As used in this section, "screened volunteer" shall mean any person who assists a school by providing uncompensated service and who may periodically be left alone with students. The school district **or charter school** shall ensure that a criminal background check is conducted for all screened volunteers, who shall complete the criminal background check prior to being left alone with a student. ~~[Screened volunteers include, but are not limited to, persons who regularly assist in the office or library, mentor or tutor students, coach or supervise a school-sponsored activity before or after school, or chaperone students on an overnight trip.]~~ Screened volunteers may only access student education records when necessary to assist the district and while supervised by staff members. Volunteers that are not screened shall not be left alone with a student or have access to student records.

2. (1) The school district **or charter school** shall ensure that a criminal background check is conducted on any person employed after January 1, 2005, authorized to have contact with pupils and prior to the individual having contact with any pupil. ~~[Such persons include, but are not limited to, administrators, teachers, aides, paraprofessionals, assistants, secretaries, custodians, cooks, screened volunteers, and nurses.]~~

(2) The school district **or charter school** shall also ensure that a criminal background check is conducted for school bus drivers **and drivers of other vehicles owned by the school district or charter school or operated under contract with a school district or charter school and used for the purpose of transporting school children**. The school district **or charter school** may allow such drivers to operate buses pending the result of the criminal background check. ~~[For bus drivers.]~~ The school district **or charter school** shall be responsible for conducting the criminal background check on drivers employed by the school district **or charter school under section 43.540**.

(3) For drivers employed **or contracted** by a pupil transportation company under contract with the school district **or the charter school**, the criminal background check shall be conducted **by the pupil transportation company** pursuant to section ~~[43.540]~~ **43.539** and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act.

(4) Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have

received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement.

(5) A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

3. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

4. The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

5. The department of elementary and secondary education shall facilitate an annual check of employed persons holding current active certificates under section 168.021 against criminal history records in the central repository under section 43.530, the sexual offender registry under sections 589.400 to 589.426, and child abuse central registry under sections 210.109 to 210.183. The department of elementary and secondary education shall facilitate procedures for school districts to submit personnel information annually for persons employed by the school districts who do not hold a current valid certificate who are required by subsection 1 of this section to undergo a criminal background check, sexual offender registry check, and child abuse central registry check. The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

6. The school district may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

7. If, as a result of the criminal history background check mandated by this section, it is determined that the holder of a certificate issued pursuant to section 168.021 has pled guilty or nolo contendere to, or been found guilty of a crime or offense listed in section 168.071, or a similar crime or offense committed in another state, the United States, or any other country, regardless of imposition of sentence, such information shall be reported to the department of elementary and secondary education.

8. Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

9. For any teacher who is employed by a school district on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this subsection shall be construed as prohibiting or otherwise restricting a school district from requiring additional background checks for such teachers employed by the school district.

10. A criminal background check and fingerprint collection conducted under subsections 1 to 3 of this section shall be valid for at least a period of one year and transferrable from one school district to another district. A school district may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 to 3 **of this section** for a newly hired employee at the district's expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

11. Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

12. The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void."; and

Further amend the title and enacting clause accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

SIXTY-THIRD DAY, THURSDAY, MAY 1, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we come to Your throne of Grace this day to humbly ask for Your favor as we go about the people's business in the House of Representatives.

We ask for wisdom, clarity of thought, and a sense of Your Holy Spirit's presence, as we navigate sometimes muddy waters.

Help us to not become weary in well doing, but empower us for service.

We ask these things in the matchless name of Jesus, and the House said, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Mia Lê Schackelford and William Meyers.

The Journal of the sixty-second day was approved as printed by the following vote:

12. (1) There is hereby created in the state treasury the "Public Safety Recruitment and Retention Fund", which shall consist of moneys appropriated by the general assembly or any gifts, donations, or bequests for the purpose of implementing the provisions of this section and section 173.2660. 14. The tuition awards provided for in this section and section 173.2660 are subject to appropriation. If there are no moneys in the fund established in subsection 12 of this section, no tuition awards shall be granted."; and

Further amend said bill, Pages 13-14, Section 173.2660, Lines 1-36, by deleting said lines and inserting in lieu thereof the following:

"173.2660. 1. Each legal dependent who is a tuition award recipient pursuant to the provisions of section 173.2655 shall execute an agreement as provided in this section. Such agreement shall include the following terms, as appropriate:

(1) The tuition award recipient agrees to reside within the state of Missouri for a period of five years following the use of the tuition award;

(2) Each year during the five-year period following use of the tuition award, the tuition award recipient agrees to file a state income tax return and provide a copy of such tax return to the department to document that such recipient still resides in the state of Missouri;

(3) If the tuition award recipient fails to annually file a tax return to prove residency in the state of Missouri for the five-year period following the use of the tuition award or fails to remain a resident of Missouri for the five-year period following the use of the tuition award, the tuition award recipient agrees that the tuition award shall be treated as a loan to such recipient, subject to the following conditions:

(a) Interest shall be charged on the unpaid balance of the amount received from the date the recipient ceases to reside in Missouri until the amount received is paid back to the state. The interest rate shall be adjusted annually and shall be equal to one percentage point over the prevailing United States prime rate in effect on January first of such year; and

(b) The servicer of such loans shall be the higher education loan authority of the state of Missouri created pursuant to sections 173.350 to 173.445; and

(4) Any residency, filing, or payment obligation incurred by the tuition award recipient under section 173.2655 is canceled in the event of the tuition award recipient's total and permanent disability or death.

If such changed benefit program provides smaller allowances than the benefit program previously in effect, then such changed benefit program shall be applicable only to credited service for employment rendered from and after the effective date of such change. After August 28, 1994, political subdivisions shall not elect coverage under benefit program LT-4, benefit program LT-5, or benefit program LT-8. After August 28, 2005, political subdivisions shall not elect coverage under benefit program L-9 or benefit program LT-10(65).

5. Should an employer change its election of benefit program as provided in this section, the employer contributions shall be correspondingly changed effective the same date as the benefit program change.

6. The limitation on increases in an employer's contribution provided by subsection 6 of section 70.730 shall not apply to any contribution increase resulting from an employer electing a benefit program which provides larger allowances.

7. Subject to the provisions of subsections **8 and 9** ~~and 10~~ of this section, for an allowance becoming effective on September 28, 1975, or later, and beginning with the October first which is at least twelve full months after the effective date of the allowance, the amount of the allowance shall be redetermined effective each October first and such redetermined amount shall be payable for the ensuing year. Subject to the limitations stated in the next sentence, such redetermined amount shall be the amount of the allowance otherwise payable multiplied by the following percent: one hundred percent, plus two percent for each full year (excluding any fraction of a year) in the

period from the effective date of the allowance to the current October first. In no event shall such redetermined amount (1) be less than the amount of the allowance otherwise payable nor (2) be more than the amount of the allowance otherwise payable multiplied by the following fraction: the numerator shall be the Consumer Price Index for the month of June immediately preceding such October first (but in no event an amount less than the denominator below) and the denominator shall be the Consumer Price Index for the month of June immediately preceding the effective date of the allowance. As used herein, "Consumer Price Index" means **a measure of the Consumer Price Index** ~~[for Urban Wage Earners and Clerical Workers,]~~ as determined by the United States Department of Labor and **adopted by the board of trustees** ~~[in effect January 1, 1975; provided, should such Consumer Price Index be restructured subsequent to 1974 in a manner materially changing its character, the board shall change the application of the Consumer Price Index so that as far as is practicable the 1975 intent of the use of the Consumer Price Index shall be continued].~~ As used herein "the amount of the allowance otherwise payable" means the amount of the allowance which would be payable without regard to these provisions redetermining allowance amounts after retirement.

8. ~~[Subject to the provisions of subsections 9 and 10 of this section, for an allowance becoming effective on September 28, 1975, or later, the maximum allowance payable under the provisions of section 70.685 shall be redetermined each October first in the same manner as an allowance is redetermined under the provisions of subsection 7 of this section.]~~

~~9.]~~ (1) The system establishes reserves for the payment of future allowances to retirants and beneficiaries. Should the board determine, after consulting with the actuary, that the established reserves are more than sufficient to provide such allowances, the board may increase the annual increase rate provided for in ~~[subsections]~~ **subsection 7** ~~[and 8]~~ of this section, as it applies to any allowance payable, but in no event shall the total of all redetermined amounts as of October first of any year be greater than one hundred four percent of the allowances which would have been payable that October first without such redeterminations; provided, as of any redetermination date the same annual increase rate shall be applied to all allowances with effective dates in the range of November first to October first of the following year. The board may extend the provisions of ~~[subsections]~~ **subsection 7** ~~[and 8]~~ of this section to allowances which became effective before September 28, 1975; provided such an action by the board shall not increase an employer contribution rate then in effect;

(2) After August 28, 1993, the annual increase rate established by this subsection shall be a compound rate, compounded annually, and the four percent annual maximum rate shall also be a compound rate, compounded annually; provided, the use of such compounding shall not begin until October 1, 1993, and shall not affect redeterminations made prior to that date.

~~[40.]~~ **9.** Should the board determine that the provisions of subsections 7~~[, 8]~~ and ~~9]~~ **8** of this section are jeopardizing the financial solvency of the system, the board shall suspend these provisions redetermining allowance amounts after retirement for such periods of time as the board deems appropriate.

70.680. 1. Any member in service with five or more years of credited service who has not attained the age and service requirements of section 70.645 and who becomes totally and permanently physically or mentally incapacitated for his duty as an employee, as the result of a personal injury or disease, may be retired by the board upon written application filed with the board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of such member, and the third by the first two physicians so named, the medical committee reports to the board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent and that such member should be retired.

2. Upon disability retirement, as provided in subsection 1 of this section, a member shall receive an allowance for life provided for in section 70.655 and shall have the right to elect an option provided for in section 70.660. His or her disability retirement and allowance shall be subject to the provisions of subsection 5 of this section ~~[and to the provisions of section 70.685].~~

3. Any member in service who becomes totally and permanently physically or mentally incapacitated for his duty as an employee, as the natural and proximate result of a personal injury or disease which the board finds to have arisen out of and in the course of his actual performance of duty as an employee, may be retired by the board upon written application filed with the board by or on behalf of the member; provided, that after a medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of such member, and the third by the first two physicians so named, the medical committee reports to the board, by majority opinion in writing, that such member is physically or mentally totally incapacitated for the further performance of duty, that such incapacity will probably be permanent, and that such member should be retired.

4. Upon disability retirement as provided in subsection 3 of this section, a member shall receive an allowance for life provided for in section 70.655; provided, that for the sole purpose of computing the amount of such allowance, he or she shall be given credited service for the period from the date of his or her disability retirement to the date he or she would attain age sixty. He or she shall have the right to elect an option provided for in section 70.660. His or her disability retirement and allowance shall be subject to the provisions of subsection 5 of this section ~~and to the provisions of section 70.685~~.

5. At least once each year during the first five years following a member's retirement on account of disability, and at least once in each three-year period thereafter, the board shall require any disability retirant who has not attained his minimum service retirement age to undergo a medical examination to be made by a physician designated by the board. If the retirant refuses to submit to medical examination in any such period, his disability allowance shall be suspended by the board until his withdrawal of such refusal. If such refusal continues for one year, all his rights in and to a disability allowance shall be revoked by the board. If, upon medical examination of the retirant, the physician reports to the board that the retirant is physically and mentally able and capable of resuming his duty as an employee in the position held by him at the time of his disability retirement, then the board shall, if demanded by the retirant, arrange a further medical examination of such member made by or under the direction of a medical committee consisting of three physicians, one of whom shall be selected by the board, one by or on behalf of the member, and the third by the first two physicians named. Should the medical committee concur, by majority opinion in writing to the board, the disability retirant is capable of resumption of duty, his disability retirement shall terminate and he shall be returned to duty and he shall immediately again become a member of the system, his credited service at the time of disability retirement shall be restored to his credit, and the amount of his accumulated contributions at the time of his disability retirement shall be restored to his credit in the members deposit fund. If he was in receipt of a duty disability allowance provided for in subsection 3 of this section, he shall also be given service credit for the period he was in receipt of the duty disability allowance.

70.690. 1. In the event a member ceases to be a member other than by death before the date he becomes entitled to retire with an allowance payable by the system, he shall be paid, upon his written application filed with the board, his accumulated contributions standing to his credit in the members deposit fund.

2. In the event a member dies, and no allowance becomes or will become payable by the system on account of his death, his accumulated contributions standing to his credit in the members deposit fund at the time of his death shall be paid to such person or persons as he shall have nominated by written designation duly executed and filed with the board. If there be no such designated person or persons surviving such member, such accumulated contributions shall be paid to his surviving spouse, or to his estate if there is no surviving spouse.

3. In the event a member's membership in the system terminates, and no allowance becomes or will become payable on his account, any accumulated contributions standing to his credit in the members deposit fund unclaimed by such member or his legal representative within ~~three~~ ten years after the date his membership terminated, shall be transferred to the income-expense fund. If thereafter proper application is made for such accumulated contributions, the board shall pay them from the income-expense fund, but without interest after the date payment was first due.

70.745. 1. The board shall be the trustees of the funds of the system. Subject to the provisions of any applicable federal or state laws, the board shall have full power to invest and reinvest the moneys of the system, and to hold, purchase, sell, assign, transfer or dispose of any of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys.

2. The board of trustees may deliberate about, or make tentative or final decisions on, investments or other financial matters in a closed meeting under chapter 610 if disclosure of the deliberations or decisions would jeopardize the ability to implement a decision or to achieve investment objectives. A record of the retirement system that discloses deliberations about, or a tentative decision on, investments or other financial matters is not a public record under chapter 610 to the extent and so long as its disclosure would jeopardize the ability to implement a decision or to achieve investment objectives.

70.746. Notwithstanding any other provision of law to the contrary, the board of trustees may delegate to its duly appointed investment counselor authority to act in place of the board in the investment and reinvestment of all or part of the moneys of the system, and may also delegate to such counselor the authority to act in place of the board in the holding, purchasing, selling, assigning, transferring, or disposing of any or all of the securities and investments in which such moneys shall have been invested, as well as the proceeds of such investments and such moneys. ~~[Such investment counselor shall be registered as an investment advisor with the United States Securities and Exchange Commission.]~~ In exercising or delegating its investment powers and authority, members of the board shall exercise ordinary business care

and prudence under the facts and circumstances prevailing at the time of the action or decision. In so doing, the board shall consider the long- and short-term needs of the system in carrying out its purposes, the system's present and anticipated financial requirements, the expected total return on the system's investment, general economic conditions, income, growth, long-term net appreciation, and probable safety of funds. No member of the board shall be liable for any action taken or omitted with respect to the exercise of or delegation of these powers and authority if such member shall have discharged the duties of his or her position in good faith and with that degree of diligence, care, and skill which prudent men and women would ordinarily exercise under similar circumstances in a like position.

70.747. Notwithstanding any other provision of law to the contrary, the board shall have full power to invest and reinvest the funds and moneys of the system in improved real estate, including collective real estate funds and real estate investment trusts, wherever situated~~[-; provided, however, that not more than one-tenth of the funds and moneys of the system at the time of such investment shall be so invested].~~

2. For the purpose of investing the funds of the retirement system, the funds may be combined with the funds of any retirement plan that is administered by the retirement system under section 70.621 and any retirement plan established for the purpose of providing benefits for employees of the system, but the funds of each plan shall be accounted for separately and for all other reporting purposes shall be separate.

3. The board of trustees may promulgate such rules and regulations consistent with the provisions of this section as deemed necessary for its proper administration, pursuant to the provisions of this section and this chapter. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2025, shall be invalid and void.

Further amend said bill, Page 14, Section 190.106, Line 20, by inserting after said section and line the following:

"191.227. 1. All physicians, chiropractors, hospitals, dentists, and other duly licensed practitioners in this state, herein called "providers", shall, upon written request of a patient, or guardian or legally authorized representative of a patient, furnish a copy of his or her record of that patient's health history and treatment rendered to the person submitting a written request, except that such right shall be limited to access consistent with the patient's condition and sound therapeutic treatment as determined by the provider. Beginning August 28, 1994, such record shall be furnished within a reasonable time of the receipt of the request therefor and upon payment of a fee as provided in this section.

2. Health care providers may condition the furnishing of the patient's health care records to the patient, the patient's authorized representative or any other person or entity authorized by law to obtain or reproduce such records upon payment of a fee for:

(1) (a) Search and retrieval, in an amount not more than twenty-four dollars and eighty-five cents plus copying in the amount of fifty-seven cents per page for the cost of supplies and labor plus, if the health care provider has contracted for off-site records storage and management, any additional labor costs of outside storage retrieval, not to exceed twenty-three dollars and twenty-six cents, as adjusted annually pursuant to subsection 6 of this section; or

(b) The records shall be furnished electronically upon payment of the search, retrieval, and copying fees set under this section at the time of the request or one hundred eight dollars and eighty-eight cents total, whichever is less, if such person:

a. Requests health records to be delivered electronically in a format of the health care provider's choice;
b. The health care provider stores such records completely in an electronic health record; and
c. The health care provider is capable of providing the requested records and affidavit, if requested, in an electronic format;

(2) Postage, to include packaging and delivery cost;

(3) Notary fee, not to exceed two dollars, if requested.

Such fee shall be the fee in effect on February 1, 2018, increased or decreased annually under this section.

3. For purposes of subsections 1 and 2 of this section, "a copy of his or her record of that patient's health history and treatment rendered" or "the patient's health care records" includes a statement or record that no such health history or treatment record responsive to the request exists.

4. Notwithstanding provisions of this section to the contrary, providers may charge for the reasonable cost of all duplications of health care record material or information which cannot routinely be copied or duplicated on a standard commercial photocopy machine.

5. The transfer of the patient's record done in good faith shall not render the provider liable to the patient or any other person for any consequences which resulted or may result from disclosure of the patient's record as required by this section.

6. Effective February first of each year, the fees listed in subsection 2 of this section shall be increased or decreased annually based on the annual percentage change in the unadjusted, U.S. city average, annual average inflation rate of the medical care component of the Consumer Price Index for All Urban Consumers (CPI-U). The current reference base of the index, as published by the Bureau of Labor Statistics of the United States Department of Labor, shall be used as the reference base. 7. A health care provider may disclose a deceased patient's health care records or payment records to the executor or administrator of the deceased person's estate, or pursuant to a valid, unrevoked power of attorney for health care that specifically directs that the deceased person's health care records be released to the agent after death. If an executor, administrator, or agent has not been appointed, the deceased prior to death did not specifically object to disclosure of his or her records in writing, and such disclosure is not inconsistent with any prior expressed preference of the deceased that is known to the health care provider, a deceased patient's health care records may be released upon written request of a person who is deemed as the personal representative of the deceased person under this subsection. Priority shall be given to the deceased patient's spouse and the records shall be released on the affidavit of the surviving spouse that he or she is the surviving spouse. If there is no surviving spouse, the health care records may be released to one of the following persons:

(4) An adult brother or sister of the deceased patient on the affidavit of the adult brother or sister that he or she is the adult brother or sister of the deceased;

(5) A guardian or conservator of the deceased patient at the time of the patient's death on the affidavit of the guardian or conservator that he or she is the guardian or conservator of the deceased; or

(6) A guardian ad litem of the deceased's minor child based on the affidavit of the guardian that he or she is the guardian ad litem of the minor child of the deceased.

8. (1) Records containing a patient's health history and treatment created by an emergency care provider, as defined in section 191.630, or a telecommunicator first responder, as defined in section 650.320, in the course of the provider's or responder's official duties while responding to a formal request for assistance shall be made available, upon written request, to any person authorized to obtain the patient's health care records under the provisions of this section, or in response to a subpoena or court order.

(2) The furnishing of health care records under this subsection may be conditioned upon the payment of a fee in an amount equal to the fee allowed for the furnishing of any other health care record under this section.

(3) Personal health information, including patient health history and treatment, shall not be considered a public record, as described under chapter 610. Nothing in this section shall limit the release of information or public records with personal health information that is redacted regarding the general nature of the event.

If the federal fees exceed or are equal to what would otherwise be owed under this subsection, such employer shall not be liable for state fees under this subsection. In relation to petroleum products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum products. For the purpose of calculating fees, all grades of gasoline are considered to be one product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and all other heavy distillate products except for grades of gasoline are considered to be one product, and all varieties of motor lubricating oil are considered to be one product. If more than three hazardous substances or mixtures are reported on the Tier II form, the employer shall submit an additional twenty-dollar fee for each hazardous substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, whichever is less, or for explosives or blasting agents on hand at any one time in excess of one hundred pounds. However, no employer shall pay more than ten thousand dollars per year in fees. Moneys acquired through litigation and any administrative fees paid pursuant to subsection 3 of this section shall not be applied toward this cap.

(2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate.

(3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission.

(4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235 exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning

committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.

4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.

5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

6. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

7. **A one-time fee shall be assessed in accordance with subsection 2 of this section and shall be calculated based on the filing due on March 1, 2025, and shall be paid by November 1, 2025."**; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

Senate Amendment No. 1

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 754, Page 1, Section A, Line 6, by inserting after all of said line the following:

"143.081. 1. A resident individual, resident estate, and resident trust shall be allowed a credit against the tax otherwise due pursuant to sections 143.005 to 143.998 for the amount of any income tax imposed for the taxable year by another state of the United States (or a political subdivision thereof) or the District of Columbia on income derived from sources therein and which is also subject to tax pursuant to sections 143.005 to 143.998. For purposes of this subsection, the phrase "income tax imposed" shall be that amount of tax before any income tax credit allowed by such other state or the District of Columbia if the other state or the District of Columbia authorizes a reciprocal benefit for residents of this state.

2. The credit provided pursuant to this section shall not exceed an amount which bears the same ratio to the tax otherwise due pursuant to sections 143.005 to 143.998 as the amount of the taxpayer's Missouri adjusted gross income derived from sources in the other jurisdiction bears to the taxpayer's Missouri adjusted gross income derived from all sources. In applying the limitation of the previous sentence to an estate or trust, Missouri taxable income shall be substituted for Missouri adjusted gross income. If the tax of more than one other jurisdiction is imposed on the same item of income, the credit shall not exceed the limitation that would result if the taxes of all the other jurisdictions applicable to the item were deemed to be of a single jurisdiction. The provisions of this subsection shall apply to any credit allowed under this section, **provided that such credit shall be allowed under this section with respect to any estate or trust to the extent its Missouri adjusted gross income is excluded from Missouri taxable income pursuant to the subtraction set forth in subsection 3 of section 143.341.**

3. (1) For the purposes of this section, in the case of an S corporation, each resident S shareholder shall be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state which does not measure the income of shareholders on an S corporation by reference to the income of the S corporation or where a composite return and composite payments are made in such state on behalf of the S shareholders by the S corporation.

(2) A resident S shareholder shall be eligible for a credit issued pursuant to this section in an amount equal to the individual income tax imposed pursuant to this chapter on such shareholder's share of the S corporation's income derived from sources in another state of the United States or the District of Columbia, and which is subject to income tax pursuant to this chapter but is not subject to income tax in such other jurisdiction or a political subdivision thereof.

4. For purposes of subsection 3 of this section, in the case of an S corporation that is a bank chartered by a state, the Office of Thrift Supervision, or the comptroller of currency, each Missouri resident S shareholder of such out-of-state bank shall qualify for the shareholder's pro rata share of any net tax paid, including a bank franchise tax based on the income of the bank, by such S corporation where bank payment of taxes are made in such state on behalf of the S shareholders by the S bank to the extent of the tax paid.

143.341. 1. The Missouri taxable income of a resident estate or trust means its federal taxable income subject to the modifications in this section.

2. There shall be subtracted the amount if any that the federal personal exemption deduction allowable to the estate or trust exceeds its federal taxable income without its personal exemption deduction.

3. For all tax years beginning on or after January 1, 2026, there shall be subtracted that amount included in Missouri taxable income of the estate or trust that would not be included as Missouri taxable income if said estate or trust were considered a nonresident estate or trust as defined in section 143.371. This subtraction shall only apply to the extent it is not a determinant of the federal distributable net income of the estate or trust.

~~[3-]~~ 4. There shall be added or subtracted, as the case may be, the modifications described in sections 143.121 and 143.141, and there shall be subtracted the federal income tax deduction provided in section 143.171. These additions and subtractions shall only apply to the extent that they are not determinants of the federal distributable net income of the estate or trust.

~~[4-]~~ 5. There shall be added or subtracted, as the case may be, the share of the estate or trust in the fiduciary adjustment determined under section 143.351."; and

Further amend said bill, Page 30, Section 427.300, Line 317, by inserting after all of said line the following:

"456.1-108. 1. Without precluding other means for establishing a sufficient connection with the designated jurisdiction, terms of a trust designating the principal place of administration are valid and controlling if:

(1) a trustee's principal place of business is located in or a trustee is a resident of the designated jurisdiction; or

(2) all or part of the administration occurs in the designated jurisdiction.

2. Without precluding the right of the court to order, approve, or disapprove a transfer, the trustee may transfer the trust's principal place of administration to another state or to a jurisdiction outside of the United States that is appropriate to the trust's purposes, its administration, and the interests of the beneficiaries.

5. In connection with a transfer of the trust's principal place of administration, the trustee may transfer some or all of the trust property to a successor trustee designated in the terms of the trust or appointed pursuant to section 456.7-704.

456.10-1005. 1. A beneficiary ~~[may]~~ **shall** not commence a proceeding against a trustee for breach of trust more than one year after the last to occur of the date the beneficiary or a representative of the beneficiary was sent a report that adequately disclosed the existence of a potential claim for breach of trust and the date the trustee informed the beneficiary of the time allowed for commencing a proceeding with respect to any potential claim adequately disclosed on the report.

2. A report adequately discloses the existence of a potential claim for breach of trust if it provides sufficient information so that the beneficiary or representative knows of the potential claim or should have inquired into its existence.

3. If subsection 1 of this section does not apply, a judicial proceeding by a beneficiary against a trustee for breach of trust ~~[must]~~ **shall** be commenced within five years after the first to occur of:

3. If there is evidence that a testator signed an electronic will and neither the electronic will nor a certified paper copy of the electronic will can be located after a testator's death, there shall be a presumption that the testator revoked the electronic will, even if no instrument or later will revoking the electronic will can be located.

474.554. If the electronic will is made self-proving, the certified paper copy of the will shall include a self-proving affidavit as provided in sections 474.337 or 474.550.

2. If a provision of law or rule of procedure requires a will to be presented or retained in its original form or provides legal consequences for the information not being presented or retained in its original form, that provision or rule shall be satisfied by a certified paper copy of an electronic will.

(2) An individual may create a certified paper copy of any such electronic estate planning document by affirming under penalty of perjury that a paper copy of the electronic estate planning document is a complete, true, and accurate copy of such document. 2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

Senate Amendment No. 5

AMEND Senate Substitute for Senate Committee Substitute for House Bill No. 754, Page 1, Section A, Line 6, by inserting after all of said line the following:

"32.115. 1. The department of revenue shall grant a tax credit, to be applied in the following order until used, against:

(1) The annual tax on gross premium receipts of insurance companies in chapter 148;

(2) The tax on banks determined pursuant to subdivision (2) of subsection 2 of section 148.030;

(3) The tax on banks determined in subdivision (1) of subsection 2 of section 148.030;

(4) The tax on other financial institutions in chapter 148;

(5) The corporation franchise tax in chapter 147;

- (6) The state income tax in chapter 143; and
- (7) The annual tax on gross receipts of express companies in chapter 153.

2. For proposals approved pursuant to section 32.110:

(1) The amount of the tax credit shall not exceed fifty percent of the total amount contributed during the taxable year by the business firm or, in the case of a financial institution, where applicable, during the relevant income period in programs approved pursuant to section 32.110;

(2) Except as provided in subsection 2 or 5 of this section, a tax credit of up to seventy percent may be allowed for contributions to programs where activities fall within the scope of special program priorities as defined with the approval of the governor in regulations promulgated by the director of the department of economic development;

(3) Except as provided in subsection 2 or 5 of this section, the tax credit allowed for contributions to programs located in any community shall be equal to seventy percent of the total amount contributed where such community is a city, town or village which has fifteen thousand or less inhabitants as of the last decennial census and is located in a county which is either located in:

- (a) An area that is not part of a standard metropolitan statistical area;
- (b) A standard metropolitan statistical area but such county has only one city, town or village which has more than fifteen thousand inhabitants; or
- (c) A standard metropolitan statistical area and a substantial number of persons in such county derive their income from agriculture.

Such community may also be in an unincorporated area in such county as provided in subdivision (1), (2) or (3) of this subsection. Except in no case shall the total economic benefit of the combined federal and state tax savings to the taxpayer exceed the amount contributed by the taxpayer during the tax year;

(4) Such tax credit allocation, equal to seventy percent of the total amount contributed, shall not exceed four million dollars in fiscal year 1999 and six million dollars in fiscal year 2000 and any subsequent fiscal year. When the maximum dollar limit on the seventy percent tax credit allocation is committed, the tax credit allocation for such programs shall then be equal to fifty percent credit of the total amount contributed. Regulations establishing special program priorities are to be promulgated during the first month of each fiscal year and at such times during the year as the public interest dictates. Such credit shall not exceed two hundred and fifty thousand dollars annually except as provided in subdivision (5) of this subsection. No tax credit shall be approved for any bank, bank and trust company, insurance company, trust company, national bank, savings association, or building and loan association for activities that are a part of its normal course of business. Any tax credit not used in the period the contribution was made may be carried over the next five succeeding calendar or fiscal years until the full credit has been claimed. Except as otherwise provided for proposals approved pursuant to sections 32.111, 32.112 or 32.117, in no event shall the total amount of all other tax credits allowed pursuant to sections 32.100 to 32.125 exceed thirty-two million dollars in any one fiscal year, of which six million shall be credits allowed pursuant to section 135.460. If six million dollars in credits are not approved, then the remaining credits may be used for programs approved pursuant to sections 32.100 to 32.125;

(5) The credit may exceed two hundred fifty thousand dollars annually and shall not be limited if community services, crime prevention, education, job training, physical revitalization or economic development, as defined by section 32.105, is rendered in an area defined by federal or state law as an impoverished, economically distressed, or blighted area or as a neighborhood experiencing problems endangering its existence as a viable and stable neighborhood, or if the community services, crime prevention, education, job training, physical revitalization or economic development is limited to impoverished persons.

3. For proposals approved pursuant to section 32.111:

(1) The amount of the tax credit shall not exceed fifty-five percent of the total amount invested in affordable housing assistance activities or market rate housing in distressed communities as defined in section 135.530 by a business firm. Whenever such investment is made in the form of an equity investment or a loan, as opposed to a donation alone, tax credits may be claimed only where the loan or equity investment is accompanied by a donation which is eligible for federal income tax charitable deduction, and where the total value of the tax credits herein plus the value of the federal income tax charitable deduction is less than or equal to the value of the donation. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. If the affordable housing units or market rate housing units in distressed communities for which a tax is claimed are within a larger structure, parts of which are not the subject of a tax credit claim, then expenditures applicable to the entire structure shall be reduced on a prorated basis

in proportion to the ratio of the number of square feet devoted to the affordable housing units or market rate housing units in distressed communities, for purposes of determining the amount of the tax credit. The total amount of tax credit granted for programs approved pursuant to section 32.111 for the fiscal year beginning July 1, 1991, shall not exceed two million dollars, to be increased by no more than two million dollars each succeeding fiscal year, until the total tax credits that may be approved reaches ten million dollars in any fiscal year;

(2) For any year during the compliance period indicated in the land use restriction agreement, the owner of the affordable housing rental units for which a credit is being claimed shall certify to the commission that all tenants renting claimed units are income eligible for affordable housing units and that the rentals for each claimed unit are in compliance with the provisions of sections 32.100 to 32.125. The commission is authorized, in its discretion, to audit the records and accounts of the owner to verify such certification;

(3) In the case of owner-occupied affordable housing units, the qualifying owner occupant shall, before the end of the first year in which credits are claimed, certify to the commission that the occupant is income eligible during the preceding two years, and at the time of the initial purchase contract, but not thereafter. The qualifying owner occupant shall further certify to the commission, before the end of the first year in which credits are claimed, that during the compliance period indicated in the land use restriction agreement, the cost of the affordable housing unit to the occupant for the claimed unit can reasonably be projected to be in compliance with the provisions of sections 32.100 to 32.125. Any succeeding owner occupant acquiring the affordable housing unit during the compliance period indicated in the land use restriction agreement shall make the same certification;

(4) If at any time during the compliance period the commission determines a project for which a proposal has been approved is not in compliance with the applicable provisions of sections 32.100 to 32.125 or rules promulgated therefor, the commission may within one hundred fifty days of notice to the owner either seek injunctive enforcement action against the owner, or seek legal damages against the owner representing the value of the tax credits, or foreclose on the lien in the land use restriction agreement, selling the project at a public sale, and paying to the owner the proceeds of the sale, less the costs of the sale and less the value of all tax credits allowed herein. The commission shall remit to the director of revenue the portion of the legal damages collected or the sale proceeds representing the value of the tax credits. However, except in the event of intentional fraud by the taxpayer, the proposal's certificate of eligibility for tax credits shall not be revoked.

4. For proposals approved pursuant to section 32.112, the amount of the tax credit shall not exceed fifty-five percent of the total amount contributed to a neighborhood organization by business firms. Any tax credit not used in the period for which the credit was approved may be carried over the next ten succeeding calendar or fiscal years until the full credit has been allowed. The total amount of tax credit granted for programs approved pursuant to section 32.112 shall not exceed one million dollars for each fiscal year. **For any fiscal year in which the total amount of tax credits authorized for programs approved pursuant to section 32.111 is less than ten million dollars, such amount not authorized may be authorized for programs approved pursuant to section 32.112 during the same fiscal year, provided that the total combined amount of tax credits for programs approved pursuant to sections 32.111 and 32.112 during the fiscal year does not exceed eleven million dollars.**

5. The total amount of tax credits used for market rate housing in distressed communities pursuant to sections 32.100 to 32.125 shall not exceed thirty percent of the total amount of all tax credits authorized pursuant to sections 32.111 and 32.112. "; and

The state university shall establish a separate custodial account at a financial institution in which the amounts in the seminary fund shall be deposited and held. Further amend said bill, Page 10, Section 173.2572, Line 11, by inserting after all of said section and line the following:

"174.160. **1.** The board of regents of each state college and each state teachers college shall have power and authority to confer upon students, by diploma under the common seal, such degrees as are usually granted by such colleges, and additional degrees only when authorized by the coordinating board for higher education in circumstances in which offering such degree would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high-quality manner. In the case of nonresearch doctoral degrees in allied health professions, an institution may be authorized to offer such degree independently if offering it in collaboration with another institution would not increase the quality of the program or allow it to be delivered more efficiently. Such boards shall have the power and authority to confer degrees in engineering only in collaboration with the University of Missouri, provided that such collaborative agreements are approved by the governing board of each institution and that in these instances the University of Missouri will be the degree-granting institution. Should the University of Missouri decline to collaborate in the offering of such programs, one of these institutions may seek approval of the program through the coordinating board for higher education's comprehensive review process when doing so would not unnecessarily duplicate an existing program, collaboration is not feasible or a viable means of meeting the needs of students and employers, and the institution has the academic and financial capacity to offer the program in a high-quality manner.

2. Notwithstanding sections 172.280 and 174.225, the board of governors of Missouri State University shall have the power and authority to grant doctor of philosophy degrees in disciplines other than engineering and to grant bachelor of science degrees in veterinary technology."; and

Further amend said bill, Page 30, Section 170.012, Line 22, by inserting after all of the said section and line the following:

~~"[172.651. Whenever any bond or securities which are held in the seminary fund shall mature, the state treasurer, upon order of the board of curators of the state university, shall present the same for payment, and shall hold the proceeds thereof as part of the seminary fund, and such proceeds shall be immediately reinvested as in sections 172.610 to 172.720 provided.]~~

~~[172.660. 1. AMEND House Committee Substitute for House Bill No. 916, Page 2, Section 208.247, Line 42, by inserting after said section and line the following:

"217.690. 1. All releases or paroles shall issue upon order of the parole board, duly adopted.

2. Before ordering the parole of any offender, the parole board shall conduct a validated risk and needs assessment and evaluate the case under the rules governing parole that are promulgated by the parole board. The parole board shall then have the offender appear before a hearing panel and shall conduct a personal interview with him or her, unless waived by the offender, or if the guidelines indicate the offender may be paroled without need for an interview. The guidelines and rules shall not allow for the waiver of a hearing if a victim requests a hearing. The appearance or presence may occur by means of a videoconference at the discretion of the parole board. A parole may be ordered for the best interest of society when there is a reasonable probability, based on the risk assessment and indicators of release readiness, that the person can be supervised under parole supervision and successfully reintegrated into the community, not as an award of clemency; it shall not be considered a reduction of sentence or a pardon. Every offender while on parole shall remain in the legal custody of the department but shall be subject to the orders of the parole board.

3. The division of probation and parole has discretionary authority to require the payment of a fee, not to exceed sixty dollars per month, from every offender placed under division supervision on probation, parole, or conditional release, to waive all or part of any fee, to sanction offenders for willful nonpayment of fees, and to contract with a private entity for fee collections services. **No such fee shall be levied or accrue for the first sixty days the offender is on probation, parole, or conditional release.** All fees collected shall be deposited in the inmate fund established in section 217.430. Fees collected may be used to pay the costs of contracted collections services. The fees collected may otherwise be used to provide community corrections and intervention services for offenders. Such services include substance abuse assessment and treatment, mental health assessment and treatment, electronic monitoring services, residential facilities services, employment placement services, and other offender community corrections or intervention services designated by the division of probation and parole to assist offenders to successfully complete probation, parole, or conditional release. The division of probation and parole shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to sanctioning offenders and with respect to establishing, waiving, collecting, and using fees.

4. The parole board shall adopt rules not inconsistent with law, in accordance with section 217.040, with respect to the eligibility of offenders for parole, the conduct of parole hearings or conditions to be imposed upon paroled offenders. Whenever an order for parole is issued it shall recite the conditions of such parole.

5. When considering parole for an offender with consecutive sentences, the minimum term for eligibility for parole shall be calculated by adding the minimum terms for parole eligibility for each of the consecutive sentences, except the minimum term for parole eligibility shall not exceed the minimum term for parole eligibility for an ordinary life sentence.

6. Any offender sentenced to a term of imprisonment amounting to fifteen years or more or multiple terms of imprisonment that, taken together, amount to fifteen or more years who was under eighteen years of age at the time of the commission of the offense or offenses may be eligible for parole after serving fifteen years of incarceration, regardless of whether the case is final for the purposes of appeal, and may be eligible for reconsideration hearings in accordance with regulations promulgated by the parole board.

7. The provisions of subsection 6 of this section shall not apply to an offender found guilty of capital murder, murder in the first degree or murder in the second degree, when murder in the second degree is committed pursuant to subdivision (1) of subsection 1 of section 565.021, who was under eighteen years of age when the offender committed the offense or offenses who may be found ineligible for parole or whose parole eligibility may be controlled by section 558.047 or 565.033.

8. Any offender under a sentence for first degree murder who has been denied release on parole after a parole hearing shall not be eligible for another parole hearing until at least three years from the month of the parole denial; however, this subsection shall not prevent a release pursuant to subsection 4 of section 558.011.

9. A victim who has requested an opportunity to be heard shall receive notice that the parole board is conducting an assessment of the offender's risk and readiness for release and that the victim's input will be particularly helpful when it pertains to safety concerns and specific protective measures that may be beneficial to the victim should the offender be granted release.

10. Parole hearings shall, at a minimum, contain the following procedures:

(1) The victim or person representing the victim who attends a hearing may be accompanied by one other person;

(2) The victim or person representing the victim who attends a hearing shall have the option of giving testimony in the presence of the inmate or to the hearing panel without the inmate being present;

(3) The victim or person representing the victim may call or write the parole board rather than attend the hearing;

(4) The victim or person representing the victim may have a personal meeting with a parole board member at the parole board's central office;

(5) The judge, prosecuting attorney or circuit attorney and a representative of the local law enforcement agency investigating the crime shall be allowed to attend the hearing or provide information to the hearing panel in regard to the parole consideration; and

(6) The parole board shall evaluate information listed in the juvenile sex offender registry pursuant to section 211.425, provided the offender is between the ages of seventeen and twenty-one, as it impacts the safety of the community.

11. The parole board shall notify any person of the results of a parole eligibility hearing if the person indicates to the parole board a desire to be notified.

12. The parole board may, at its discretion, require any offender seeking parole to meet certain conditions during the term of that parole so long as said conditions are not illegal or impossible for the offender to perform. These conditions may include an amount of restitution to the state for the cost of that offender's incarceration.

13. Special parole conditions shall be responsive to the assessed risk and needs of the offender or the need for extraordinary supervision, such as electronic monitoring. The parole board shall adopt rules to minimize the conditions placed on low-risk cases, to frontload conditions upon release, and to require the modification and reduction of conditions based on the person's continuing stability in the community. Parole board rules shall permit parole conditions to be modified by parole officers with review and approval by supervisors.

14. Nothing contained in this section shall be construed to require the release of an offender on parole nor to reduce the sentence of an offender heretofore committed.

15. Beginning January 1, 2001, the parole board shall not order a parole unless the offender has obtained a high school diploma or its equivalent, or unless the parole board is satisfied that the offender, while committed to the custody of the department, has made an honest good-faith effort to obtain a high school diploma or its equivalent; provided that the director may waive this requirement by certifying in writing to the parole board that the offender has actively participated in mandatory education programs or is academically unable to obtain a high school diploma or its equivalent.

16. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void."; and

to
House Amendment No. 16

AMEND House Amendment No. 16 to House Committee Substitute for House Bill No. 916, Page 2, Line 36, by inserting after said line the following:

"Further amend said bill, Page 4, Section 221.523, Line 20, by inserting after said section and line the following:

"321.552. 1. ~~[Except in any county of the first classification with over two hundred thousand inhabitants, or any county of the first classification without a charter form of government and with more than seventy three thousand seven hundred but less than seventy three thousand eight hundred inhabitants; or any county of the first classification without a charter form of government and with more than one hundred eighty four thousand but less than one hundred eighty eight thousand inhabitants; or any county with a charter form of government with over one million inhabitants; or any county with a charter form of government with over two hundred eighty thousand inhabitants but less than three hundred thousand inhabitants,]~~ The governing body of any ambulance or fire protection district may impose a sales tax in an amount up to ~~[one-half of]~~ one percent on all retail sales made in such ambulance or fire protection district which are subject to taxation pursuant to the provisions of sections 144.010 to 144.525 provided that such sales tax shall be accompanied by a reduction in the district's tax rate as defined in section 137.073. The tax authorized by this section shall be in addition to any and all other sales taxes allowed by law, except that no sales tax imposed pursuant to the provisions of this section shall be effective unless the governing body of the ambulance or fire protection district submits to the voters of such ambulance or fire protection district, at a municipal or state general, primary or special election, a proposal to authorize the governing body of the ambulance or fire protection district to impose a tax pursuant to this section.

2. The ballot of submission shall contain, but need not be limited to, the following language:

Shall _____ (insert name of ambulance or fire protection district) impose a sales tax of _____ (insert amount up to ~~[one-half of]~~ one percent) for the purpose of providing revenues for the operation of the _____ (insert name of ambulance or fire protection district) and the total property tax levy on properties in the _____ (insert name of the ambulance or fire protection district) shall be reduced annually by an amount which reduces property tax revenues by an amount equal to fifty percent of the previous year's revenue collected from this sales tax?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "YES". If you are opposed to the question, place an "X" in the box opposite "NO".

3. If a majority of the votes cast on the proposal by the qualified voters voting thereon are in favor of the proposal, then the sales tax authorized in this section shall be in effect and the governing body of the ambulance or fire protection district shall lower the level of its tax rate by an amount which reduces property tax revenues by an amount equal to fifty percent of the amount of sales tax collected in the preceding year. If a majority of the votes cast by the qualified voters voting are opposed to the proposal, then the governing body of the ambulance or fire protection district shall not impose the sales tax authorized in this section unless and until the governing body of such ambulance or fire protection district resubmits a proposal to authorize the governing body of the ambulance or fire protection district to impose the sales tax authorized by this section and such proposal is approved by a majority of the qualified voters voting thereon.

4. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund, and be used solely for the purposes specified in the proposal submitted pursuant to this section for so long as the tax shall remain in effect.

5. All sales taxes collected by the director of revenue pursuant to this section, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, shall be deposited in a special trust fund, which is hereby created, to be known as the "Ambulance or Fire Protection District Sales Tax Trust Fund". The moneys in the ambulance or fire protection district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust and the amount

collected in each district imposing a sales tax pursuant to this section, and the records shall be open to inspection by officers of the county and to the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the governing body of the district which levied the tax; such funds shall be deposited with the board treasurer of each such district.

6. The director of revenue may make refunds from the amounts in the trust fund and credit any district for erroneous payments and overpayments made, and may redeem dishonored checks and drafts deposited to the credit of such district. If any district abolishes the tax, the district shall notify the director of revenue of the action at least ninety days prior to the effective date of the repeal and the director of revenue may order retention in the trust fund, for a period of one year, of two percent of the amount collected after receipt of such notice to cover possible refunds or overpayment of the tax and to redeem dishonored checks and drafts deposited to the credit of such accounts. After one year has elapsed after the effective date of abolition of the tax in such district, the director of revenue shall remit the balance in the account to the district and close the account of that district. The director of revenue shall notify each district of each instance of any amount refunded or any check redeemed from receipts due the district.

7. Except as modified in this section, all provisions of sections 32.085 and 32.087 shall apply to the tax imposed pursuant to this section.

321.554. 1. ~~[Except in any county of the first classification with more than two hundred forty thousand three hundred but less than two hundred forty thousand four hundred inhabitants, or any county of the first classification with more than seventy three thousand seven hundred but less than seventy three thousand eight hundred inhabitants, or any county of the first classification with more than one hundred eighty four thousand but less than one hundred eighty eight thousand inhabitants, or any county with a charter form of government and with more than one million inhabitants, or any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants,]~~ When the revenue from the ambulance or fire protection district sales tax is collected for distribution pursuant to section 321.552, the board of the ambulance or fire protection district, after determining its budget for the year pursuant to section 67.010 and the rate of levy needed to produce the required revenue and after making any other adjustments to the levy that may be required by any other law, shall reduce the total operating levy of the district in an amount sufficient to decrease the revenue it would have received therefrom by an amount equal to fifty percent of the previous fiscal year's sales tax receipts. Loss of revenue due to a decrease in the assessed valuation of real property located within the ambulance or fire protection district as a result of general reassessment and from state-assessed railroad and utility distributable property based upon the previous fiscal year's receipts shall be considered in lowering the rate of levy to comply with this section in the year of general reassessment and in each subsequent year. In the event that in the immediately preceding year the ambulance or fire protection district actually received more or less sales tax revenue than estimated, the ambulance or fire protection district board may adjust its operating levy for the current year to reflect such increase or decrease. The director of revenue shall certify the amount payable from the ambulance or fire protection district sales tax trust fund to the general revenue fund to the state treasurer.

2. Except that, in the first year in which any sales tax is collected pursuant to section 321.552, any taxing authority subject to this section shall not reduce the tax rate as defined in section 137.073.

3. In a year of general reassessment, as defined by section 137.073, or assessment maintenance as ~~[defined]~~ **described** by section 137.115 in which an ambulance or fire protection district in reliance upon the information then available to it relating to the total assessed valuation of such ambulance or fire protection district revises its property tax levy pursuant to section 137.073 or 137.115, and it is subsequently determined by decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433 or due to clerical errors or corrections in the calculation or recordation of assessed valuations that the assessed valuation of such ambulance or fire protection district has been changed, and but for such change the ambulance or fire protection district would have adopted a different levy on the date of its original action, then the ambulance or fire protection district may adjust its levy to an amount to reflect such change in assessed valuation, including, if necessary, a change in the levy reduction required by this section to the amount it would have levied had the correct assessed valuation been known to it on the date of its original action, provided:

(1) The ambulance or fire protection district first levies the maximum levy allowed without a vote of the people by Article X, Section 11(b) of the Constitution; and

(2) The ambulance or fire protection district first adopts the tax rate ceiling otherwise authorized by other laws of this state; and

(3) The levy adjustment or reduction may include a one-time correction to recoup lost revenues the ambulance or fire protection district was entitled to receive during the prior year.

321.556. 1. ~~[Except in any county of the first classification with more than two hundred forty thousand three hundred but less than two hundred forty thousand four hundred inhabitants, or any county of the first~~

~~classification with more than seventy three thousand seven hundred but less than seventy three thousand eight hundred inhabitants, or any county of the first classification with more than one hundred eighty four thousand but less than one hundred eighty eight thousand inhabitants, or any county with a charter form of government and with more than one million inhabitants, or any county with a charter form of government and with more than two hundred fifty thousand but less than three hundred fifty thousand inhabitants,]~~ The governing body of any ambulance or fire protection district, when presented with a petition signed by at least twenty percent of the registered voters in the ambulance or fire protection district that voted in the last gubernatorial election, calling for an election to repeal the tax pursuant to section 321.552, shall submit the question to the voters using the same procedure by which the imposition of the tax was voted. The ballot of submission shall be in substantially the following form:

Shall _____ (insert name of ambulance or fire protection district) repeal the _____ (insert amount up to ~~one-half~~ of one percent) sales tax now in effect in the _____ (insert name of ambulance or fire protection district) and reestablish the property tax levy in the district to the rate in existence prior to the enactment of the sales tax?

☐ YES

☐ NO

If you are in favor of the question, place an "X" in the box opposite "Yes". If you are opposed to the question, place an "X" in the box opposite "No".

2. If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of repeal, that repeal shall become effective December thirty-first of the calendar year in which such repeal was approved."; and"; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-EIGHTH DAY, WEDNESDAY, APRIL 23, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

In God is my salvation and my glory; the rock of my strength and my refuge is in God. (Psalm 62:7)

O God of us all, unseen Lord of this chamber, we know of no better way to begin the day than by lifting our hearts to You in prayer and by pledging to You the desire of our hearts to serve You by devoting ourselves to the welfare of our state and to the well-being of our fellow citizens.

In these spring legislative days which search our souls, try our faith, and often dampen our spirits, we pray for guidance that we may know Your will, for courage to walk in Your way, and for uplifting strength to keep on without faltering or fainting.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Tyler Wilson.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Kiera Cannavan, Teddy Noland, Nathan Raymer, Aly Strada, Jacob Wood, and Tyler Wilson.

The Journal of the fifty-seventh day was approved as printed by the following vote:

House Amendment No. 2

AMEND House Committee Substitute for Senate Substitute for Senate Committee Substitute for Senate Bill Nos. 81 & 174, Page 2, Section 253.195, Line 3, by inserting after all of said section and line the following:

"292.606. 1. Fees shall be collected for a period of six years from August 28, ~~2018~~ 2025.

2. (1) Any employer required to report under subsection 1 of section 292.605, except local governments and family-owned farm operations, shall submit an annual fee to the commission of one hundred dollars along with the Tier II form. Owners or operators of petroleum retail facilities shall pay a fee of no more than fifty dollars for each such facility. Any person, firm or corporation selling, delivering or transporting petroleum or petroleum products and whose primary business deals with petroleum products or who is covered by the provisions of chapter 323, if such person, firm or corporation is paying fees under the provisions of the federal hazardous materials transportation registration and fee assessment program, shall deduct such federal fees from those fees owed to the state under the provisions of this subsection. If the federal fees exceed or are equal to what would otherwise be owed under this subsection, such employer shall not be liable for state fees under this subsection. In relation to petroleum products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum products. For the purpose of calculating fees, all grades of gasoline are considered to be one product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and all other heavy distillate products except for grades of gasoline are considered to be one product, and all varieties of motor lubricating oil are considered to be one product. For the purposes of this section "facility" shall mean all buildings, equipment, structures and other stationary items that are located on a single site or on contiguous or adjacent sites and which are owned or operated by the same person. If more than three hazardous substances or mixtures are reported on the Tier II form, the employer shall submit an additional twenty-dollar fee for each hazardous substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, whichever is less, or for explosives or blasting agents on hand at any one time in excess of one hundred pounds. However, no employer shall pay more than ten thousand dollars per year in fees. Moneys acquired through litigation and any administrative fees paid pursuant to subsection 3 of this section shall not be applied toward this cap.

(2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate.

(3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission.

(4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235 exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.

4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.

5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

6. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

7. A one-time fee shall be assessed in accordance with subsection 2 of this section and shall be calculated based on the filing due on March 1, 2025, and shall be paid by November 1, 2025."; and

3. The oversight body in this state shall:

(1) Within six months of receiving an application described in subsection 2 of this section, waive any examination, educational, or experience requirements for licensure in this state for the applicant if it determines that there were minimum education requirements and, if applicable, work experience and clinical supervision requirements in effect and the other state verifies that the person met those requirements in order to be licensed or certified in that state. (2) If another jurisdiction has taken disciplinary action against an applicant, the oversight body shall determine if the cause for the action was corrected and the matter resolved. If the matter has not been resolved by that jurisdiction, the oversight body may deny a license until the matter is resolved.

5. Nothing in this section shall prohibit the oversight body from denying a license to an applicant under this section for any reason described in any section associated with the occupation or profession for which the applicant seeks a license.

6. Any person who is licensed under the provisions of this section shall be subject to the applicable oversight body's jurisdiction and all rules and regulations pertaining to the practice of the licensed occupation or profession in this state.

7. This section shall not be construed to waive any requirement for an applicant to pay any fees, post any bonds or surety bonds, or submit proof of insurance associated with the license the applicant seeks.

8. This section shall not apply to business, professional, or occupational licenses issued or required by political subdivisions.

9. The provisions of this section shall not impede an oversight body's authority to require an applicant to submit fingerprints as part of the application process.

Representative Knight offered **House Amendment No. 1**.

House Amendment No. 1

AMEND Senate Substitute for Senate Bill No. 28, Page 1, In the Title, Line 3, by deleting the words "agriculture transportation" and inserting in lieu thereof the words "motor vehicles"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Knight, **House Amendment No. 1** was adopted.

Representative Knight offered **House Amendment No. 2**.

House Amendment No. 2

AMEND Senate Substitute for Senate Bill No. 28, Page 17, Section 301.010, Line 492, by inserting after all of said section and line the following:

"301.140. 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days, or no more than ninety days if the dealer is selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if the dealer is selling the motor vehicle under the provisions of subsection 5 of section 301.210. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross

weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. **(1)** The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days, ~~[or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213,]~~ or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon **satisfaction of all applicable taxes under chapter 144, upon** proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days, or no more than ninety days if issued by a dealer selling the motor vehicle under the provisions of section 301.213, or no more than sixty days if issued by a dealer selling the motor vehicle under the provisions of subsection 5 of section 301.210, from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

(2) The provisions of subdivision (1) of this subsection requiring satisfaction of all applicable taxes under chapter 144 shall become effective only upon notification by the director of the department of revenue that implementation of such requirements are technologically feasible following the development and maintenance of a modernized, integrated system for the titling of vehicles, the issuance and renewal of vehicle registrations, the issuance and renewal of drivers' licenses and identification cards, and the perfection and release of liens and encumbrances on vehicles.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable, shall not be valid upon issuance of proper registration plates

for the motor vehicle or trailer, and shall be returned to the department or to the department's agent upon the issuance of such proper registration plates. Any temporary permit returned to the department or to the department's agent shall be immediately destroyed. The provisions of this subsection shall not apply to temporary permits issued for commercial motor vehicles licensed in excess of twenty-four thousand pounds gross weight. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

9. Notwithstanding the provisions of section 301.217, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.

10. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

11. The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

301.558. 1. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may fill in the blanks on standardized forms in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer if the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer does not charge for the services of filling in the blanks or otherwise charge for preparing documents.

2. A motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer may charge an administrative fee in connection with the sale or lease of a new or used motor vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services not prohibited by this section. A portion of the administrative fee may result in profit to the motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer.

3. (1) Ten percent of any fee authorized under this section and charged by motor vehicle dealers **or trailer dealers** shall be remitted to the motor vehicle administration technology fund established in this subsection, for the development of the system specified in this subsection. Following the development of the system specified in this subsection, the director of the department of revenue shall notify motor vehicle dealers **and trailer dealers**, and implement the system, and the percentage of any fee authorized under this section required to be remitted to the fund shall be reduced to ~~[one]~~ **three and one-half** percent, which shall be used for maintenance of the system. This subsection shall expire on January 1, 2037.

(2) There is hereby created in the state treasury the "Motor Vehicle Administration Technology Fund", which shall consist of money collected as specified in this subsection. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and money in the fund shall be used solely by the department of revenue for the purpose of development and maintenance of a modernized, integrated system for the titling of vehicles, issuance and renewal of vehicle registrations, issuance and renewal of driver's licenses and identification cards, and perfection and release of liens and encumbrances on vehicles.

(3) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(4) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

4. No motor vehicle dealer, **trailer dealer**, boat dealer, or powersport dealer that sells or leases new or used motor vehicles, **trailers**, vessels, or vessel trailers and imposes an administrative fee of five hundred dollars or less in connection with the sale or lease of a new or used **motor** vehicle, **trailer**, vessel, or vessel trailer for the storage of documents or any other administrative or clerical services shall be deemed to be engaging in the unauthorized practice of law. The maximum administrative fee permitted under this subsection shall be increased annually by an amount equal to the percentage change in the annual average of the Consumer Price Index for All Urban Consumers or its successor index, as reported by the federal Bureau of Labor Statistics or its successor agency, or by zero, whichever is greater. The director of the department of revenue shall annually furnish the maximum administrative fee determined under this section to the secretary of state, who shall publish such value in the Missouri Register as soon as practicable after January fourteenth of each year.

5. If an administrative fee is charged under this section, the same administrative fee shall be charged to all retail customers unless the fee is limited by the dealer's franchise agreement to certain classes of customers. The fee shall be disclosed on the retail buyer's order form as a separate itemized charge.

6. A preliminary worksheet on which a sale price is computed and that is shown to the purchaser, a retail buyer's order form from the purchaser, or a retail installment contract shall include, in reasonable proximity to the place on the document where the administrative fee authorized by this section is disclosed, the amount of the administrative fee and the following notice in type that is boldfaced, capitalized, underlined, or otherwise conspicuously set out from the surrounding written material:

"AN ADMINISTRATIVE FEE IS NOT AN OFFICIAL FEE AND IS NOT REQUIRED BY LAW BUT MAY BE CHARGED BY A DEALER. THIS ADMINISTRATIVE FEE MAY RESULT IN A PROFIT TO DEALER. NO PORTION OF THIS ADMINISTRATIVE FEE IS FOR THE DRAFTING, PREPARATION, OR COMPLETION OF DOCUMENTS OR THE PROVIDING OF LEGAL ADVICE. THIS NOTICE IS REQUIRED BY LAW."

7. The general assembly believes that an administrative fee charged in compliance with this section is not the unauthorized practice of law or the unauthorized business of law so long as the activity or service for which the fee is charged is in compliance with the provisions of this section and does not result in the waiver of any rights or remedies. Recognizing, however, that the judiciary is the sole arbitrator of what constitutes the practice of law, in the event that a court determines that an administrative fee charged in compliance with this section, and that does not waive any rights or remedies of the buyer, is the unauthorized practice of law or the unauthorized business of law,

then no person who paid that administrative fee may recover said fee or treble damages, as permitted under section 484.020, and no person who charged that fee shall be guilty of a misdemeanor, as provided under section 484.020."; and

Further amend said bill, Page 18, Section 307.010, Line 36, by inserting after all of said section and line the following:

"407.1034. Notwithstanding the terms of any franchise agreement, the performance, whether by act or omission, by a motorcycle or all-terrain vehicle franchisor of any or all of the following acts enumerated in this section are hereby defined as unlawful practices, the remedies for which are set forth in section 407.1043:

(1) To engage in any conduct which is capricious, in bad faith, or unconscionable and which causes damage to a motorcycle or all-terrain vehicle franchisee or to the public; provided, that good faith conduct engaged in by motorcycle or all-terrain vehicle franchisors as sellers of new motorcycles, all-terrain vehicles or parts or as holders of security interests therein, in pursuit of rights or remedies accorded to sellers of goods or to holders of security interests pursuant to the provisions of chapter 400, uniform commercial code, shall not constitute unfair practices pursuant to sections 407.1025 to 407.1049;

(2) To coerce any motorcycle or all-terrain vehicle franchisee to accept delivery of any new motorcycle, motorcycles, all-terrain vehicles, equipment, parts or accessories therefor, or any other commodity or commodities which such motorcycle or all-terrain vehicle franchisee has not ordered after such motorcycle or all-terrain vehicle franchisee has rejected such commodity or commodities. It shall not be deemed a violation of sections 407.1025 to 407.1049 for a motorcycle or all-terrain vehicle franchisor to require a motorcycle or all-terrain vehicle franchisee to have an inventory of parts, tools and equipment reasonably necessary to service the motorcycles or all-terrain vehicles sold by a motorcycle or all-terrain vehicle franchisor; or new motorcycles or all-terrain vehicles reasonably necessary to meet the demands of dealers or the public;

(3) To unreasonably refuse to deliver in reasonable quantities and within a reasonable time after receipt of orders for new motorcycles or all-terrain vehicles, such motorcycles or all-terrain vehicles as are so ordered and as are covered by such franchise and as are specifically publicly advertised by such motorcycle or all-terrain vehicle franchisor to be available for immediate delivery; provided, however, the failure to deliver any motorcycle or all-terrain vehicle shall not be considered a violation of sections 407.1025 to 407.1049 if such failure is due to an act of God, work stoppage, or delay due to a strike or labor difficulty, shortage of products or materials, freight delays, embargo or other cause of which such motorcycle or all-terrain vehicle franchisor has no control;

(4) To coerce any motorcycle or all-terrain vehicle franchisee to enter into any agreement with such motorcycle or all-terrain vehicle franchisor or to do any other act prejudicial to such motorcycle or all-terrain vehicle franchisee, by threatening to cancel any franchise or any contractual agreement existing between such motorcycle or all-terrain vehicle franchisor and motorcycle or all-terrain vehicle franchisee; provided, however, that notice in good faith to any motorcycle or all-terrain vehicle franchisee of such motorcycle or all-terrain vehicle franchisee's violation of any provisions of such franchise or contractual agreement shall not constitute a violation of sections 407.1025 to 407.1049;

(5) To terminate, cancel or refuse to continue any franchise, directly or indirectly through the actions of the franchisor, unless such new motorcycle or all-terrain vehicle franchisee substantially defaults in the performance of such franchisee's reasonable and lawful obligations under such franchisee's franchise, or such new motorcycle or all-terrain vehicle franchisor discontinues the sale in the state of Missouri of such franchisor's products which are the subject of the franchise:

(a) Notwithstanding the terms of any franchise agreement to the contrary, good cause to terminate, cancel or refuse to continue any franchise agreement shall not be established based upon the fact that the motorcycle or all-terrain vehicle franchisee owns, has an investment in, participates in the management of or holds a franchise agreement for the sale or service of another make or line of new motorcycles or all-terrain vehicles or the motorcycle or all-terrain vehicle dealer has established another make or line of new motorcycles or all-terrain vehicles or service in the same dealership facilities as those of the motorcycle or all-terrain vehicle franchisor prior to February 1, 1998, or such establishment is approved in writing by the franchisee and the franchisor. However, a franchisor may require a franchisee to maintain a reasonable line of credit for each franchise and to comply with each franchisor's reasonable requirements concerning capital, management and facilities. If the franchise agreement requires the approval of the franchisor, such approval shall be requested in writing by the franchisee and the franchisor shall approve or disapprove such a request in writing within sixty days of receipt of such request.

A request from a franchisee shall be deemed to have been approved if the franchisor fails to notify the franchisee, in writing, of its disapproval within sixty days after its receipt of the written request;

(b) In determining whether good cause exists, the administrative hearing commission shall take into consideration the existing circumstances, including, but not limited to, the following factors:

- a. The franchisee's sales in relation to sales in the market;
- b. The franchisee's investment and obligations;
- c. Injury to the public welfare;
- d. The adequacy of the franchisee's service facilities, equipment, parts and personnel in relation to those of other franchisees of the same line-make;
- e. Whether warranties are being honored by the franchisee;
- f. The parties' compliance with their franchise agreement;
- g. The desire of a franchisor for market penetration or a market study, if any, prepared by the franchisor or franchisee are two factors which may be considered;
- h. The harm to the franchisor;

(6) To prevent by contract or otherwise, any motorcycle or all-terrain vehicle franchisee from changing the capital structure of the franchisee's franchise of such motorcycle or all-terrain vehicle franchisee or the means by or through which the franchisee finances the operation of the franchisee's franchise, provided the motorcycle or all-terrain vehicle franchisee at all times meets any reasonable capital standards agreed to between the motorcycle or all-terrain vehicle franchisee and the motorcycle or all-terrain vehicle franchisor and grants to the motorcycle or all-terrain vehicle franchisor a purchase money security interest in the new motorcycles or all-terrain vehicles, new parts and accessories purchased from the motorcycle or all-terrain vehicle franchisor;

(7) (a) Prevent, by contract or otherwise, any sale or transfer of a franchisee's franchise or franchises or interest or management thereof; provided, if the franchise specifically permits the franchisor to approve or disapprove any such proposed sale or transfer, a franchisor shall only be allowed to disapprove a proposed sale or transfer if the interest being sold or transferred when added to any other interest owned by the transferee constitutes fifty percent or more of the ownership interest in the franchise and if the proposed transferee fails to satisfy any standards of the franchisor which are in fact normally relied upon by the franchisor prior to its entering into a franchise, and which relate to the proposed management or ownership of the franchise operations or to the qualification, capitalization, integrity or character of the proposed transferee and which are reasonable. A franchisee may request, at any time, that the franchisor provide a copy of the standards which are normally relied upon by the franchisor to evaluate a proposed sale or transfer and a proposed transferee;

(b) The franchisee and the prospective franchisee shall cooperate fully with the franchisor in providing information relating to the prospective transferee's qualifications, capitalization, integrity and character;

(c) In the event of a proposed sale or transfer of a franchise, the franchisor shall be permitted to exercise a right of first refusal to acquire the franchisee's assets or ownership if:

- a. The franchise agreement permits the franchisor to exercise a right of first refusal to acquire the franchisee's assets or ownership in the event of a proposed sale or transfer;
- b. Such sale or transfer is conditioned upon the franchisor or franchisee entering a franchise agreement with the proposed transferee;
- c. The exercise of the right of first refusal shall result in the franchisee and the franchisee's owners receiving the same or greater consideration and the same terms and conditions as contracted to receive in connection with the proposed sale or transfer;
- d. The sale or transfer does not involve the sale or transfer to an immediate member or members of the family of one or more franchisee owners, defined as a spouse, child, grandchild, spouse of a child or grandchild, brother, sister or parent of the franchisee owner, or to the qualified manager, defined as an individual who has been employed by the franchisee for at least two years and who otherwise qualifies as a franchisee operator, or a partnership or corporation controlled by such persons; and

e. The franchisor agrees to pay the reasonable expenses, including attorney's fees which do not exceed the usual, customary and reasonable fees charged for similar work done for other clients, incurred by the proposed transferee prior to the franchisor's exercise of its right of first refusal in negotiating and implementing the contract for the proposed sale or transfer of the franchise or the franchisee's assets. Notwithstanding the foregoing, no payment of such expenses and attorney's fees shall be required if the franchisee has not submitted or caused to be submitted an accounting of those expenses within fourteen days of the franchisee's receipt of the franchisor's written request for such an accounting. Such accounting may be requested by a franchisor before exercising its right of first refusal;

(d) For determining whether good cause exists for the purposes of this subdivision, the administrative hearing commission shall take into consideration the existing circumstances, including, but not limited to, the following factors:

a. Whether the franchise agreement specifically permits the franchisor to approve or disapprove any proposed sale or transfer;

b. Whether the interest to be sold or transferred when added to any other interest owned by the proposed transferee constitutes fifty percent or more of the ownership interest in the franchise;

c. Whether the proposed transferee fails to satisfy any standards of the franchisor which are in fact normally relied upon by the franchisor prior to its entering into a franchise, and which are related to the proposed management or ownership of the franchise operations or to the qualification, capitalization, integrity or character of the proposed transferee which are reasonable;

d. Injury to the public welfare;

e. The harm to the franchisor;

(8) To prevent by contract or otherwise any motorcycle or all-terrain vehicle franchisee from changing the executive management of motorcycle or all-terrain vehicle franchisee's business, except that any attempt by a motorcycle or all-terrain vehicle franchisor to demonstrate by giving reasons that such change in executive management will be detrimental to the distribution of the motorcycle or all-terrain vehicle franchisor's motorcycles shall not constitute a violation of this subdivision;

(9) To impose unreasonable standards of performance upon a motorcycle or all-terrain vehicle franchisee;

(10) To require a motorcycle or all-terrain vehicle franchisee at the time of entering into a franchise arrangement to assent to a release, assignment, novation, waiver or estoppel which would relieve any person from liability imposed by sections 407.1025 to 407.1049;

(11) To prohibit directly or indirectly the right of free association among motorcycle or all-terrain vehicle franchisees for any lawful purpose;

(12) To provide any term or condition in any lease or other agreement ancillary or collateral to a franchise, which term or condition directly or indirectly violates the provisions of sections 407.1025 to 407.1049;

(13) ~~[Upon any termination, cancellation or refusal to continue any franchise or any discontinuation of any line-make or parts or products related to such line-make by a franchisor, fail to pay reasonable compensation to a franchisee as follows]~~ **To fail to repurchase a franchisee's inventory and other items as set forth in this subdivision if a motorcycle or all-terrain franchise agreement is terminated, cancelled, or not renewed by the manufacturer for cause; if the dealer voluntarily terminates a motorcycle or all-terrain dealer agreement in a manner permitted by such agreement; if the manufacturer terminates or discontinues a franchise by discontinuing a line-make or by ceasing to do business in this state; or if the manufacturer changes the distributor or method of distribution of its products in this state or alters its sales regions or marketing areas within this state in a manner that eliminates or diminishes the dealer's market area. In such circumstances the manufacturer shall, at the election of the motorcycle or all-terrain vehicle dealer, within thirty days of termination, repurchase:**

(a) Any new, undamaged and unsold motorcycles or all-terrain vehicles in the franchisee's inventory of either the current model year or purchased from the franchisor within one hundred twenty days prior to receipt of a notice of termination or nonrenewal, provided the motorcycle or all-terrain vehicle has less than twenty miles registered on the odometer, including mileage incurred in delivery from the franchisor or in transporting the motorcycle or all-terrain vehicle between dealers for sale, at the dealer's net acquisition cost;

(b) The current parts catalog cost to the dealer of each new, unused, undamaged and unsold part or accessory if the part or accessory is in the current parts catalog, less applicable allowances. If the part or accessory was purchased by the franchisee from an outgoing authorized franchisee, the franchisor shall purchase the part for either the price in the current parts catalog or the franchisee's actual purchase price of the part, whichever is less;

(c) The depreciated value determined pursuant to generally accepted accounting principles of each undamaged sign owned by the franchisee which bears a trademark or trade name used or claimed by the franchisor if the sign was purchased from, or purchased at the request of, the franchisor;

(d) The fair market value of all special tools, data processing equipment and motorcycle or all-terrain vehicle service equipment owned by the franchisee which were recommended in writing and designated as special tools and equipment and purchased from, or purchased at the request of, the franchisor within three years of the termination of the franchise, if the tools and equipment are in usable and good condition, except for reasonable wear and tear; and

(e) The franchisor shall pay the franchisee the amounts specified in this subdivision within ninety days after the tender of the property subject to the franchisee providing evidence of good and clear title upon return of the property to the franchisor. Unless previous arrangements have been made and agreed upon, the franchisee is under no obligation to provide insurance for the property left after one hundred eighty days;

(14) To prevent or refuse to honor the succession to a franchise or franchises by any legal heir or devisee under the will of a franchisee, under any written instrument filed with the franchisor designating any person as the person's successor franchisee, or pursuant to the laws of descent and distribution of this state; provided:

(a) Any designated family member of a deceased or incapacitated franchisee shall become the succeeding franchisee of such deceased or incapacitated franchisee if such designated family member gives the franchisor written notice of such family member's intention to succeed to the franchise or franchises within forty-five days after the death or incapacity of the franchisee, and agrees to be bound by all of the terms and conditions of the current franchise agreement, and the designated family member meets the current reasonable criteria generally applied by the franchisor in qualifying franchisees. A franchisee may request, at any time, that the franchisor provide a copy of such criteria generally applied by the franchisor in qualifying franchisees;

(b) The franchisor may request from a designated family member such personal and financial data as is reasonably necessary to determine whether the existing franchise agreement should be honored. The designated family member shall supply the personal and financial data promptly upon the request;

(c) If the designated family member does not meet the reasonable criteria generally applied by the franchisor in qualifying franchisees, the discontinuance of the current franchise agreement shall take effect not less than ninety days after the date the franchisor serves the required notice on the designated family member pursuant to subsection 5 of section 407.1031;

(d) The provisions of this subdivision shall not preclude a franchisee from designating any person as the person's successor by written instrument filed with the franchisor, and if such an instrument is filed, it alone shall determine the succession rights to the management and operation of the franchise; and

(e) For determining whether good cause exists, the administrative hearing commission shall take into consideration the existing circumstances, including, but not limited to, the following factors:

a. Whether the franchise agreement specifically permits the franchisor to approve or disapprove any successor;

b. Whether the proposed successor fails to satisfy any standards of the franchisor which are in fact normally relied upon by the franchisor prior to the successor entering into a franchise, and which relate to the proposed management or ownership of the franchise operation or to the qualification, capitalization, integrity or character of the proposed successor and which are reasonable;

c. Injury to the public welfare;

d. The harm to the franchisor;

(15) To coerce, threaten, intimidate or require a franchisee under any condition affecting or related to a franchise agreement, or to waive, limit or disclaim a right that the franchisee may have pursuant to the provisions of sections 407.1025 to 407.1049. Any contracts or agreements which contain such provisions shall be deemed against the public policy of the state of Missouri and are void and unenforceable. Nothing in this section shall be construed to prohibit voluntary settlement agreements;

(16) To initiate any act enumerated in this subsection on grounds that it has advised a franchisee of its intention to discontinue representation at the time of a franchisee change."; and

- (2) The certificate was issued pursuant to a manufacturer's statement of origin.

4. If the vehicle qualifies as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, non-USA-std motor vehicle, as defined in section 301.010, or prior salvage as referenced in section 301.573, the owner or lienholder shall surrender the certificate of ownership. The owner shall make an application for a new certificate of ownership, pay the required title fee, and obtain the vehicle examination certificate required pursuant to subsection 9 of section 301.190. If an insurance company pays a claim on a salvage vehicle as defined in section 301.010 and the owner retains the vehicle, as prior salvage, the vehicle shall only be required to meet the examination requirements under subsection 10 of section 301.190. Notarized bills of sale along with a copy of the front and back of the certificate of ownership for all major component parts installed on the vehicle and invoices for all essential parts which are not defined as major component parts shall accompany the application for a new certificate of ownership. If the vehicle is a specially constructed motor vehicle, as defined in section 301.010, two pictures of the vehicle shall be submitted with the application. If the vehicle is a kit vehicle, the applicant shall submit the invoice and the manufacturer's statement of origin on the kit. If the vehicle requires the issuance of a special number by the director of revenue or a replacement vehicle identification number, the applicant shall submit the required application and application fee. All applications required under this subsection shall be submitted with any applicable taxes which may be due on the purchase of the vehicle or parts. The director of revenue shall appropriately designate "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Non-USA-Std Motor Vehicle", or "Specially Constructed Motor Vehicle" on the current and all subsequent issues of the certificate of ownership of such vehicle.

5. Every insurance company that pays a claim for repair of a motor vehicle which as the result of such repairs becomes a reconstructed motor vehicle as defined in section 301.010 or that pays a claim on a salvage vehicle as defined in section 301.010 and the owner is retaining the vehicle shall in writing notify the owner of the vehicle, and in a first party claim, the lienholder if a lien is in effect, that he is required to surrender the certificate of ownership, and the documents and fees required pursuant to subsection 4 of this section to obtain a prior salvage motor vehicle certificate of ownership or documents and fees as otherwise required by law to obtain a salvage certificate of ownership, from the director of revenue. The insurance company shall within thirty days of the payment of such claims report to the director of revenue the name and address of such owner, the year, make, model, vehicle identification number, and license plate number of the vehicle, and the date of loss and payment.

6. Anyone who fails to comply with the requirements of this section shall be guilty of a class B misdemeanor.

7. An applicant for registration may make a donation of one dollar to promote a blindness education, screening and treatment program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the blindness education, screening and treatment program fund established in section 209.015. Moneys in the blindness education, screening and treatment program fund shall be used solely for the purposes established in section 209.015; except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

8. An applicant for registration may make a donation of an amount not less than one dollar to promote an organ donor program. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the organ donor program fund as established in sections 194.297 to 194.304. Moneys in the organ donor fund shall be used solely for the purposes established in sections 194.297 to 194.304, except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making a contribution not less than one dollar as prescribed in this subsection.

9. An applicant for registration may make a donation of one dollar to the Missouri medal of honor recipients fund. The director of revenue shall collect the donations and deposit all such donations in the state treasury to the credit of the Missouri medal of honor recipients fund as established in section 226.925. Moneys in the medal of honor recipients fund shall be used solely for the purposes established in section 226.925, except that the department of revenue shall retain no more than one percent for its administrative costs. The donation prescribed in this subsection is voluntary and may be refused by the applicant for registration at the time of issuance or renewal. The director shall inquire of each applicant at the time the applicant presents the completed application to the director whether the applicant is interested in making the one dollar donation prescribed in this subsection.

301.190. 1. No certificate of registration of any motor vehicle or trailer, or number plate therefor, shall be issued by the director of revenue unless the applicant therefor shall make application for and be granted a certificate of ownership of such motor vehicle or trailer, or shall present satisfactory evidence that such certificate has been previously issued to the applicant for such motor vehicle or trailer. Application shall be made within thirty days after the applicant acquires the motor vehicle or trailer, unless the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 in which case the applicant shall make application within thirty days after receiving title from the dealer, upon a blank form furnished by the director of revenue and shall contain the applicant's identification number, a full description of the motor vehicle or trailer, the vehicle identification number, and the mileage registered on the odometer at the time of transfer of ownership, as required by section 407.536, together with a statement of the applicant's source of title and of any liens or encumbrances on the motor vehicle or trailer, provided that for good cause shown the director of revenue may extend the period of time for making such application. When an owner wants to add or delete a name or names on an application for certificate of ownership of a motor vehicle or trailer that would cause it to be inconsistent with the name or names listed on the notice of lien, the owner shall provide the director with documentation evidencing the lienholder's authorization to add or delete a name or names on an application for certificate of ownership.

2. The director of revenue shall use reasonable diligence in ascertaining whether the facts stated in such application are true and shall, to the extent possible without substantially delaying processing of the application, review any odometer information pertaining to such motor vehicle that is accessible to the director of revenue. If satisfied that the applicant is the lawful owner of such motor vehicle or trailer, or otherwise entitled to have the same registered in his name, the director shall thereupon issue an appropriate certificate over his signature and sealed with the seal of his office, procured and used for such purpose. The certificate shall contain on its face a complete description, vehicle identification number, and other evidence of identification of the motor vehicle or trailer, as the director of revenue may deem necessary, together with the odometer information required to be put on the face of the certificate pursuant to section 407.536, a statement of any liens or encumbrances which the application may show to be thereon, and, if ownership of the vehicle has been transferred, the name of the state issuing the transferor's title and whether the transferor's odometer mileage statement executed pursuant to section 407.536 indicated that the true mileage is materially different from the number of miles shown on the odometer, or is unknown.

3. The director of revenue shall appropriately designate on the current and all subsequent issues of the certificate the words "Reconstructed Motor Vehicle", "Motor Change Vehicle", "Specially Constructed Motor Vehicle", or "Non-USA-Std Motor Vehicle", as defined in section 301.010. Effective July 1, 1990, on all original and all subsequent issues of the certificate for motor vehicles as referenced in subsections 2 and 3 of section 301.020, the director shall print on the face thereof the following designation: "Annual odometer updates may be available from the department of revenue.". On any duplicate certificate, the director of revenue shall reprint on the face thereof the most recent of either:

(1) The mileage information included on the face of the immediately prior certificate and the date of purchase or issuance of the immediately prior certificate; or

(2) Any other mileage information provided to the director of revenue, and the date the director obtained or recorded that information.

4. The certificate of ownership issued by the director of revenue shall be manufactured in a manner to prohibit as nearly as possible the ability to alter, counterfeit, duplicate, or forge such certificate without ready detection. In order to carry out the requirements of this subsection, the director of revenue may contract with a nonprofit scientific or educational institution specializing in the analysis of secure documents to determine the most effective methods of rendering Missouri certificates of ownership nonalterable or noncounterfeitable.

5. The fee for each original certificate so issued shall be eight dollars and fifty cents, in addition to the fee for registration of such motor vehicle or trailer. If application for the certificate is not made within thirty days after the vehicle is acquired by the applicant, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, a delinquency penalty fee of twenty-five dollars for the first thirty days of delinquency and twenty-five dollars for each thirty days of delinquency thereafter, not to exceed a total of two hundred dollars, but such penalty may be waived by the director for a good cause shown. If the director of revenue learns that any person has failed to obtain a certificate within thirty days after acquiring a motor vehicle or trailer, or where the motor vehicle was acquired under section 301.213 or subsection 5 of section 301.210 and the applicant fails to make application within thirty days after receiving title from the dealer, or has sold a vehicle without obtaining a certificate, he shall cancel the registration of all vehicles registered in the name of the person, either as sole owner or as a co-owner, and shall notify the person that the cancellation will remain in force until the person pays the delinquency penalty fee provided in this section, together with all fees, charges and payments which the person should have paid in connection with the certificate of ownership and registration of the vehicle. The certificate shall be good for the life of the motor vehicle or trailer so long as the same is owned or held by the original holder of the certificate and shall not have to be renewed annually.

6. Any applicant for a certificate of ownership requesting the department of revenue to process an application for a certificate of ownership in an expeditious manner requiring special handling shall pay a fee of five dollars in addition to the regular certificate of ownership fee.

7. It is unlawful for any person to operate in this state a motor vehicle or trailer required to be registered under the provisions of the law unless a certificate of ownership has been applied for as provided in this section.

8. Before an original Missouri certificate of ownership is issued, an inspection of the vehicle and a verification of vehicle identification numbers shall be made by the Missouri state highway patrol on vehicles for which there is a current title issued by another state if a Missouri salvage certificate of title has been issued for the same vehicle but no prior inspection and verification has been made in this state, except that if such vehicle has been inspected in another state by a law enforcement officer in a manner comparable to the inspection process in this state and the vehicle identification numbers have been so verified, the applicant shall not be liable for the twenty-five dollar inspection fee if such applicant submits proof of inspection and vehicle identification number verification to the director of revenue at the time of the application. The applicant, who has such a title for a vehicle on which no prior inspection and verification have been made, shall pay a fee of twenty-five dollars for such verification and inspection, payable to the director of revenue at the time of the request for the application, which shall be deposited in the state treasury to the credit of the state highways and transportation department fund.

9. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, specially constructed motor vehicle, kit vehicle, motor change vehicle, non-USA-std motor vehicle, or other vehicle as required by the director of revenue shall be accompanied by a vehicle examination certificate issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The vehicle examination shall include a verification of vehicle identification numbers and a determination of the classification of the vehicle. The owner of a vehicle which requires a vehicle examination certificate shall present the vehicle for examination and obtain a completed vehicle examination certificate prior to submitting an application for a certificate of ownership to the director of revenue. Notwithstanding any provision of the law to the contrary, an owner presenting a motor vehicle which has been issued a salvage title and which is ten years of age or older to a vehicle examination described in this subsection in order to obtain a certificate of ownership with the designation prior salvage motor vehicle shall not be required to repair or restore the vehicle to its original appearance in order to pass or complete the vehicle examination. The fee for the vehicle examination application shall be twenty-five dollars and shall be collected by the director of revenue at the time of the request for the application and shall be deposited in the state treasury to the credit of the state highways and transportation department fund. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and the fees required by section 307.365 and section 643.315 shall be charged to the owner.

10. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri or as required by section 301.020, it shall be

accompanied by a current inspection form certified by a duly authorized official inspection station as described in chapter 307, **except that such inspection may be completed by an employee of a licensed new or used motor vehicle dealer for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture.** The completed form shall certify that the manufacturer's identification number for the vehicle has been inspected, that it is correctly displayed on the vehicle and shall certify the reading shown on the odometer at the time of inspection. The inspection station **or, in the case of a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture, the licensed new or used motor vehicle dealer** shall collect the same fee as authorized in section 307.365 for making the inspection, and the fee shall be deposited in the same manner as provided in section 307.365. If the vehicle is also to be registered in Missouri, the safety inspection required in chapter 307 and the emissions inspection required under chapter 643 shall be completed and only the fees required by section 307.365 and section 643.315 shall be charged to the owner. This section shall not apply to vehicles being transferred on a manufacturer's statement of origin. **A licensed new or used motor vehicle dealer completing the inspection under this section shall be subject to disciplinary action up to and including suspension or revocation of their dealer's license for knowingly completing such inspection with incorrect information. Such disciplinary action shall take place in accordance with department of revenue regular procedures for disciplinary action.**

11. Motor vehicles brought into this state in a wrecked or damaged condition or after being towed as an abandoned vehicle pursuant to another state's abandoned motor vehicle procedures shall, in lieu of the inspection required by subsection 10 of this section, be inspected by the Missouri state highway patrol in accordance with subsection 9 of this section. If the inspection reveals the vehicle to be in a salvage or junk condition, the director shall so indicate on any Missouri certificate of ownership issued for such vehicle. Any salvage designation shall be carried forward on all subsequently issued certificates of title for the motor vehicle.

12. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as a reconstructed motor vehicle, motor change vehicle, specially constructed motor vehicle, or prior salvage vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the name of the issuing state and such prior designation. The absence of any prior designation shall not relieve a transferor of the duty to exercise due diligence with regard to such certificate of ownership prior to the transfer of a certificate. If a transferor exercises any due diligence with regard to a certificate of ownership, the legal transfer of a certificate of ownership without any designation that is subsequently discovered to have or should have had a designation shall be a transfer free and clear of any liabilities of the transferor associated with the missing designation.

13. When an application is made for an original Missouri certificate of ownership for a motor vehicle previously registered or titled in a state other than Missouri, and the certificate of ownership has been appropriately designated by the issuing state as non-USA-std motor vehicle, the director of revenue shall appropriately designate on the current Missouri and all subsequent issues of the certificate of ownership the words "Non-USA-Std Motor Vehicle".

14. The director of revenue and the superintendent of the Missouri state highway patrol shall make and enforce rules for the administration of the inspections required by this section.

15. Each application for an original Missouri certificate of ownership for a vehicle which is classified as a reconstructed motor vehicle, manufactured forty or more years prior to the current model year, and which has a value of three thousand dollars or less shall be accompanied by:

- (1) A proper affidavit submitted by the owner explaining how the motor vehicle or trailer was acquired and, if applicable, the reasons a valid certificate of ownership cannot be furnished;
- (2) Photocopies of receipts, bills of sale establishing ownership, or titles, and the source of all major component parts used to rebuild the vehicle;
- (3) A fee of one hundred fifty dollars in addition to the fees described in subsection 5 of this section. Such fee shall be deposited in the state treasury to the credit of the state highways and transportation department fund; and
- (4) An inspection certificate, other than a motor vehicle examination certificate required under subsection 9 of this section, completed and issued by the Missouri state highway patrol, or other law enforcement agency as authorized by the director of revenue. The inspection performed by the highway patrol or other authorized local law enforcement agency shall include a check for stolen vehicles.

The department of revenue shall issue the owner a certificate of ownership designated with the words "Reconstructed Motor Vehicle" and deliver such certificate of ownership in accordance with the provisions of this chapter. Notwithstanding subsection 9 of this section, no owner of a reconstructed motor vehicle described in this subsection shall be required to obtain a vehicle examination certificate issued by the Missouri state highway patrol.

301.448. Any person who has served and was honorably discharged or currently serves in ~~[any branch of the United States Armed Forces]~~ **the United States Army, Marine Corps, Navy, Air Force, Space Force, Coast Guard, or National Guard, or in the reserves for any such branch,** ~~[the United States Coast Guard or reserve,]~~ the United States Merchant Marines or reserve, or the Missouri National Guard, or any subdivision of any of such services or a member of the United States Marine Corps League may apply for special motor vehicle license plates, either solely or jointly, for issuance either to passenger motor vehicles subject to the registration fees provided in section 301.055, or to nonlocal property-carrying commercial motor vehicles licensed for a gross weight of six thousand pounds up through and including twenty-four thousand pounds as provided in section 301.057. Any such person shall make application for the special license plates on a form provided by the director of revenue and furnish such proof that such person is a member or former member of any such branch of service as the director may require. Upon presentation of the proof of eligibility and annual payment of the fee required for personalized license plates in section 301.144, and other fees and documents which may be required by law, the department shall issue personalized license plates which shall bear the seal, logo or emblem, along with a word or words designating the branch or subdivision of such service for which the person applies. All seals, logos, emblems or special symbols shall become an integral part of the license plate; however, no plate shall contain more than one seal, logo, emblem or special symbol and the design of such plates shall be approved by the advisory committee established in section 301.129 and by the branch or subdivision of such service or the Marine Corps League prior to issuing such plates. The plates shall have a white background with a blue and red configuration at the discretion of the advisory committee established in section 301.129. The plates shall be clearly visible at night and shall be aesthetically attractive, as prescribed by section 301.130. The bidding process used to select a vendor for the material to manufacture the license plates authorized by this section shall consider the aesthetic appearance of the plate. The director of revenue shall make necessary rules and regulations for the enforcement of this section, and shall design all necessary forms. All license plates issued under this provision must be renewed in accordance with law. License plates issued under the provisions of this section shall not be transferable to any other person, except that any registered co-owner of the motor vehicle shall be entitled to operate the motor vehicle for the duration of the year licensed, in the event of the death of the qualified applicant.

301.469. 1. Any vehicle owner may receive license plates as prescribed in this section, for any motor vehicle such person owns, either solely or jointly, other than an apportioned motor vehicle or a commercial motor vehicle licensed in excess of twenty-four thousand pounds gross weight, after an annual payment of an emblem-use authorization fee to the Missouri conservation heritage foundation. The foundation hereby authorizes the use of its official emblems to be affixed on multiyear license plates as provided in this section. Any vehicle owner may annually apply for the use of the emblems.

2. Upon annual application and payment of a twenty-five dollar emblem-use authorization fee to the Missouri conservation heritage foundation, the foundation shall issue to the vehicle owner, without further charge, an emblem-use authorization statement, which shall be presented to the director of the department of revenue at the time of registration of a motor vehicle.

3. Upon presentation of the annual statement, payment of a fifteen dollar fee in addition to the regular registration fees and documents which may be required by law, the director of the department of revenue shall issue a license plate, which shall bear an emblem of the Missouri conservation heritage foundation in a form prescribed by the director, to the vehicle owner. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Notwithstanding the provisions of section 301.144, no additional fee shall be charged for the personalization of license plates pursuant to this section.

4. Application for the emblem-use authorization and payment of the twenty-five-dollar contribution may also be made at the time of registration to the director of the department of revenue, who shall deposit the contribution to the credit of the Missouri conservation heritage foundation.

5. A vehicle owner, who was previously issued a plate with a Missouri conservation heritage foundation emblem authorized by this section but who does not provide an emblem-use authorization statement at a subsequent time of registration, shall be issued a new plate which does not bear the foundation emblem, as otherwise provided by law.

~~[5-]~~ 6. The director of the department of revenue may promulgate rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is

promulgated under the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536. All rulemaking authority delegated prior to August 28, 1999, is of no force and effect; however, nothing in this section shall be interpreted to repeal or affect the validity of any rule filed or adopted prior to August 28, 1999, if it fully complied with the provisions of chapter 536. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 1999, shall be invalid and void."; and

Further amend said bill, Page 18, Section 307.010, Line 36, by inserting after all of said section and line the following:

"307.350. 1. The owner of every motor vehicle as defined in section 301.010 which is required to be registered in this state, except:

(1) Motor vehicles having less than one hundred fifty thousand miles~~], for the ten year period following their model year of manufacture]~~ **and of model year 2012 or newer**, excluding prior salvage vehicles immediately following a rebuilding process and vehicles subject to the provisions of section 307.380;

(2) Those motor vehicles which are engaged in interstate commerce and are proportionately registered in this state with the Missouri highway reciprocity commission, although the owner may request that such vehicle be inspected by an official inspection station, and a peace officer may stop and inspect such vehicles to determine whether the mechanical condition is in compliance with the safety regulations established by the United States Department of Transportation; and

(3) Historic motor vehicles registered pursuant to section 301.131;

The inspection, except the inspection of school buses which shall be made at the time provided in section 307.375, shall be made at the time prescribed in the rules and regulations issued by the superintendent of the Missouri state highway patrol; but the inspection of a vehicle shall not be made more than sixty days prior to the date of application for registration or within sixty days of when a vehicle's registration is transferred; however, if a vehicle was purchased from a motor vehicle dealer and a valid inspection had been made within sixty days of the purchase date, the new owner shall be able to utilize an inspection performed within ninety days prior to the application for registration or transfer. Any vehicle manufactured as an even-numbered model year vehicle shall be inspected and approved pursuant to the safety inspection program established pursuant to sections 307.350 to 307.390 in each even-numbered calendar year and any such vehicle manufactured as an odd-numbered model year vehicle shall be inspected and approved pursuant to sections 307.350 to 307.390 in each odd-numbered year. The certificate of inspection and approval shall be a sticker, seal, or other device or combination thereof, as the superintendent of the Missouri state highway patrol prescribes by regulation and shall be displayed upon the motor vehicle or trailer as prescribed by the regulations established by him. The replacement of certificates of inspection and approval which are lost or destroyed shall be made by the superintendent of the Missouri state highway patrol under regulations prescribed by him.

2. For the purpose of obtaining an inspection only, it shall be lawful to operate a vehicle over the most direct route between the owner's usual place of residence and an inspection station of such owner's choice, notwithstanding the fact that the vehicle does not have a current state registration license. It shall also be lawful to operate such a vehicle from an inspection station to another place where repairs may be made and to return the vehicle to the inspection station notwithstanding the absence of a current state registration license.

3. No person whose motor vehicle was duly inspected and approved as provided in this section shall be required to have the same motor vehicle again inspected and approved for the sole reason that such person wishes to obtain a set of any special personalized license plates available pursuant to section 301.144 or a set of any license plates available pursuant to section 301.142, prior to the expiration date of such motor vehicle's current registration.

4. Notwithstanding the provisions of section 307.390, violation of this section shall be deemed an infraction.

307.380. 1. Every vehicle of the type required to be inspected upon having been involved in an accident and when so directed by a police officer must be inspected and an official certificate of inspection and approval, sticker, seal or other device be obtained for such vehicle before it is again operated on the highways of this state.

2. At the seller's expense every used motor vehicle of the type required to be inspected by section 307.350 shall immediately prior to sale be fully inspected regardless of any current certificate of inspection and approval, and an appropriate new certificate of inspection and approval, sticker, seal or other device shall be obtained **no more than sixty days prior to the date of sale, except that such inspection shall not be required for a motor vehicle sold to a person who lives outside of this state and intends to register the vehicle outside of this state or for a motor vehicle having less than thirty thousand miles for the three-year period following the model year of manufacture when:**

- (2) Sold by a licensed new or used motor vehicle dealer, provided that such dealer has sold at least two hundred motor vehicles in the previous calendar year.

The seller of a motor vehicle required to be inspected under this subsection shall present the certificate of inspection and approval to the buyer at the point of sale and the buyer shall be required to submit the certificate of inspection when applying for registration of the vehicle.

~~[2-]~~ 3. "292.606. 1. Fees shall be collected for a period of six years from August 28, ~~[2018]~~ 2025.

2. (1) Any employer required to report under subsection 1 of section 292.605, except local governments and family-owned farm operations, shall submit an annual fee to the commission of one hundred dollars along with the Tier II form. Owners or operators of petroleum retail facilities shall pay a fee of no more than fifty dollars for each such facility. Any person, firm or corporation selling, delivering or transporting petroleum or petroleum products and whose primary business deals with petroleum products or who is covered by the provisions of chapter 323, if such person, firm or corporation is paying fees under the provisions of the federal hazardous materials transportation registration and fee assessment program, shall deduct such federal fees from those fees owed to the state under the provisions of this subsection. If the federal fees exceed or are equal to what would otherwise be owed under this subsection, such employer shall not be liable for state fees under this subsection. In relation to petroleum products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum products. For the purpose of calculating fees, all grades of gasoline are considered to be one product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and all other heavy distillate products except for grades of gasoline are considered to be one product, and all varieties of motor lubricating oil are considered to be one product. For the purposes of this section "facility" shall mean all buildings, equipment, structures and other stationary items that are located on a single site or on contiguous or adjacent sites and which are owned or operated by the same person. If more than three hazardous substances or mixtures are reported on the Tier II form, the employer shall submit an additional twenty-dollar fee for each hazardous substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, whichever is less, or for explosives or blasting agents on hand at any one time in excess of one hundred pounds. However, no employer shall pay more than ten thousand dollars per year in fees. Moneys acquired through litigation and any administrative fees paid pursuant to subsection 3 of this section shall not be applied toward this cap.

(2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate.

(3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission.

(4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235 exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund

established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.

4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.

5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

6. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

"263.070. 1. A schedule of fees to defray the cost of inspecting greenhouses, nurseries, nursery dealers, nursery stock, plants, plant products and other materials is hereby established and shall be listed in the rules made pursuant to sections 263.010 to 263.180. This fee schedule may be revised from time to time to more accurately reflect the actual cost of these inspections.

2. Greenhouse inspection shall be optional and any grower of greenhouse plants who may desire or find need for a certificate of greenhouse inspection may obtain semiannual inspection of his greenhouse, premises and plants, by making application to the state entomologist. This semiannual inspection and certification of greenhouses shall be performed under the same general provisions as apply to the annual inspection of nurseries. Greenhouse inspection certificates shall expire on November thirtieth of each year.

3. All nurseries in this state shall be inspected at least once each year to ascertain whether they are infested or infected with plant pests **and shall comply with the affidavit requirements under paragraph (d) of subdivision (1) of subsection 5 of this section.** Upon full payment of the fee **and submission of the affidavit** each nurseryman shall receive a written notice of the findings of such inspection along with a nursery inspection certificate; except that, the state entomologist may withhold certification of a nursery pending eradication of extremely serious or abundant plant pests or weeds of such nature which would prevent the adequate inspection of such nursery. This certificate shall be used in connection with the shipment or movement of any nursery stock shown to be apparently free of harmful and destructive plant pests or other nursery stock from which harmful and destructive plant pests have been eliminated. All nursery inspection certificates shall expire on September thirtieth of each year. Each nursery shall be allowed one retail sales outlet per certificate. Additional outlets shall require

separate nursery dealer registration-inspection certificates. When the findings of the annual inspection of a nursery shall in the opinion of the state entomologist warrant such action, additional inspections of the nursery may be made and the nursery may be charged a fee sufficient to cover the cost of such reinspection.

4. By notice in writing the state entomologist may require a nurseryman to hold any variety or any amount of nursery stock for inspection or reinspection by quarantining such nursery stock whenever such action is necessary to determine that it is free from pests or to allow time to eradicate any such pests. The state entomologist may further order the removal from sale and the treatment or destruction of any nursery stock infested or infected with especially injurious pests or nursery stock which is not viable or is in such damaged or desiccated condition as to be incapable of reasonable growth. No compensation shall be paid for any stock ordered destroyed.

5. (1) Each nursery dealer, before selling or offering for sale or otherwise distributing nursery stock within this state, shall annually obtain a nursery dealers' registration-inspection certificate for each individual location from which the dealer sells or offers for sale nursery stock. Each nursery dealer shall make application on forms to be provided by the state entomologist for each individual location, which shall include:

(a) The name and complete address of the nursery dealer's place of business for which such certificate is requested;

(b) A declaration that applicant will obtain and distribute only inspected and certified nursery stock; ~~and~~

(c) An up-to-date listing of all sources from which ~~he~~ the nursery dealer secures nursery stock; and

(d) **An affidavit that the nursery dealer shall not knowingly and intentionally import, export, buy, sell, transport, distribute, or propagate any viable plant portion or seeds of:**

a. Climbing euonymus (*Euonymus fortunei* variety *Coloratus*), all varieties and cultivars of Japanese honeysuckle (*Lonicera japonica*), or all varieties and cultivars of *Sericea lespedeza* (*Lespedeza cuneata*), or perilla mint (*Perilla frutescens*) on or after January 1, 2027; or

b. Burning bush (*Euonymus alatus* 'Compactus') or all varieties and cultivars of Callery pear (*Pyrus calleryana*) on or after January 1, 2029.

(2) Each nursery dealer shall pay, at the time of making application, the annual registration-inspection fee as set forth in the rules made pursuant to sections 263.010 to 263.180.

(3) All nursery dealer registration-inspection certificates shall expire on September thirtieth of each year.

(4) The state entomologist may inspect or cause to be inspected the premises of any nursery dealer including any sales yard, packing shed, nursery stock on hand or equipment, for the presence of dangerous and destructive plant pests which may be disseminated on nursery stock.

6. By notice in writing the state entomologist may require a nursery dealer to hold any variety or any amount of nursery stock by quarantining such nursery stock whenever such action is necessary to determine that it is free from pests or to allow time to eradicate any such pests. The state entomologist may further order the removal from sale and the treatment or destruction of any nursery stock infested or infected with especially injurious pests, or nursery stock which is not viable or is in such damaged or desiccated condition as to be incapable of reasonable growth. No compensation shall be paid for any stock ordered destroyed.

7. Any person in need of a special inspection and certification of nursery stock, other plants or plant products may upon request to the state entomologist have same inspected for plant pests. A fee sufficient to cover the cost of such inspection or certificate, or both, may be charged. Upon completion of the inspection and payment of the fee, a certificate of inspection shall be issued provided the plants or plant products are free of harmful plant pests. The state entomologist may enter into agreements with various persons or companies, to carry out the requirements of this state and importing states or countries.

8. All moneys received for any inspection fee or other receipts under this law shall be deposited in the state treasury and shall be subject to appropriation by the general assembly."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-NINTH DAY, THURSDAY, APRIL 24, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

He giveth power to the faint; and to them that have no might He increaseth strength. (Isaiah 40:29)

O God, who is always the same, whose saving truth never leaves us and whose patient love never lets us go, make us conscious of Your powerful presence as in spirit we bow before You in this morning moment of prayer. Speak Your word to us and give us ears to hear, minds to heed, and hands and feet to do Your will in Your way for Your work.

Humble us in our pride, strengthen us in our weakness, and make us great in heart when we would be little in spirit that we may have joy in our endeavors and peace in our hearts when we vote.

Bless our State and every institution, every person, every effort made which helps us to love one another and to live together in peace in our Show Me State.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited by Christopher Ray Harbison.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Isabel Wellenkamp, C-Ray Harbison, Ellie Mae Harbison, John Michael Harbison, and Tony Harbison.

The Journal of the fifty-eighth day was approved as printed by the following vote:

"162.705. 1. If a school district or special district fails or is unable to provide special educational services to each handicapped or severely handicapped child as required in sections 162.670 to 162.995, the district shall contract with a nearby district or districts or public agency or agencies for such special educational services. If the board of education of the district finds that no adequate program for handicapped or severely handicapped children is available in nearby districts or through public agencies, it may contract with any organization within the state which has programs meeting the standards established by the state board of education. If such district fails to contract for such services, the state board of education may contract for such services with a nearby district or districts or public agency or agencies. If the state board of education finds, after investigation by the state department of education, that no adequate program for handicapped or severely handicapped children is available in nearby districts or through public agencies, the state board of education may contract with any organization within the state **or an adjacent state** which has programs meeting the standards established by the state board of education. Assignment of handicapped or severely handicapped children under this section shall be made to a particular school or program which, in the judgment of the state department of elementary and secondary education, can best provide special educational services to meet the needs of the child, and such assignment shall be made upon the basis of competent evaluation. The state board of education may seek the advice of established and ad hoc advisory committees in developing standards for approving programs and costs of programs operated by organizations. Nothing contained within this section shall be construed to affect the provisions of section 162.700 or 162.725.

2. Per pupil costs of contractual arrangements shall be the obligation of the district of residence, except districts which are part of a special school district, or special district of residence; provided, however, that if the contract is with another district or special district, the district providing the services under contractual arrangements shall include children served under such contractual arrangements in determining the total per pupil cost for which the district of residence is responsible. If the contract is with a public agency or an organization, the district of residence shall be entitled to receive state aid as provided in section 163.031 and in section 162.980. Where the state board of education contracts for special educational services pursuant to subsection 1 of this section, the state board of education shall submit to the responsible district a bill for the per pupil cost payable by that district under the terms of this subsection. Failure of a district to pay such cost within ninety days after a bill is submitted by the state board of education shall result in the deduction of the amount due by the state board of education from subsequent payments of state moneys due such district or special district.

3. If the state board of education determines, after inspection by the state department of elementary and secondary education and upon the recommendation of the commissioner of education, that handicapped or severely handicapped children residing within the district may better be provided special educational services by the district or special district of residence, the state board of education shall order the district to provide special educational services in accordance with sections 162.670 to 162.995.

4. If the state board of education determines, after public hearing before the commissioner of education held in the school district on due notice, that the district has failed to provide special educational services in accordance with an order issued under subsection 3 of this section, the state board of education shall withhold all or such portion of the state aid under sections 162.670 to 162.995 and under chapter 163 as in its judgment is necessary to require the district to carry out its responsibility under sections 162.670 to 162.995. The denial of state financial assistance hereunder may continue until the failure to provide special educational services is remedied.

5. No contract shall be made under sections 162.670 to 162.995 contrary to the provisions of Article I, Section 7 or Article IX, Section 8 of the Constitution of Missouri."; and

2. In lieu of the retirement allowance provided in subsection 1 of this section, a member whose age is sixty years or more on September 28, 1975, may elect to have the member's retirement allowance calculated as a sum of the following items:

(1) Sixty cents plus one and five-tenths percent of the member's final average salary for each year of membership service;

(1) In lieu of the retirement allowance provided either in subsection 1 or 2 of this section, collectively called "option 1", a member whose creditable service is twenty-five years or more or who has attained the age of fifty-five with five or more years of creditable service may elect in the member's application for retirement to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the retired member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the total of the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated to receive the survivorship payments dies before the effective date of retirement, the option shall not be effective, provided that:

If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section;

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either a payment of the member's accumulated contributions, or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the member's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 or 2 of this section.

4. If the total of the retirement or disability allowance paid to an individual before the death of the individual is less than the accumulated contributions at the time of retirement, the difference shall be paid to the beneficiary of the individual, or to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the individual in that order of precedence. If an optional benefit as provided in option 2, 3 or 4 in subsection 3 of this section had been elected, and the beneficiary dies after receiving the optional benefit, and if the total retirement allowance paid to the retired individual and the beneficiary of the retired individual is less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

5. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

6. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the death of the member shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the estate of the member, in that order of precedence; except that, no such payment shall be made if the beneficiary elects option 2 in subsection 3 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

7. If a member ceases to be a public school employee as herein defined and certifies to the board of trustees that such cessation is permanent, or if the membership of the person is otherwise terminated, the member shall be paid the member's accumulated contributions with interest.

8. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, if a member ceases to be a public school employee after acquiring five or more years of membership service in Missouri, the member may at the option of the member leave the member's contributions with the retirement system and claim a retirement allowance any time after reaching the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.010 to 169.141 on the basis of the member's age, years of service, and the provisions of the law in effect at the time the member requests the member's retirement to become effective.

9. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty, or fifty percent of one-twelfth of the annual salary rate used in determining the member's contributions during the last school year for which the member received a year of creditable service immediately prior to the member's disability, whichever is greater, except that no such allowance shall exceed the retirement allowance to which the member would have been entitled upon retirement at age sixty if the member had continued to teach from the date of disability until age sixty at the same salary rate.

10. Notwithstanding any provisions of sections 169.010 to 169.141 to the contrary, from October 13, 1961, the contribution rate pursuant to sections 169.010 to 169.141 shall be multiplied by the factor of two-thirds for any member of the system for whom federal Old Age and Survivors Insurance tax is paid from state or local tax funds on account of the member's employment entitling the person to membership in the system. The monetary benefits for a member who elected not to exercise an option to pay into the system a retroactive contribution of four percent on that part of the member's annual salary rate which was in excess of four thousand eight hundred dollars but not in excess of eight thousand four hundred dollars for each year of employment in a position covered by this system between July 1, 1957, and July 1, 1961, as provided in subsection 10 of this section as it appears in RSMo, 1969, shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, and prior to July 1, 1961, the benefits provided in this section as it appears in RSMo, 1959; except that if the member has at least thirty years of creditable service at retirement the member shall receive the benefit payable pursuant to that section as though the member's age were sixty-five at retirement;

(4) For years of membership service after July 1, 1961, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

11. The monetary benefits for each other member for whom federal Old Age and Survivors Insurance tax is or was paid at any time from state or local funds on account of the member's employment entitling the member to membership in the system shall be the sum of:

(1) For years of service prior to July 1, 1946, six-tenths of the full amount payable for years of membership service;

(2) For years of membership service after July 1, 1946, in which the full contribution rate was paid, full benefits under the formula in effect at the time of the member's retirement;

(3) For years of membership service after July 1, 1957, in which the two-thirds contribution rate was paid, two-thirds of the benefits under the formula in effect at the time of the member's retirement.

12. Any retired member of the system who was retired prior to September 1, 1972, or beneficiary receiving payments under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 1, 1972, will be eligible to receive an increase in the retirement allowance of the member of two percent for each year, or major fraction of more than one-half of a year, which the retired member has been retired prior to July 1, 1975. This increased amount shall be payable commencing with January, 1976, and shall thereafter be referred to as the member's retirement allowance. The increase provided for in this subsection shall not affect the retired member's eligibility for compensation provided for in section ~~[169.580 or]~~ 169.585, nor shall the amount being paid pursuant to these sections be reduced because of any increases provided for in this section.

13. (1) If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases two percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by two percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board with the provision that the increases provided for in this subsection shall not become effective until the fourth January first following the member's retirement or January 1, 1977, whichever later occurs, or in the case of any member retiring on or after July 1, 2000, the increase provided for in this subsection shall not become effective until the third January first following the member's retirement, or in the case of any member retiring on or after July 1, 2001, the increase provided for in this subsection shall not become effective until the second January first following the member's retirement. Commencing with January 1, 1992, if the board of trustees determines that the cost of living has increased five percent or more in the preceding fiscal year, the board shall increase the retirement allowances by five percent. The total of the increases granted to a retired member or the beneficiary after December 31, 1976, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other subsections.

(2) **Notwithstanding any other provision of this chapter to the contrary, the limitation on the total of the increases granted to a retired member or beneficiary as provided by subdivision (1) of this subsection shall be subject to an annual increase approved by the board of trustees beginning on December 31, 2025, and on each December thirty-first thereafter, except that such annual increase shall not exceed one percent per year. Any increase to the limitation shall depend on the performance of the system's investments. If the system's investments earn two percent or greater returns in excess of the investment return rate adopted by the board of trustees in the immediately prior fiscal year, then the percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall be increased by one percent. The one percent increase shall be incorporated in the calculation applicable to the retirement allowances in the calendar year that immediately follows the fiscal year in which the system's investments met or exceeded by two percent the investment return rate. The total of the increases granted to a retired member or beneficiary shall not exceed one hundred percent of the retirement allowance established at retirement or as previously adjusted by other sections. The percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall not be decreased. Any reference to the limitation on the total of increases granted to a retired member or beneficiary in any other section of this chapter shall be construed to be the percentage of the retirement allowance in effect as increased pursuant to this subdivision, unless such increase to the percentage of the retirement allowance is otherwise expressly excluded.**

(3) If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

14. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 13 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; except that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1976.

15. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

16. Notwithstanding any other provision of law, any person retired prior to September 28, 1983, who is receiving a reduced retirement allowance under option 1 or option 2 of subsection 3 of this section, as such option existed prior to September 28, 1983, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have his or her retirement allowance increased to the amount he or she would have been receiving had the option not been elected, actuarially adjusted to recognize any excessive benefits which would have been paid to him or her up to the time of application.

17. Benefits paid pursuant to the provisions of the public school retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code except as provided pursuant to this subsection. Notwithstanding any other law to the contrary, the board of trustees may establish a benefit plan pursuant to Section 415(m) of Title 26 of the United States Code. Such plan shall be created solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

18. Notwithstanding any other provision of law to the contrary, any person retired before, on, or after May 26, 1994, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive an amount based on the person's years of service so that the total amount received pursuant to sections 169.010 to 169.141 shall be at least the minimum amounts specified in subdivisions (1) to (4) of this subsection. In determining the minimum amount to be received, the amounts in subdivisions (3) and (4) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance. In determining the minimum amount to be received, beginning September 1, 1996, the amounts in subdivisions (1) and (2) of this subsection shall be adjusted in accordance with the actuarial adjustment, if any, that was applied to the person's retirement allowance due to election of an optional form of retirement having a continued monthly payment after the person's death. Notwithstanding any other provision of law to the contrary, no person retired before, on, or after May 26, 1994, and no beneficiary of such a person, shall receive a retirement benefit pursuant to sections 169.010 to 169.141 based on the person's years of service less than the following amounts:

- (1) Thirty or more years of service, one thousand two hundred dollars;
- (2) At least twenty-five years but less than thirty years, one thousand dollars;
- (3) At least twenty years but less than twenty-five years, eight hundred dollars;
- (4) At least fifteen years but less than twenty years, six hundred dollars.

19. Notwithstanding any other provisions of law to the contrary, any person retired prior to May 26, 1994, and any designated beneficiary of such a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement or aging and upon request shall give written or oral opinions to the board in response to such requests. Beginning September 1, 1996, as compensation for such service, the member shall have added, pursuant to this subsection, to the member's monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. Beginning September 1, 1999, the designated beneficiary of the deceased member shall as compensation for such service have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to the lesser of sixty dollars or the product of two dollars multiplied by the member's number of years of creditable service. The total compensation provided by this section including the compensation provided by this subsection shall be used in calculating any future cost-of-living adjustments provided by subsection 13 of this section.

20. Any member who has retired prior to July 1, 1998, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties the person shall receive a payment equivalent to eight and seven-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

21. Any member who has retired shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such request. As compensation for such duties, the beneficiary of the retired member, or, if there is no beneficiary, the surviving spouse, surviving children in equal shares, surviving parents in

equal shares, or estate of the retired member, in that order of precedence, shall receive as a part of compensation for these duties a death benefit of five thousand dollars.

22. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a retired member who was deceased prior to July 1, 1999, shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall have added, pursuant to this subsection, to the monthly annuity as provided by this section a dollar amount equal to five dollars times the member's number of years of creditable service.

23. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a payment equivalent to three and five-tenths percent of the previous month's benefit, which shall be added to the member or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

24. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging, and upon request shall give written or oral opinions to the board in response to such requests. As compensation for such duties, the person shall receive a dollar amount equal to three dollars times the member's number of years of creditable service, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 13 and 14 of this section for the purposes of the limit on the total amount of increases which may be received.

169.670. 1. The retirement allowance of a member whose age at retirement is sixty years or more and whose creditable service is five years or more, or whose sum of age and creditable service equals eighty years or more, or whose creditable service is thirty years or more regardless of age, shall be the sum of the following items:

(1) For each year of membership service, one and sixty-one hundredths percent of the member's final average salary;

(2) Six-tenths of the amount payable for a year of membership service for each year of prior service;

(3) Eighty-five one-hundredths of one percent of any amount by which the member's average compensation for services rendered prior to July 1, 1973, exceeds the average monthly compensation on which federal Social Security taxes were paid during the period over which such average compensation was computed, for each year of membership service credit for services rendered prior to July 1, 1973, plus six-tenths of the amount payable for a year of membership service for each year of prior service credit;

(4) In lieu of the retirement allowance otherwise provided by subdivisions (1) to (3) of this subsection, a member may elect to receive a retirement allowance of:

(a) One and fifty-nine hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-nine years or more but less than thirty years and the member has not attained the age of fifty-five;

(b) One and fifty-seven hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-eight years or more but less than twenty-nine years, and the member has not attained the age of fifty-five;

(c) One and fifty-five hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-seven years or more but less than twenty-eight years and the member has not attained the age of fifty-five;

(d) One and fifty-three hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-six years or more but less than twenty-seven years and the member has not attained the age of fifty-five;

(e) One and fifty-one hundredths percent of the member's final average salary for each year of membership service, if the member's creditable service is twenty-five years or more but less than twenty-six years and the member has not attained the age of fifty-five; and

(5) In addition to the retirement allowance provided in subdivisions (1) to (3) of this subsection, a member retiring on or after July 1, 2001, whose creditable service is thirty years or more or whose sum of age and creditable service is eighty years or more, shall receive a temporary retirement allowance equivalent to eight-tenths of one percent of the member's final average salary multiplied by the member's years of service until such time as the member reaches the minimum age for Social Security retirement benefits.

2. (1) If the board of trustees determines that the cost of living, as measured by generally accepted standards, increases five percent or more in the preceding fiscal year, the board shall increase the retirement allowances which the retired members or beneficiaries are receiving by five percent of the amount being received by the retired member or the beneficiary at the time the annual increase is granted by the board; provided that, the increase provided in this subsection shall not become effective until the fourth January first following a member's retirement or January 1, 1982, whichever occurs later, and the total of the increases granted to a retired member or the beneficiary after December 31, 1981, may not exceed eighty percent of the retirement allowance established at retirement or as previously adjusted by other provisions of law.

(2) **Notwithstanding any other provision of this chapter to the contrary, the limitation on the total of the increases granted to a retired member or beneficiary as provided by subdivision (1) of this subsection shall be subject to an annual increase approved by the board of trustees beginning on December 31, 2025, and on each December thirty-first thereafter, except that such annual increase shall not exceed one percent per year. Any increase to the limitation shall depend on the performance of the system's investments. If the system's investments earn two percent or greater returns in excess of the investment return rate adopted by the board of trustees in the immediately prior fiscal year, then the percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall be increased by one percent. The one percent increase shall be incorporated in the calculation applicable to the retirement allowances in the calendar year that immediately follows the fiscal year in which the system's investments met or exceeded by two percent the investment return rate. The total of the increases granted to a retired member or beneficiary shall not exceed one hundred percent of the retirement allowance established at retirement or as previously adjusted by other sections. The percentage of the retirement allowance for the total of increases granted to a retired member or beneficiary shall not be decreased. Any reference to the limitation on the total of increases granted to a retired member or beneficiary in any other section of this chapter shall be construed to be the percentage of the retirement allowance in effect as increased pursuant to this subdivision, unless such increase to the percentage of the retirement allowance is otherwise expressly excluded.**

(3) If the cost of living increases less than five percent, the board of trustees may determine the percentage of increase to be made in retirement allowances, but at no time can the increase exceed five percent per year. If the cost of living decreases in a fiscal year, there will be no increase in allowances for retired members on the following January first.

3. The board of trustees may reduce the amounts which have been granted as increases to a member pursuant to subsection 2 of this section if the cost of living, as determined by the board and as measured by generally accepted standards, is less than the cost of living was at the time of the first increase granted to the member; provided that, the reductions shall not exceed the amount of increases which have been made to the member's allowance after December 31, 1981.

4. (1) In lieu of the retirement allowance provided in subsection 1 of this section, called option 1, a member whose creditable service is twenty-five years or more or who has attained age fifty-five with five or more years of creditable service may elect, in the application for retirement, to receive the actuarial equivalent of the member's retirement allowance in reduced monthly payments for life during retirement with the provision that:

Option 2.

Upon the member's death, the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member as the member shall have nominated in the member's election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 3.

Upon the death of the member three-fourths of the reduced retirement allowance shall be continued throughout the life of and paid to such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the retired member, the retirement allowance will be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 4.

Upon the death of the member one-half of the reduced retirement allowance shall be continued throughout the life of, and paid to, such person as has an insurable interest in the life of the member and as the member shall have nominated in an election of the option, and provided further that if the person so nominated dies before the

retired member, the retirement allowance shall be increased to the amount the retired member would be receiving had the member elected option 1; or

Option 5.

Upon the death of the member prior to the member having received one hundred twenty monthly payments of the member's reduced allowance, the remainder of the one hundred twenty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the one hundred twenty monthly payments, the reserve for the remainder of such one hundred twenty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the one hundred twenty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 6.

Upon the death of the member prior to the member having received sixty monthly payments of the member's reduced allowance, the remainder of the sixty monthly payments of the reduced allowance shall be paid to such beneficiary as the member shall have nominated in the member's election of the option or in a subsequent nomination. If there is no beneficiary so nominated who survives the member for the remainder of the sixty monthly payments, the reserve for the remainder of such sixty monthly payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the last person, in that order of precedence, to receive a monthly allowance in a lump sum payment. If the total of the sixty payments paid to the retired individual and the beneficiary of the retired individual is less than the total of the member's accumulated contributions, the difference shall be paid to the beneficiary in a lump sum; or

Option 7.

A plan of variable monthly benefit payments which provides, in conjunction with the member's retirement benefits under the federal Social Security laws, level or near-level retirement benefit payments to the member for life during retirement, and if authorized, to an appropriate beneficiary designated by the member. Such a plan shall be actuarially equivalent to the retirement allowance under option 1 and shall be available for election only if established by the board of trustees under duly adopted rules.

(2) The election of an option may be made only in the application for retirement and such application must be filed prior to the date on which the retirement of the member is to be effective. If either the member or the person nominated dies before the effective date of retirement, the option shall not be effective, provided that:

(a) If the member or a person retired on disability retirement dies after attaining age fifty-five and acquiring five or more years of creditable service or after acquiring twenty-five or more years of creditable service and before retirement, except retirement with disability benefits, and the person named by the member as the member's beneficiary has an insurable interest in the life of the deceased member, the designated beneficiary may elect to receive either survivorship payments under option 2 or a payment of the member's accumulated contributions. If survivorship benefits under option 2 are elected and the member at the time of death would have been eligible to receive an actuarial equivalent of the member's retirement allowance, the designated beneficiary may further elect to defer the option 2 payments until the date the member would have been eligible to receive the retirement allowance provided in subsection 1 of this section.

(b) If the member or a person retired on disability retirement dies before attaining age fifty-five but after acquiring five but fewer than twenty-five years of creditable service, and the person named as the beneficiary has an insurable interest in the life of the deceased member or disability retiree, the designated beneficiary may elect to receive either a payment of the person's accumulated contributions or survivorship benefits under option 2 to begin on the date the member would first have been eligible to receive an actuarial equivalent of the person's retirement allowance, or to begin on the date the member would first have been eligible to receive the retirement allowance provided in subsection 1 of this section.

5. If the total of the retirement or disability allowances paid to an individual before the person's death is less than the person's accumulated contributions at the time of the person's retirement, the difference shall be paid to the person's beneficiary or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or person's estate, in that order of precedence; provided, however, that if an optional benefit, as provided in option 2, 3 or 4 in subsection 4 of this section, had been elected and the beneficiary dies after receiving the optional benefit, then, if the total retirement allowances paid to the retired individual and the individual's beneficiary are less than the total of the contributions, the difference shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that

order of precedence, unless the retired individual designates a different recipient with the board at or after retirement.

6. If a member dies and his or her financial institution is unable to accept the final payment or payments due to the member, the final payment or payments shall be paid to the beneficiary of the member or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated. If the beneficiary of a deceased member dies and his or her financial institution is unable to accept the final payment or payments, the final payment or payments shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the member, in that order of precedence, unless otherwise stated.

7. If a member dies before receiving a retirement allowance, the member's accumulated contributions at the time of the member's death shall be paid to the member's beneficiary or, if there is no beneficiary, to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or to the member's estate; provided, however, that no such payment shall be made if the beneficiary elects option 2 in subsection 4 of this section, unless the beneficiary dies before having received benefits pursuant to that subsection equal to the accumulated contributions of the member, in which case the amount of accumulated contributions in excess of the total benefits paid pursuant to that subsection shall be paid to the surviving spouse, surviving children in equal shares, surviving parents in equal shares, or estate of the beneficiary, in that order of precedence.

8. If a member ceases to be an employee as defined in section 169.600 and certifies to the board of trustees that such cessation is permanent or if the person's membership is otherwise terminated, the person shall be paid the person's accumulated contributions with interest.

9. Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, if a member ceases to be an employee as defined in section 169.600 after acquiring five or more years of creditable service, the member may, at the option of the member, leave the member's contributions with the retirement system and claim a retirement allowance any time after the member reaches the minimum age for voluntary retirement. When the member's claim is presented to the board, the member shall be granted an allowance as provided in sections 169.600 to 169.715 on the basis of the member's age and years of service.

10. The retirement allowance of a member retired because of disability shall be nine-tenths of the allowance to which the member's creditable service would entitle the member if the member's age were sixty.

11. Notwithstanding any provisions of sections 169.600 to 169.715 to the contrary, any member who is a member prior to October 13, 1969, may elect to have the member's retirement allowance computed in accordance with sections 169.600 to 169.715 as they existed prior to October 13, 1969.

12. Any application for retirement shall include a sworn statement by the member certifying that the spouse of the member at the time the application was completed was aware of the application and the plan of retirement elected in the application.

13. Notwithstanding any other provision of law, any person retired prior to August 14, 1984, who is receiving a reduced retirement allowance under option 1 or 2 of subsection 4 of this section, as the option existed prior to August 14, 1984, and whose beneficiary nominated to receive continued retirement allowance payments under the elected option dies or has died, shall upon application to the board of trustees have the person's retirement allowance increased to the amount the person would have been receiving had the person not elected the option actuarially adjusted to recognize any excessive benefits which would have been paid to the person up to the time of the application.

14. Benefits paid pursuant to the provisions of the public education employee retirement system of Missouri shall not exceed the limitations of Section 415 of Title 26 of the United States Code, except as provided under this subsection. Notwithstanding any other law, the board of trustees may establish a benefit plan under Section 415(m) of Title 26 of the United States Code. Such plan shall be credited solely for the purpose described in Section 415(m)(3)(A) of Title 26 of the United States Code. The board of trustees may promulgate regulations necessary to implement the provisions of this subsection and to create and administer such benefit plan.

15. Any member who has retired prior to July 1, 1999, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to seven and four-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

16. Any member who has retired prior to July 1, 2000, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to three and four-tenths percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received.

17. Any member who has retired prior to July 1, 2001, and the designated beneficiary of a deceased retired member upon request shall be made, constituted, appointed and employed by the board as a special consultant on the matters of education, retirement and aging. As compensation for such duties the person shall receive a payment equivalent to seven and one-tenth percent of the previous month's benefit, which shall be added to the member's or beneficiary's monthly annuity and which shall not be subject to the provisions of subsections 2 and 3 of this section for the purposes of the limit on the total amount of increases which may be received."; and

(2) The school district **or charter school** shall also ensure that a criminal background check is conducted for school bus drivers **and drivers of other vehicles owned by the school district or charter school or operated under contract with a school district or charter school and used for the purpose of transporting school children**. The **school district or charter school** may allow such drivers to operate buses **and other vehicles** pending the result of the criminal background check. ~~[For bus drivers,]~~ The school district **or charter school** shall be responsible for conducting the criminal background check on drivers employed by the school district **or charter school under section 43.540**.

(3) For drivers employed **or contracted** by a pupil transportation company under contract with the school district **or a charter school**, the criminal background check shall be conducted **by the pupil transportation company** pursuant to section ~~[43.540]~~ **43.539** and conform to the requirements established in the National Child Protection Act of 1993, as amended by the Volunteers for Children Act.

(4) Personnel who have successfully undergone a criminal background check and a check of the family care safety registry as part of the professional license application process under section 168.021 and who have received clearance on the checks within one prior year of employment shall be considered to have completed the background check requirement.

(5) A criminal background check under this section shall include a search of any information publicly available in an electronic format through a public index or single case display.

3. In order to facilitate the criminal history background check, the applicant shall submit a set of fingerprints collected pursuant to standards determined by the Missouri highway patrol. The fingerprints shall be used by the highway patrol to search the criminal history repository and shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files.

4. The applicant shall pay the fee for the state criminal history record information pursuant to section 43.530 and sections 210.900 to 210.936 and pay the appropriate fee determined by the Federal Bureau of Investigation for the federal criminal history record when he or she applies for a position authorized to have contact with pupils pursuant to this section. The department shall distribute the fees collected for the state and federal criminal histories to the Missouri highway patrol.

The Missouri state highway patrol shall provide ongoing electronic updates to criminal history background checks of those persons previously submitted, both those who have an active certificate and those who do not have an active certificate, by the department of elementary and secondary education. This shall fulfill the annual check against the criminal history records in the central repository under section 43.530.

6. The school district **or charter school** may adopt a policy to provide for reimbursement of expenses incurred by an employee for state and federal criminal history information pursuant to section 43.530.

8. Any school official making a report to the department of elementary and secondary education in conformity with this section shall not be subject to civil liability for such action.

9. For any teacher who is employed by a school district **or charter school** on a substitute or part-time basis within one year of such teacher's retirement from a Missouri school, the state of Missouri shall not require such teacher to be subject to any additional background checks prior to having contact with pupils. Nothing in this

subsection shall be construed as prohibiting or otherwise restricting a school district **or charter school** from requiring additional background checks for such teachers employed by the school district **or charter school**.

10. A criminal background check and fingerprint collection conducted under subsections 1 to 3 of this section shall be valid for at least a period of one year and transferrable from one school district **or charter school** to another district **or charter school**. A school district **or charter school** may, in its discretion, conduct a new criminal background check and fingerprint collection under subsections 1 to 3 **of this section** for a newly hired employee at the district's **or charter school's** expense. A teacher's change in type of certification shall have no effect on the transferability or validity of such records.

11. Nothing in this section shall be construed to alter the standards for suspension, denial, or revocation of a certificate issued pursuant to this chapter.

12. The state board of education may promulgate rules for criminal history background checks made pursuant to this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after January 1, 2005, shall be invalid and void."; and

The director may establish procedures to verify the lawful presence of the applicant and establish the duration of any driver's license issued under this section.

10. The director of revenue may adopt any rules and regulations necessary to carry out the provisions of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536.

302.272. 1. No person shall operate any school bus owned by or under contract with a public school or the state board of education unless such driver has qualified for a school bus endorsement under this section and complied with the pertinent rules and regulations of the department of revenue and any final rule issued by the secretary of the United States Department of Transportation or has a valid school bus endorsement on a valid commercial driver's license issued by another state. A school bus endorsement shall be issued to any applicant who meets the following qualifications:

3. The director may adopt any rules and regulations necessary to carry out the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

4. Notwithstanding the requirements of this section, an applicant who resides in another state and possesses a valid driver's license from his or her state of residence with a valid school bus endorsement for the type of vehicle being operated shall not be required to obtain a Missouri driver's license with a school bus endorsement.

302.735. 1. An application shall not be taken from a nonresident after September 30, 2005. The application for a commercial driver's license shall include, but not be limited to, the applicant's legal name, mailing and residence address, if different, a physical description of the person, including sex, height, weight and eye color, the person's Social Security number, date of birth and any other information deemed appropriate by the director. The application shall also require, beginning September 30, 2005, the applicant to provide the names of all states where the applicant has been previously licensed to drive any type of motor vehicle during the preceding ten years.

2. A commercial driver's license shall expire on the applicant's birthday in the sixth year after issuance, unless the license must be issued for a shorter period due to other requirements of law or for transition or staggering of work as determined by the director, and must be renewed on or before the date of expiration. When a person changes such person's name an application for a duplicate license shall be made to the director of revenue. When a person changes such person's mailing address or residence the applicant shall notify the director of revenue of said

change, however, no application for a duplicate license is required. A commercial license issued pursuant to this section to an applicant less than twenty-one years of age and seventy years of age and older shall expire on the applicant's birthday in the third year after issuance, unless the license must be issued for a shorter period as determined by the director.

3. A commercial driver's license containing a hazardous materials endorsement issued to an applicant who is between the age of twenty-one and sixty-nine shall not be issued for a period exceeding five years from the approval date of the security threat assessment as determined by the Transportation Security Administration.

4. The director shall issue ~~an annual~~ **a biennial** commercial driver's license containing a school bus endorsement to an applicant who is ~~seventy~~ **seventy-five** years of age or older. The fee for such license shall be seven dollars and fifty cents.

5. A commercial driver's license containing a hazardous materials endorsement issued to an applicant who is seventy years of age or older shall not be issued for a period exceeding three years. The director shall not require such drivers to obtain a security threat assessment more frequently than such assessment is required by the Transportation Security Administration under the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act (USA PATRIOT ACT) of 2001.

(1) The state shall immediately revoke a hazardous materials endorsement upon receipt of an initial determination of threat assessment and immediate revocation from the Transportation Security Administration as defined by 49 CFR 1572.13(a).

(2) The state shall revoke or deny a hazardous materials endorsement within fifteen days of receipt of a final determination of threat assessment from the Transportation Security Administration as required by CFR 1572.13(a).

6. The fee for a commercial driver's license or renewal commercial driver's license issued for a period greater than three years shall be forty dollars.

7. The fee for a commercial driver's license or renewal commercial driver's license issued for a period of three years or less shall be twenty dollars.

8. The fee for a duplicate commercial driver's license shall be twenty dollars.

9. In order for the director to properly transition driver's license requirements under the Motor Carrier Safety Improvement Act of 1999 and the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act (USA PATRIOT ACT) of 2001, the director is authorized to stagger expiration dates and make adjustments for any fees, including driver examination fees that are incurred by the driver as a result of the initial issuance of a transitional license required to comply with such acts.

10. Within thirty days after moving to this state, the holder of a commercial driver's license shall apply for a commercial driver's license in this state. The applicant shall meet all other requirements of sections 302.700 to 302.780, except that the director may waive the driving test for a commercial driver's license as required in section 302.720 if the applicant for a commercial driver's license has a valid commercial driver's license from a state which has requirements for issuance of such license comparable to those in this state.

11. Any person who falsifies any information in an application or test for a commercial driver's license shall not be licensed to operate a commercial motor vehicle, or the person's commercial driver's license shall be cancelled, for a period of one year after the director discovers such falsification.

12. Beginning July 1, 2005, the director shall not issue a commercial driver's license under this section unless the director verifies that the applicant is lawfully present in the United States before accepting the application. If lawful presence is granted for a temporary period, no commercial driver's license shall be issued. The director may, by rule or regulation, establish procedures to verify the lawful presence of the applicant and establish the duration of any commercial driver's license issued under this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

13. (1) Effective December 19, 2005, notwithstanding any provisions of subsections 1 and 5 of this section to the contrary, the director may issue a nondomiciled commercial driver's license or commercial driver's instruction permit to a resident of a foreign jurisdiction if the United States Secretary of Transportation has determined that the commercial motor vehicle testing and licensing standards in the foreign jurisdiction do not meet the testing standards established in 49 CFR 383.

(2) Any applicant for a nondomiciled commercial driver's license or commercial driver's instruction permit must present evidence satisfactory to the director that the applicant currently has employment with an employer in this state. The nondomiciled applicant must meet the same testing, driver record requirements, conditions, and is subject to the same disqualification and conviction reporting requirements applicable to resident commercial drivers.

(3) The nondomiciled commercial driver's license will expire on the same date that the documents establishing lawful presence for employment expire. The word "nondomiciled" shall appear on the face of the nondomiciled commercial driver's license. Any applicant for a Missouri nondomiciled commercial driver's license or commercial driver's instruction permit must first surrender any nondomiciled commercial driver's license issued by another state.

(4) The nondomiciled commercial driver's license applicant must pay the same fees as required for the issuance of a resident commercial driver's license or commercial driver's instruction permit.

14. Foreign jurisdiction for purposes of issuing a nondomiciled commercial driver's license or commercial driver's instruction permit under this section shall not include any of the fifty states of the United States or Canada or Mexico."; and

In the event that federal funding fails to be appropriated at the authorized level as described in 20 U.S.C. 1419(b)(2), the implementation of this subsection relating to services for children with disabilities three and four years of age may be delayed until such time as funds are appropriated to meet such level. Each local school district and each special school district shall be responsible to engage in a planning process to design the service delivery system necessary to provide special education and related services for children three and four years of age with disabilities. The planning process shall include public, private, and private not-for-profit agencies which have provided such services for this population. The school district, or school districts, or special school district, shall be responsible for designing an efficient service delivery system which uses the present resources of the local community which may be funded by the department of elementary and secondary education or the department of mental health. School districts may coordinate with public, private, and private not-for-profit agencies presently in existence. The service delivery system shall be consistent with the requirements of the department of elementary and secondary education to provide appropriate special education services in the least restrictive environment.

2. Every local school district or, if a special district is in operation, every special school district shall obtain current appropriate diagnostic reports for each **child** with disabilities ~~[child]~~ prior to assignment in a special program. 5. For the purposes of this act, remedial reading programs are not a special ~~[education]~~ **educational** service as defined by subdivision (4) of section 162.675.

6. Any and all state costs required to fund special education services for three- and four-year-old children under this section shall be provided for by a specific, separate appropriation and shall not be funded by a reallocation of money appropriated for the public school foundation program.

7. (2) The category of young child with a developmental delay shall not be used to determine continuing eligibility for special educational services for a student who is seven years of age before August first of a given school year, but eligibility for special educational services may be determined for such students through any other disability category.

9. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void."; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-THIRD DAY, MONDAY, APRIL 14, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we come to You with humbleness of mind, acknowledging Your goodness towards us.

Please continue to open hearts by Your Holy Spirit, especially when the world gives us this opportunity to share our faith, as we approach the day that we celebrate Christ's resurrection from the dead.

Help us, by Your Spirit, to share with others the beauty of Your salvation, and cause us to seek Your Face, as we make decisions that affect the people of Missouri.

In Jesus's name we pray, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as an Honorary Page for the Day, to serve without compensation: Graeson Hirschvogel.

GOVERNOR'S PROCLAMATION

WHEREAS, Article IV, Section 27, authorizes the Governor to control the rate at which any appropriation is expended by allotment and, further, authorizes the Governor to reduce the expenditures of the state or any of its agencies below their appropriations whenever the actual revenues are less than the revenue estimates upon which the appropriations were based; and

WHEREAS, in addition to the power to control the rate of expenditure established in Article IV, Section 27, three percent of each appropriation, with the exception of amounts for personal service to pay salaries fixed by law, shall be set aside pursuant to section 33.290, RSMo, as a reserve fund and not subject to expenditure except with the approval of the Governor; and

WHEREAS, Article IV, Section 27.2, provides that the Governor notify the General Assembly "whenever the rate at which any appropriation shall be expended is not equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation"; and

WHEREAS, due to a variety of factors, including the three percent reserve that is legally required by section 33.290, RSMo, the rate at which most appropriations are expended is not in “equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation”; and

WHEREAS, Article IV, Section 27.3, provides that the Governor notify the General Assembly “when the governor reduces one or more items or portions of items of appropriation of money as a result of actual revenues being less than the revenue estimates upon which the appropriations were based.”

NOW THEREFORE, I, Mike Kehoe, GOVERNOR OF THE STATE OF MISSOURI, pursuant to Article IV, Section 27, do hereby make the following notification to the One Hundred Third General Assembly of the State of Missouri:

I hereby notify the General Assembly, pursuant to Article IV, Section 27.2 of the Missouri Constitution, that through the second quarter of fiscal year 2025, the rate of expenditure for each of the appropriation lines in the fiscal year 2025 budget attached as Exhibit A is not in equal quarterly allotments, the sum of which shall be equal to the amount of the appropriation.

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-FIFTH DAY, WEDNESDAY, APRIL 16, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, as we approach the day that we celebrate Your Son's resurrection from the dead, we pause in the House of Representatives to recognize Your goodness towards us in allowing us to advocate for the citizens of Missouri.

As we hear sometimes controversial legislation, by Your Spirit remind us that we are ALL human beings, with families, friends, neighbors, and yes, supporters who look to us for guidance.

We praise You that You have given us this short amount of time to see to the needs of others.

Guide our thoughts and actions, cause them to honor You in our speech and deeds. We ask these things in Jesus's name.

And the House said, "Amen."

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Charleston Kinne, Hunter Kinne and Stephen Goodlow.

The Journal of the fifty-fourth day was approved as printed by the following vote:

Where an existing sewer lateral program was in effect prior to August 28, 2003, condominium and apartment units not previously enrolled may be ineligible for enrollment if it is determined that the sewer lateral serving the unit is defective.

3. If a majority of the voters voting thereon approve the proposal provided for in subsection 2 of this section, the governing body of the city, town, village or county may enact an ordinance for the collection and administration of such fee in order to protect the public health, welfare, peace and safety. The funds collected pursuant to such ordinance shall be deposited in a special account to be used solely for the purpose of paying for all or a portion of the costs reasonably associated with and necessary to administer and carry out the defective lateral sewer service line repairs. "292.606. 1. Fees shall be collected for a period of six years from August 28, ~~[2018]~~ 2025.

2. (1) Any employer required to report under subsection 1 of section 292.605, except local governments and family-owned farm operations, shall submit an annual fee to the commission of one hundred dollars along with the Tier II form. Owners or operators of petroleum retail facilities shall pay a fee of no more than fifty dollars for each such facility. Any person, firm or corporation selling, delivering or transporting petroleum or petroleum products and whose primary business deals with petroleum products or who is covered by the provisions of chapter 323, if such person, firm or corporation is paying fees under the provisions of the federal hazardous materials transportation registration and fee assessment program, shall deduct such federal fees from those fees owed to the state under the provisions of this subsection. If the federal fees exceed or are equal to what would otherwise be owed under this subsection, such employer shall not be liable for state fees under this subsection. In relation to petroleum products "primary business" shall mean that the person, firm or corporation shall earn more than fifty percent of hazardous chemical revenues from the sale, delivery or transport of petroleum products. For the purpose of calculating fees, all grades of gasoline are considered to be one product, all grades of heating oils, diesel fuels, kerosenes, naphthas, aviation turbine fuel, and all other heavy distillate products except for grades of gasoline are considered to be one product, and all varieties of motor lubricating oil are considered to be one product. For the purposes of this section "facility" shall mean all buildings, equipment, structures and other stationary items that are located on a single site or on contiguous or adjacent sites and which are owned or operated by the same person. If more than three hazardous substances or mixtures are reported on the Tier II form, the employer shall submit an additional twenty-dollar fee for each hazardous substance or mixture. Fees collected under this subdivision shall be for each hazardous chemical on hand at any one time in excess of ten thousand pounds or for extremely hazardous substances on hand at any one time in excess of five hundred pounds or the threshold planning quantity, whichever is less, or for explosives or blasting agents on hand at any one time in excess of one hundred pounds. However, no employer shall pay more than ten thousand dollars per year in fees. Moneys acquired through litigation and any administrative fees paid pursuant to subsection 3 of this section shall not be applied toward this cap.

(2) Employers engaged in transporting hazardous materials by pipeline except local gas distribution companies regulated by the Missouri public service commission shall pay to the commission a fee of two hundred fifty dollars for each county in which they operate.

(3) Payment of fees is due each year by March first. A late fee of ten percent of the total owed, plus one percent per month of the total, may be assessed by the commission.

(4) If, on March first of each year, fees collected under this section and natural resources damages made available pursuant to section 640.235 exceed one million dollars, any excess over one million dollars shall be proportionately credited to fees payable in the succeeding year by each employer who was required to pay a fee and who did pay a fee in the year in which the excess occurred. The limit of one million dollars contained herein shall be reviewed by the commission concurrent with the review of fees as required in subsection 1 of this section.

3. Beginning January 1, 2013, any employer filing its Tier II form pursuant to subsection 1 of section 292.605 may request that the commission distribute that employer's Tier II report to the local emergency planning committees and fire departments listed in its Tier II report. Any employer opting to have the commission distribute its Tier II report shall pay an additional fee of ten dollars for each facility listed in the report at the time of filing to

recoup the commission's distribution costs. Fees shall be deposited in the chemical emergency preparedness fund established under section 292.607. An employer who pays the additional fee and whose Tier II report includes all local emergency planning committees and fire departments required to be notified under subsection 1 of section 292.605 shall satisfy the reporting requirements of subsection 1 of section 292.605. The commission shall develop a mechanism for an employer to exercise its option to have the commission distribute its Tier II report.

4. Local emergency planning committees receiving funds under section 292.604 shall coordinate with the commission and the department in chemical emergency planning, training, preparedness, and response activities. Local emergency planning committees receiving funds under this section, section 260.394, sections 292.602, 292.604, 292.605, 292.615 and section 640.235 shall provide to the commission an annual report of expenditures and activities.

5. Fees collected by the department and all funds provided to local emergency planning committees shall be used for chemical emergency preparedness purposes as outlined in sections 292.600 to 292.625 and the federal act, including contingency planning for chemical releases; exercising, evaluating, and distributing plans, providing training related to chemical emergency preparedness and prevention of chemical accidents; identifying facilities required to report; processing the information submitted by facilities and making it available to the public; receiving and handling emergency notifications of chemical releases; operating a local emergency planning committee; and providing public notice of chemical preparedness activities. Local emergency planning committees receiving funds under this section may combine such funds with other local emergency planning committees to further the purposes of sections 292.600 to 292.625, or the federal act.

6. The commission shall establish criteria and guidance on how funds received by local emergency planning committees may be used.

7. **A one-time fee shall be assessed in accordance with subsection 2 of this section and shall be calculated based on the filing due on March 1, 2025, and shall be paid by November 1, 2025."**; and

- (2) "Department", the department of social services;
- (3) "Diaper bank", **a national diaper bank** or a nonprofit entity located in this state established and operating primarily for the purpose of collecting or purchasing disposable diapers or other hygiene products for infants, children, or incontinent adults and that regularly distributes such diapers or other hygiene products through

2. For all fiscal years beginning on or after July 1, 2019, a taxpayer shall be allowed to claim a tax credit against the taxpayer's state tax liability in an amount equal to fifty percent of the amount of such taxpayer's contributions to a diaper bank.

3. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state tax liability for the tax year for which the credit is claimed, and such taxpayer shall not be allowed to claim a tax credit in excess of fifty thousand dollars per tax year. However, any tax credit that cannot be claimed in the tax year the contribution was made may be carried over only to the next subsequent tax year. No tax credit issued under this section shall be assigned, transferred, or sold.

4. Except for any excess credit that is carried over under subsection 3 of this section, no taxpayer shall be allowed to claim a tax credit unless the taxpayer contributes at least one hundred dollars to one or more diaper banks during the tax year for which the credit is claimed.

5. The department shall determine, at least annually, which entities in this state qualify as diaper banks. The department may require of an entity seeking to be classified as a diaper bank any information which is reasonably necessary to make such a determination. The department shall classify an entity as a diaper bank if such entity satisfies the definition under subsection 1 of this section.

6. The department shall establish a procedure by which a taxpayer can determine if an entity has been classified as a diaper bank.

7. Diaper banks may decline a contribution from a taxpayer.

8. The cumulative amount of tax credits that may be claimed by all the taxpayers contributing to diaper banks in any one fiscal year shall not exceed five hundred thousand dollars. Tax credits shall be issued in the order contributions are received. If the amount of tax credits redeemed in a tax year is less than five hundred thousand dollars, the difference shall be added to the cumulative limit created under this subsection for the next fiscal year and carried over to subsequent fiscal years until claimed.

9. The department shall establish a procedure by which, from the beginning of the fiscal year until some point in time later in the fiscal year to be determined by the department, the cumulative amount of tax credits are equally apportioned among all entities classified as diaper banks. If a diaper bank fails to use all, or some percentage to be determined by the department, of its apportioned tax credits during this predetermined period of time, the department may reapportion such unused tax credits to diaper banks that have used all, or some percentage to be determined by the department, of their apportioned tax credits during this predetermined period of time. The department may establish multiple periods each fiscal year and reapportion accordingly. To the maximum extent possible, the department shall establish the procedure described under this subsection in such a manner as to ensure that taxpayers can claim as many of the tax credits as possible, up to the cumulative limit created under subsection 8 of this section.

10. Each diaper bank shall provide information to the department concerning the identity of each taxpayer making a contribution and the amount of the contribution. The department shall provide the information to the department of revenue. The department shall be subject to the confidentiality and penalty provisions of section 32.057 relating to the disclosure of tax information.

11. Under section 23.253 of the Missouri sunset act:

(2) If such program is reauthorized, the program authorized under this section shall automatically sunset on December thirty-first six years after the effective date of the reauthorization of this section;

(3) This section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under this section is sunset; and

(4) The provisions of this subsection shall not be construed to limit or in any way impair the department's ability to issue tax credits authorized on or before the date the program authorized under this section expires or a taxpayer's ability to redeem such tax credits."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative Laubinger, **House Amendment No. 1** was adopted.

Representative Christ offered **House Amendment No. 2**.

2. An applicant may submit a copy of a support contract for a sporting event to the department. Within sixty days of receipt of the sporting event support contract, the department may review the applicant's support contract and certify such support contract if it complies with the requirements of this section. Upon certification of the support contract by the department, the applicant may be authorized to receive the tax credit under subsection 4 of this section.

3. No more than ninety days following the conclusion of the sporting event, the applicant shall submit ~~[eligible costs and documentation of the costs evidenced by receipts, paid invoices, event settlements, or other documentation in a manner prescribed by the department. Eligible costs may be paid by the applicant or an entity cohosting the event with the applicant]~~ **a ticket sales or box office statement verifying the total number of tickets sold for such event, or, if such event was participant-based, a list of all registered participants.**

The calculations under paragraphs ~~[(b)]~~ (a) and ~~[(c)]~~ (b) of this subdivision shall use the actual number of tickets sold or ~~[registrations paid]~~ registered participants, not an estimated amount.

(2) The department of revenue shall issue a refund of the refundable tax credit to the applicant within ninety days of the applicant's submission of a valid tax credit certificate issued in accordance with subdivision (1) of this subsection. Notwithstanding any provision of law to the contrary, this may include a refund issued in advance of the close of the tax period to which the tax credit applies.

(3) Tax credits authorized by this section may be claimed against taxes imposed by chapters 143 and 148 ~~[and shall be claimed within one year of the close of the tax year for which the credits were issued]~~. Tax credits authorized by this section ~~[may]~~ **shall not** be transferred, sold, or assigned ~~[by filing a notarized endorsement thereof with the department that names the transferee, the amount of tax credit transferred, and the value received for the credit, as well as any other information reasonably requested by the department]~~. **Notwithstanding any provision of law to the contrary, tax credits authorized by this section may be refunded at any time following issuance, even prior to the close of the tax period for which the credits were issued. If any applicant is issued tax credits pursuant to this section that are refunded to such applicant, but the department of revenue later determines that the applicant receiving the credits owes or owed taxes that were not paid for the tax year for which the tax credit was issued, such applicant shall pay to the department of revenue the applicant's tax liability still due, including any underpayment caused by the erroneous, excessive, or improper refund of these tax credits. The department of revenue may promulgate such rules as are necessary to administer such clawback provisions under this subdivision.**

5. In no event shall the amount of tax credits issued by the department under subsection 4 of this section exceed ~~[three]~~ **six** million dollars in any fiscal year. For all events located within the following counties, the total amount of tax credits issued shall not exceed ~~[two]~~ **five** million ~~[seven]~~ **five** hundred thousand dollars in any fiscal year:

- (1) A county with a charter form of government and with more than six hundred thousand inhabitants; or
- (2) A city not within a county.

6. An applicant shall provide any information necessary as determined by the department for the department and the director to fulfill the duties required by this section. At any time upon the request of the state of Missouri, a certified sponsor shall subject itself to an audit conducted by the state.

7. This section shall not be construed as creating or requiring a state guarantee of obligations imposed on an endorsing municipality under a support contract or any other agreement relating to hosting one or more sporting events in this state.

8. The department shall only certify an applicant's support contract for a sporting event in which the site selection organization has yet to select a location for the sporting event as of December 1, 2012. No support contract shall be certified unless the site selection organization has chosen to use a location in this state from competitive bids, at least one of which was a bid for a location outside of this state, except that competitive bids shall not be required for any previously-awarded event whose site selection organization extends its contractual agreement with the event's certified sponsor or for any ~~[post-season]~~ **neutral-site** collegiate ~~[football game or other neutral-site]~~ game with at least one out-of-state team. Support contracts shall not be certified by the department after August 28, ~~[2025]~~ **2032**, provided that the support contracts may be certified on or prior to August 28, ~~[2025]~~ **2032**, for sporting events that will be held after such date.

9. The department may promulgate rules as necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

10. The repeal and reenactment of subsection 8 of this section shall become effective August 28, 2025, and the repeal and reenactment of the remainder of the provisions of this section shall become effective July 1, 2026, and shall apply only to tax credits issued on or after July 1, 2026.

67.3005. 1. For all tax years beginning on or after January 1, 2013, any taxpayer shall be allowed a credit against the taxes otherwise due under chapter 143, 147, or 148, excluding withholding tax imposed by sections 143.191 to 143.265, in an amount equal to fifty percent of the amount of an eligible donation, subject to the restrictions in this section. The amount of the tax credit claimed shall not exceed the amount of the taxpayer's state

income tax liability in the tax year for which the credit is claimed. Any amount of credit that the taxpayer is prohibited by this section from claiming in a tax year shall not be refundable, but may be carried forward to any of the taxpayer's two subsequent tax years.

2. To claim the credit authorized in this section, a certified sponsor or local organizing committee shall submit to the department an application for the tax credit authorized by this section on behalf of taxpayers. The department shall verify that the applicant has submitted the following items accurately and completely:

- (1) A valid application in the form and format required by the department;
- (2) A statement attesting to the eligible donation received, which shall include the name and taxpayer identification number of the individual making the eligible donation, the amount of the eligible donation, and the date the eligible donation was received; and
- (3) Payment from the certified sponsor or local organizing committee equal to the value of the tax credit for which application is made.

If the certified sponsor or local organizing committee applying for the tax credit meets all criteria required by this subsection, the department shall issue a certificate in the appropriate amount.

3. Tax credits issued under this section may be assigned, transferred, sold, or otherwise conveyed, and the new owner of the tax credit shall have the same rights in the credit as the taxpayer. Whenever a certificate is assigned, transferred, sold, or otherwise conveyed, a notarized endorsement shall be filed with the department specifying the name and address of the new owner of the tax credit or the value of the credit. In no event shall the amount of tax credits issued by the department under this section exceed ~~ten million~~ **five hundred thousand** dollars in any fiscal year.

4. The department shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

5. Under section 23.253 of the Missouri sunset act:

(1) The provisions of the new program authorized under **this section and section 67.3000** ~~and under this section~~ shall automatically sunset six years after August 28, ~~2019~~ **2026**, unless reauthorized by an act of the general assembly; and

(2) If such program is reauthorized, the program authorized under **this section and section 67.3000** ~~and under this section~~ shall automatically sunset twelve years after the effective date of the reauthorization of these sections; and

(3) Section 67.3000 and this section shall terminate on September first of the calendar year immediately following the calendar year in which the program authorized under these sections is sunset.

6. The repeal and reenactment of subsection 5 of this section shall become effective August 28, 2025, and the repeal and reenactment of the remainder of the provisions of this section shall become effective July 1, 2026, and shall apply only to tax credits issued on or after July 1, 2026."; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-SIXTH DAY, THURSDAY, APRIL 17, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Creator God, we pause to recognize Your majesty and ask Divine favor and clarity of thought as we make decisions for the Missouri people.

As we approach the celebration of Christ Jesus's resurrection of the dead, we thank You for the sacrifice that was given once and for all.

We petition You that by Your Holy Spirit You direct us, convict us where we might have erred, and be an ever-present help in time of need.

Father, present unto us Your great goodness and mercy today, in the hour of our need.

And the House said, "Amen."

The Pledge of Allegiance to the flag was led by Kaydence Henry.

The Journal of the fifty-fifth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

[CORRECTED]

FORTY-NINTH DAY, MONDAY, APRIL 7, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, thank You for Your kindness towards us and the care by which You guide Your people.

The Psalmist declared, "O Taste and see that the LORD is good: blessed is the man that trusts in him."

Father, help us by Your Holy Spirit to trust in You, as we make decisions for the people of Missouri. Cause us to revel in Your glory, and not rob You by attempting to bask in our own.

Be with us today and throughout the week.

In Jesus's name, Amen.

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: ZuZu Bryant, LuLu Bryant, Sam Zimmermann, Ben Zimmermann and Tyler Zimmermann.

The Journal of the forty-eighth day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTIETH DAY, TUESDAY, APRIL 8, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Thou shalt rejoice in every good thing which the Lord, thy God, hath given unto thee. (Deuteronomy 26:11)

Almighty God, grant that through the ministry of this moment of prayer we may draw near to You and receive from Your hand wisdom to make wise decisions, humility to relate ourselves affirmatively to others, and faith to hold us steady amid the troubles of life. May we be with You, and through all our discussions, we pray that You will always keep us mindful of Your presence.

We pray for our state that in this day Missouri may be Your channel for peace in all homes and Your servant for vision among the citizens. As leaders and as a people, may we grow in spirit and, as mature persons, assume our position of responsible leadership in and out of season.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Cassidy Campbell, Katie Eidson, An Mahan, Maddie Arnett, and Candace Wilson.

The Journal of the forty-ninth day was approved as corrected by the following vote:

(1) At any time prior to the close of the public hearing required pursuant to subsection 1 of this section; provided that, notice of the contents of the amended petition is given at the public hearing;

6. Upon the creation of a district, the municipal clerk shall report in writing the creation of such district to the Missouri department of economic development and the state auditor.

67.1521. 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

- (1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and
- (2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The _____ (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefitted within the district for the purpose of providing revenue for _____ (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by _____ (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed _____ dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on _____ (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: _____ (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefitted in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861. Notwithstanding the provisions of this subsection and section 67.1541 to the contrary, the county collector may, upon certification by the district for collection, add each special assessment to the annual real estate tax bill for the property and collect the assessment in the same manner the collector uses for real estate taxes. Any special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district.

10. Notwithstanding any other provision of this section to the contrary, all property owned by an entity that is exempt from taxation under 26 U.S.C. Section 501(c), as amended, shall be exempt from any property tax or special assessment levied by a district."; and

"238.225. 1. Before construction or funding of any project the district shall submit the proposed project to the commission for its prior approval, **and approval of such project shall be by at least a two-thirds majority vote if the funding mechanism of the project includes a sales tax.** If the commission by minute finds that the project will improve or is a necessary or desirable extension of the state highways and transportation system, the commission may preliminarily approve the project subject to the district providing plans and specifications for the proposed project and making any revisions in the plans and specifications required by the commission and the district and commission entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After such preliminary approval, the district may impose and collect such taxes and assessments as may be included in the commission's preliminary approval. After the commission approves the final construction plans and specifications, the district shall obtain prior commission approval of any modification of such plans or specifications.

2. If the proposed project is not intended to be merged into the state highways and transportation system under the commission's jurisdiction, the district shall also submit the proposed project and proposed plans and specifications to the local transportation authority that will become the owner of the project for its prior approval, **which shall be by at least a two-thirds majority vote if the funding mechanism of the project includes a sales tax.**

3. In those instances where a local transportation authority is required to approve a project and the commission determines that it has no direct interest in that project, the commission may decline to consider the project. Approval of the project shall then vest exclusively with the local transportation authority subject to the district making any revisions in the plans and specifications required by the local transportation authority and the district and the local transportation authority entering into a mutually satisfactory agreement regarding development and future maintenance of the project. After the local transportation authority approves the final construction plans and specifications, **by a two-thirds vote if the proposed project is to be funded by a sales tax,** the district shall obtain prior approval of the local transportation authority before modifying such plans or specifications.

4. Notwithstanding any provision of this section to the contrary, this section shall not apply to any district whose project is a public mass transportation system.

238.230. 1. If approved by:

- (1) A majority of the qualified voters voting on the question in the district; or
- (2) The owners of record of all of the real property located within the district who shall indicate their approval by signing a special assessment petition;

the district may make one or more special assessments for those project improvements which specially benefit the properties within the district. Improvements which may confer special benefits within a district include but are not limited to improvements which are intended primarily to serve traffic originating or ending within the district, to reduce local traffic congestion or circuity of travel, or to improve the safety of motorists or pedestrians within the district.

2. The ballot question shall be substantially in the following form:

Shall the _____ Transportation Development District be authorized to levy special assessments against property benefitted within the district for the purpose of providing revenue for the development of a project (or projects) in the district (insert general description of the project or projects, if necessary), said special assessments to be levied ratably against each tract, lot or parcel of property within the district which is benefitted by such project in proportion to the (insert method of allocating special assessments), in an amount not to exceed \$ _____ per annum per (insert unit of measurement)?

pro rata against each tract, lot or parcel or property within the district which is benefitted by such project in proportion to the (insert method of allocating special assessments), in an amount not to exceed \$_____ per annum per (insert unit of measurement).

4. If a proposal for making a special assessment fails, the district board of directors may, with the prior approval of the commission or the local transportation authority which will assume ownership of the completed project, delete from the project any portion which was to be funded by special assessment and which is not otherwise required for project integrity.

5. A district may establish different classes or subclasses of real property within the district for purposes of levying differing rates of special assessments. The levy rate for special assessments may vary for each class or subclass of real property based on the level of benefit derived by each class or subclass from projects funded by the district.

6. Notwithstanding any other provision of this section to the contrary, all property owned by an entity that is exempt from taxation under 26 U.S.C. Section 501(c), as amended, shall be exempt from any special assessment levied by a district under this section so long as the property is used in furtherance of the entity's tax-exempt purposes.

238.232. 1. If approved by at least four-sevenths of the qualified voters voting on the question in the district, the district may impose a property tax in an amount not to exceed the annual rate of ten cents on the hundred dollars assessed valuation. The district board may levy a property tax rate lower than its approved tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval. The property tax shall be uniform throughout the district.

2. The ballot of submission shall be substantially in the following form:

4. Every county collector having collected or received district property taxes shall, on or before the fifteenth day of each month and after deducting his commissions, remit to the treasurer of that district the amount collected or received by him prior to the first day of the month. Upon receipt of such money, the district treasurer shall execute a receipt therefor, which he shall forward or deliver to the collector. The district treasurer shall deposit such sums into the district treasury, credited to the appropriate project or purpose. The collector and district treasurer shall make final settlement of the district account and commissions owing, not less than once each year, if necessary.

5. Notwithstanding any other provision of this section to the contrary, all property owned by an entity that is exempt from taxation under 26 U.S.C. Further amend said bill and section, Page 11, Line 357, by inserting after all of said section and line the following:

"137.115. 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the City of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable

in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the City of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than two hundred hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (7) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. (1) All subclasses of real property, as such subclasses are established in Section 4(b) of Article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(a) For real property in subclass (1), nineteen percent;

(b) For real property in subclass (2), twelve percent; and

(c) For real property in subclass (3), thirty-two percent.

(2) A taxpayer may apply to the county assessor, or, if not located within a county, then the assessor of such city, for the reclassification of such taxpayer's real property if the use or purpose of such real property is changed after such property is assessed under the provisions of this chapter. If the assessor determines that such property shall be reclassified, he or she shall determine the assessment under this subsection based on the percentage of the tax year that such property was classified in each subclassification.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is deemed to be real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

AMEND House Amendment No. 4 to House Committee Substitute for House Bill No. 119, Page 1, Line 1, by inserting after the word "Page" the following:

"1, Section A, Line 2, by inserting after all of said section and line the following:

"105.145. 1. The following definitions shall be applied to the terms used in this section:

(1) "Governing body", the board, body, or persons in which the powers of a political subdivision as a body corporate, or otherwise, are vested;

(2) "Political subdivision", any agency or unit of this state, except counties and school districts, which now is, or hereafter shall be, authorized to levy taxes or empowered to cause taxes to be levied.

2. The governing body of each political subdivision in the state shall cause to be prepared an annual report of the financial transactions of the political subdivision in such summary form as the state auditor shall prescribe by rule, except that the annual report of political subdivisions whose cash receipts for the reporting period are ten thousand dollars or less shall only be required to contain the cash balance at the beginning of the reporting period, a summary of cash receipts, a summary of cash disbursements and the cash balance at the end of the reporting period.

3. Within such time following the end of the fiscal year as the state auditor shall prescribe by rule, the governing body of each political subdivision shall cause a copy of the annual financial report to be remitted to the state auditor.

4. The state auditor shall immediately on receipt of each financial report acknowledge the receipt of the report.

5. In any fiscal year no member of the governing body of any political subdivision of the state shall receive any compensation or payment of expenses after the end of the time within which the financial statement of the political subdivision is required to be filed with the state auditor and until such time as the notice from the state auditor of the filing of the annual financial report for the fiscal year has been received.

6. The state auditor shall prepare sample forms for financial reports and shall mail the same to the political subdivisions of the state. Failure of the auditor to supply such forms shall not in any way excuse any person from the performance of any duty imposed by this section.

7. All reports or financial statements hereinabove mentioned shall be considered to be public records.

8. The provisions of this section apply to the board of directors of every transportation development district organized under sections 238.200 to 238.275.

9. Any political subdivision that fails to timely submit a copy of the annual financial statement to the state auditor shall be subject to a fine of five hundred dollars per day.

10. The state auditor shall report any violation of subsection 9 of this section to the department of revenue. Upon notification from the state auditor's office that a political subdivision failed to timely submit a copy of the annual financial statement, the department of revenue shall notify such political subdivision by certified mail that the statement has not been received. Such notice shall clearly set forth the following:

- (1) The name of the political subdivision;
- (2) That the political subdivision shall be subject to a fine of five hundred dollars per day if the political subdivision does not submit a copy of the annual financial statement to the state auditor's office within thirty days from the postmarked date stamped on the certified mail envelope;
- (3) That the fine will be enforced and collected as provided under subsection 11 of this section; and
- (4) That the fine will begin accruing on the thirty-first day from the postmarked date stamped on the certified mail envelope and will continue to accrue until the state auditor's office receives a copy of the financial statement.

In the event a copy of the annual financial statement is received within such thirty-day period, no fine shall accrue or be imposed. The state auditor shall report receipt of the financial statement to the department of revenue within ten business days. Failure of the political subdivision to submit the required annual financial statement within such thirty-day period shall cause the fine to be collected as provided under subsection 11 of this section.

11. The department of revenue may collect the fine authorized under the provisions of subsection 9 of this section by offsetting any sales or use tax distributions due to the political subdivision. The director of revenue shall retain two percent for the cost of such collection. The remaining revenues collected from such violations shall be distributed annually to the schools of the county in the same manner that proceeds for all penalties, forfeitures, and fines collected for any breach of the penal laws of the state are distributed.

12. (1) Any political subdivision that has gross revenues of less than five thousand dollars or that has not levied or collected taxes in the fiscal year for which the annual financial statement was not timely filed shall not be subject to the fine authorized in this section.

(2) Notwithstanding any provision of this section or any other law to the contrary, no political subdivision with fewer than five hundred inhabitants shall be subject to the fine authorized in this section, and any fine or fines previously assessed but not paid in full shall be deemed void. A political subdivision subject to this subdivision shall timely file the annual financial statement under this section.

13. If a failure to timely submit the annual financial statement is the result of fraud or other illegal conduct by an employee or officer of the political subdivision, the political subdivision shall not be subject to a fine authorized under this section if the statement is filed within thirty days of the discovery of the fraud or illegal conduct. If a fine is assessed and paid prior to the filing of the statement, the department of revenue shall refund the fine upon notification from the political subdivision.

14. If a political subdivision has an outstanding balance for fines or penalties at the time it files its first annual financial statement after January 1, 2023, the director of revenue shall make a one-time downward adjustment to such outstanding balance in an amount that reduces the outstanding balance by no less than ninety percent.

15. The director of revenue shall have the authority to make a one-time downward adjustment to any outstanding penalty imposed under this section on a political subdivision if the director determines the fine is uncollectable. The director of revenue may prescribe rules and regulations necessary to carry out the provisions of this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the

authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2022, shall be invalid and void."; and

PERFECTION OF HOUSE JOINT RESOLUTIONS

HCS HJR 67, relating to term limits for members of the general assembly, was taken up by Representative McGaugh.

Representative McGaugh offered **House Amendment No. 1**.

House Amendment No. 1

AMEND House Committee Substitute for House Joint Resolution No. 67, Page 1, In the Title, Line 4, by deleting the words "term limits for members of"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

On motion of Representative McGaugh, **House Amendment No. 1** was adopted.

Representative McGaugh offered **House Amendment No. 2**.

House Amendment No. 2

AMEND House Committee Substitute for House Joint Resolution No. 67, Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"Section 3. (a) ~~[The]~~ **Before the 2030 decennial census, the house of representatives shall consist of one hundred sixty-three members elected at each general election and redistricted as provided in this section. Beginning after the 2030 decennial census, the house of representatives shall consist of one hundred thirty-six members elected at each general election and redistricted as provided in this section.**

(b) The house independent bipartisan citizens commission shall redistrict the house of representatives using the following methods, listed in order of priority:

(1) Districts shall be as nearly equal as practicable in population, and shall be drawn on the basis of one person, one vote. Districts are as nearly equal as practicable in population if no district deviates by more than one percent from the ideal population of the district, as measured by dividing the number of districts into the statewide population data being used, except that a district may deviate by up to three percent if necessary to follow political subdivision lines consistent with subdivision (4) of this subsection;

(2) Districts shall be established in a manner so as to comply with all requirements of the United States Constitution and applicable federal laws, including, but not limited to, the Voting Rights Act of 1965 (as amended). The following principles shall take precedence over any other part of this constitution: no district shall be drawn in a manner which results in a denial or abridgment of the right of any citizen of the United States to vote on account of race or color; and no district shall be drawn such that members of any community of citizens protected by the preceding clause have less opportunity than other members of the electorate to participate in the political process and to elect representatives of their choice;

(3) Subject to the requirements of subdivisions (1) and (2) of this subsection, districts shall be composed of contiguous territory as compact as may be. Areas which meet only at the points of adjoining corners are not contiguous. In general, compact districts are those which are square, rectangular, or hexagonal in shape to the extent permitted by natural or political boundaries;

(4) To the extent consistent with subdivisions (1) to (3) of this subsection, communities shall be preserved. Districts shall satisfy this requirement if district lines follow political subdivision lines to the extent possible, using the following criteria, in order of priority. First, each county shall wholly contain as many districts as its population allows. Second, if a county wholly contains one or more districts, the remaining population shall be wholly joined in a single district made up of population from outside the county. If a county does not wholly contain a district, then no more than two segments of a county shall be combined with an adjoining county. Third, split counties and county segments, defined as any part of the county that is in a district not wholly within that county, shall each be as few as possible. Fourth, as few municipal lines shall be crossed as possible;

(5) Districts shall be drawn in a manner that achieves both partisan fairness and, secondarily, competitiveness, but the standards established by subdivisions (1) to (4) of this subsection shall take precedence over partisan fairness and competitiveness. "Partisan fairness" means that parties shall be able to translate their popular support into legislative representation with approximately equal efficiency. "Competitiveness" means that parties' legislative representation shall be substantially and similarly responsive to shifts in the electorate's preferences.

To this end, the average electoral performance of the two political parties receiving the most votes in the three preceding general elections for governor, for United States Senate, and for President of the United States shall be calculated. This index shall be defined as the total votes received by each party in the three preceding general elections for governor, for United States Senate, and for President of the United States, divided by the total votes cast for both parties in these elections. Using this index, the total number of wasted votes for each party, summing across all of the districts in the plan shall be calculated. "Wasted votes" are votes cast for a losing candidate or for a winning candidate in excess of the threshold needed for victory. In any redistricting plan and map of the proposed districts, the difference between the two parties' total wasted votes, divided by the total votes cast for the two parties, shall not exceed fifteen percent.

To promote competitiveness, the electoral performance index shall be used to simulate elections in which the hypothetical statewide vote shifts by one percent, two percent, three percent, four percent, and five percent in favor of each party. The vote in each individual district shall be assumed to shift by the same amount as the statewide vote. In each of these simulated elections, the difference between the two parties' total wasted votes, divided by the total votes cast for the two parties, shall not exceed fifteen percent.

(c) Within sixty days after the population of this state is reported to the President for each decennial census of the United States or, in the event that a redistricting plan has been invalidated by a court of competent jurisdiction, within sixty days that such a ruling has been made, the state committee and the congressional district committees of each of the two political parties casting the highest vote for governor at the last preceding general election shall meet and the members of each committee shall nominate, by a majority vote of the elected members of the committee present, provided that a majority of the elected members is present, members of their party, residents in that district, in the case of a congressional district committee, as nominees for the house independent bipartisan citizens commission. No party shall select more than one nominee from any one state legislative district. The congressional district committees shall each submit to the governor their list of two elected nominees. The state committees shall each submit to the governor their list of five elected nominees. Within thirty days thereafter, the governor shall appoint a house independent bipartisan citizens commission consisting of one nominee from each list submitted by each congressional district committee and two nominees from each list submitted by each state committee to redistrict the state into one hundred and sixty-three representative districts and to establish the numbers and boundaries of said districts. No person shall be appointed to both the house independent bipartisan citizens commission and the senate independent bipartisan citizens commission during the same redistricting cycle.

If any committee fails to submit a list within such time, the governor shall appoint a member of his or her own choice from the political party of the committee failing to submit a list, provided that in the case of a

congressional district committee failing to submit a list, the person appointed to the commission by the governor shall reside in the congressional district of such committee.

Members of the commission shall be disqualified from holding office as members of the general assembly for four years following the date of the filing by the commission of its final redistricting plan.

For the purposes of this Article, the term congressional district committee or congressional district refers to the congressional district committee or the congressional district from which a congressman was last elected, or, in the event members of congress from this state have been elected at large, the term congressional district committee refers to those persons who last served as the congressional district committee for those districts from which congressmen were last elected, and the term congressional district refers to those districts from which congressmen were last elected. Any action pursuant to this section by the congressional district committee shall take place only at duly called meetings, shall be recorded in their official minutes and only members present in person shall be permitted to vote.

(d) The commissioners so selected shall, on the fifteenth day, excluding Sundays and state holidays, after all members have been appointed, meet in the capitol building and proceed to organize by electing from their number a chairman, vice chairman and secretary. The commission shall adopt an agenda establishing at least three hearing dates on which hearings open to the public shall be held to hear objections or testimony from interested persons. A copy of the agenda shall be filed with the clerk of the house of representatives within twenty-four hours after its adoption. Executive meetings may be scheduled and held as often as the commission deems advisable.

(e) Not later than five months after the appointment of the commission, the commission shall file with the secretary of state a tentative redistricting plan and map of the proposed districts and during the ensuing fifteen days shall hold such public hearings as may be necessary to hear objections or testimony of interested persons. The commission shall make public the tentative redistricting plan and map of the proposed districts, as well as all demographic and partisan data used in the creation of the plan and map.

(f) Not later than six months after the appointment of the commission, the commission shall file with the secretary of state a final statement of the numbers and the boundaries of the districts together with a map of the districts, and no statement shall be valid unless approved by at least seven-tenths of the members.

(g) After the final statement is filed, members of the house of representatives shall be elected according to such districts until a new redistricting plan is made as provided in this section, except that if the final statement is not filed within six months of the time fixed for the appointment of the commission, the commission shall stand discharged and the house of representatives shall be redistricted using the same methods and criteria as described in subsection (b) of this section by a commission of six members appointed from among the judges of the appellate courts of the state of Missouri by the state supreme court, a majority of whom shall sign and file its redistricting plan and map with the secretary of state within ninety days of the date of the discharge of the house independent bipartisan citizens commission. The judicial commission shall make public the tentative redistricting plan and map of the proposed districts, as well as all demographic and partisan data used in the creation of the plan and map. Thereafter, members of the house of representatives shall be elected according to such districts until a redistricting plan is made as provided in this section.

(h) Each member of the commission shall receive as compensation fifteen dollars a day for each day the commission is in session but not more than one thousand dollars, and, in addition, shall be reimbursed for his or her actual and necessary expenses incurred while serving as a member of the commission.

(i) No redistricting plan shall be subject to the referendum.

(j) Any action expressly or implicitly alleging that a redistricting plan violates this Constitution, federal law, or the United States Constitution shall be filed in the circuit court of Cole County and shall name the body that approved the challenged redistricting plan as a defendant. Only an eligible Missouri voter who sustains an individual injury by virtue of residing in a district that exhibits the alleged violation, and whose injury is remedied by a differently drawn district, shall have standing. If the court renders a judgment in which it finds that a completed redistricting plan exhibits the alleged violation, its judgment shall adjust only those districts, and only those parts of district boundaries, necessary to bring the map into compliance. The supreme court shall have exclusive appellate jurisdiction upon the filing of a notice of appeal within ten days after the judgment has become final.

Section 7. (a) Within sixty days after the population of this state is reported to the President for each decennial census of the United States, or within sixty days after a redistricting plan has been invalidated by a court of competent jurisdiction, the state committee and the congressional district committees of each of the two political parties casting the highest vote for governor at the last preceding general election shall meet and the members of

each committee shall nominate, by a majority vote of the elected members of the committee present, provided that a majority of the elected members is present, members of their party, residents in that district, in the case of a congressional district committee, as nominees for the senate independent bipartisan citizens commission. No party shall select more than one nominee from any one state legislative district. The congressional district committees shall each submit to the governor their list of two elected nominees. The state committees shall each submit to the governor their list of five elected nominees. Within thirty days thereafter the governor shall appoint a senate independent bipartisan citizens commission consisting of two nominees from each list submitted by each state committee and one nominee from each list submitted by each congressional district committee, to redistrict the thirty-four senatorial districts and to establish the numbers and boundaries of said districts. No person shall be appointed to both the house independent bipartisan citizens commission and the senate independent bipartisan citizens commission during the same redistricting cycle.

Beginning after the 2030 decennial census, the number of senators shall not total more than one-fourth the membership of the house of representatives. Each senatorial district shall contain four representative districts.

If any committee fails to submit a list within such time, the governor shall appoint a member of his or her own choice from the political party of the committee failing to submit a list, provided that in the case of a congressional district committee failing to submit a list, the person appointed to the commission by the governor shall reside in the congressional district of such committee.

Members of the commission shall be disqualified from holding office as members of the general assembly for four years following the date of the filing by the commission of its final redistricting plan.

(b) The commissioners so selected shall, on the fifteenth day, excluding Sundays and state holidays, after all members have been appointed, meet in the capitol building and proceed to organize by electing from their number a chairman, vice chairman and secretary. The commission shall adopt an agenda establishing at least three hearing dates on which hearings open to the public shall be held to hear objections or testimony from interested persons. A copy of the agenda shall be filed with the secretary of the senate within twenty-four hours after its adoption. Executive meetings may be scheduled and held as often as the commission deems advisable.

(c) The senate independent bipartisan citizens commission shall redistrict the senate using the same methods and criteria as those required by subsection (b), section 3 of this Article for the redistricting of the house of representatives.

(d) Not later than five months after the appointment of the senate independent bipartisan citizens commission, the commission shall file with the secretary of state a tentative redistricting plan and map of the proposed districts and during the ensuing fifteen days shall hold such public hearings as may be necessary to hear objections or testimony of interested persons. The commission shall make public the tentative redistricting plan and map of the proposed districts, as well as all demographic and partisan data used in the creation of the plan and map.

(e) Not later than six months after the appointment of the commission, the commission shall file with the secretary of state a final statement of the numbers and the boundaries of the districts together with a map of the districts, and no statement shall be valid unless approved by at least seven-tenths of the members.

(f) After the final statement is filed, senators shall be elected according to such districts until a new redistricting plan is made as provided in this section, except that if the final statement is not filed within six months of the time fixed for the appointment of the commission, the commission shall stand discharged and the senate shall be redistricted using the same methods and criteria as described in subsection (b) of section 3 of this Article by a commission of six members appointed from among the judges of the appellate courts of the state of Missouri by the state supreme court, a majority of whom shall sign and file its redistricting plan and map with the secretary of state within ninety days of the date of the discharge of the senate independent bipartisan citizens commission. The judicial commission shall make public the tentative redistricting plan and map of the proposed districts, as well as all demographic and partisan data used in the creation of the plan and map. Thereafter, senators shall be elected according to such districts until a redistricting plan is made as provided in this section.

(g) Each member of the commission shall receive as compensation fifteen dollars a day for each day the commission is in session, but not more than one thousand dollars, and, in addition, shall be reimbursed for his or her actual and necessary expenses incurred while serving as a member of the commission.

(h) No redistricting plan shall be subject to the referendum.

(i) Any action expressly or implicitly alleging that a redistricting plan violates this Constitution, federal law, or the United States Constitution shall be filed in the circuit court of Cole County and shall name the body that approved the challenged redistricting plan as a defendant. Only an eligible Missouri voter who sustains an individual injury by virtue of residing in a district that exhibits the alleged violation, and whose injury is remedied by a differently drawn district, shall have standing. If the court renders a judgment in which it finds that a

completed redistricting plan exhibits the alleged violation, its judgment shall adjust only those districts, and only those parts of district boundaries, necessary to bring the map into compliance. The supreme court shall have exclusive appellate jurisdiction upon the filing of a notice of appeal within ten days after the judgment has become final."; and

Further amend said bill, Page 2, Section B, Line 7, by deleting said line and inserting in lieu thereof the following:

"General Assembly;

* Reduce the size of the Missouri House of Representatives; and"; and

Further amend said bill by amending the title, enacting clause, and intersectional references accordingly.

HCS HJR 67, as amended, with House Amendment No. 2, pending, was laid over.

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-FIRST DAY, WEDNESDAY, APRIL 9, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

Trust in Him at all times ye people; pour out your heart before Him; God is a refuge for us. (Psalm 62:8)

O God, who is the Creator and Preserver of the world, without whose blessing all our labor is in vain, we pray that our lives may be built not upon the sands which shift with the tide but upon the rock of eternal truth and love. As we pray to You, give us wisdom; awaken within us a greater desire for goodness and truth.

We ask Your blessing upon all the representatives of this chamber. May they ever be friendly in spirit, clear in purpose, strong in integrity, high in principles, great in faith, and never failing in goodwill. Protect them from all evil and may public office be to them a public trust which will translate into public service.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was led by Ella Foy.

The Speaker appointed the following to act as Honorary Pages for the Day, to serve without compensation: Ella Foy, Olivia Padilla and Randon Hunt.

The Journal of the fiftieth day was approved as printed by the following vote:

In the event of a joinder of homicide offenses, all offenses charged which are supported by the evidence in the case, together with all proper lesser offenses under section 565.029, shall, when requested by one of the parties or the court, be submitted to the jury or, in a jury-waived trial, considered by the judge.

2. A count charging any offense of homicide of a particular individual may be joined in an indictment or information and tried with one or more counts charging alternatively any other homicide or offense other than a homicide committed against that individual. The state shall not be required to make an election as to the alternative count on which it will proceed. This subsection in no way limits the right to try in the conjunctive, where they are properly joined under subsection 1 of this section, either separate offenses other than murder in the first degree or separate offenses of murder in the first degree committed against different individuals.

3. When a defendant has been charged and proven before trial to be a prior offender pursuant to chapter 558 so that the judge shall assess punishment and not a jury for an offense other than murder in the first degree, that offense may be tried and submitted to the trier together with any murder in the first degree charge with which it is lawfully joined. In such case the judge will assess punishment on any offense joined with a murder in the first degree charge according to law and, when the trier is a jury, it shall be instructed upon punishment on the charge of murder in the first degree ~~[in accordance with section 565.030.~~

~~4. When the state waives the death penalty for a murder first degree offense, that offense may be tried and submitted to the trier together with any other charge with which it is lawfully joined].~~

565.006. 1. At any time before the commencement of the trial of a homicide offense, the defendant may, with the assent of the court, waive a trial by jury and agree to submit all issues in the case to the court, whose finding shall have the force and effect of a verdict of a jury. Such a waiver must include a waiver of a trial by jury of all issues and offenses charged in the case, including the punishment to be assessed and imposed if the defendant is found guilty.

2. No defendant who pleads guilty to a homicide offense or who is found guilty of a homicide offense after trial to the court without a jury shall be permitted a trial by jury on the issue of the punishment to be imposed, except by agreement of the state.

~~3. [If a defendant is found guilty of murder in the first degree after a jury trial in which the state has not waived the death penalty, the defendant may not waive a jury trial of the issue of the punishment to be imposed, except by agreement with the state and the court.~~

[565.005. 1. At a reasonable time before the commencement of the first stage of any trial of murder in the first degree at which the death penalty is not waived, the state and defendant, upon request and without order of the court, shall serve counsel of the opposing party with:

- (3) Copies or locations and custodian of any books, papers, documents, photographs or objects which the party intends to offer at the second stage of the trial. [565.030. 1. Where murder in the first degree is charged but not submitted or where the state waives the death penalty, the submission to the trier and all subsequent proceedings in the case shall proceed as in all other criminal cases.

2. Where murder in the first degree is submitted to the trier without a waiver of the death penalty, the trial shall proceed in two stages before the same trier. At the first stage the trier shall decide only whether the defendant is guilty or not guilty of any submitted offense. The issue of punishment shall not be submitted to the trier at the first stage. If an offense is charged other than murder in the first degree in a count together with a count of murder in the first degree, the trial judge shall assess punishment on any such offense according to law, after the defendant is found guilty of such offense and after he finds the defendant to be a prior offender pursuant to chapter 558.

3. If murder in the first degree is submitted and the death penalty was not waived but the trier finds the defendant guilty of a lesser homicide, a second stage of the trial shall proceed as in all other criminal cases. The attorneys may then argue as in other criminal cases the issue of punishment, after which the trier shall assess and declare the punishment as in all other criminal cases.

4. If the trier at the first stage of a trial where the death penalty was not waived finds the defendant guilty of murder in the first degree, a second stage of the trial shall proceed at which the only issue shall be the punishment to be assessed and declared. Evidence in aggravation and mitigation of punishment, including but not limited to evidence supporting any of the aggravating or mitigating circumstances listed in subsection 2 or 3 of section 565.032, may be presented subject to the rules of evidence at criminal trials. Such evidence may include, within the discretion of the court, evidence concerning the murder victim and the impact of the offense upon the family of the victim and others. Rebuttal and surrebuttal evidence may be presented. The state shall be the first to proceed. If the trier is a jury it shall be instructed on the law. The attorneys may then argue the issue of punishment to the jury, and the state shall have the right to open and close the argument. The trier shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor:

- (1) If the trier finds by a preponderance of the evidence that the defendant is intellectually disabled; or
- (2) If the trier does not find beyond a reasonable doubt at least one of the statutory aggravating circumstances set out in subsection 2 of section 565.032; or

(3) If the trier concludes that there is evidence in mitigation of punishment, including but not limited to evidence supporting the statutory mitigating circumstances listed in subsection 3 of section 565.032, which is sufficient to outweigh the evidence in aggravation of punishment found by the trier; or

(4) If the trier decides under all of the circumstances not to assess and declare the punishment at death. If the trier is a jury it shall be so instructed.

If the trier assesses and declares the punishment at death it shall, in its findings or verdict, set out in writing the aggravating circumstance or circumstances listed in subsection 2 of section 565.032 which it found beyond a reasonable doubt. If the trier is a jury it shall be instructed before the case is submitted that if it is unable to decide or agree upon the punishment the court shall assess and declare the punishment at life imprisonment without eligibility for probation, parole, or release except by act of the governor or death. The court shall follow the same procedure as set out in this section whenever it is required to determine punishment for murder in the first degree.

5. Upon written agreement of the parties and with leave of the court, the issue of the defendant's intellectual disability may be taken up by the court and decided prior to trial without prejudicing the defendant's right to have the issue submitted to the trier of fact as provided in subsection 4 of this section.

6. As used in this section, the terms "intellectual disability" or "intellectually disabled" refer to a condition involving substantial limitations in general functioning characterized by significantly subaverage intellectual functioning with continual extensive related deficits and limitations in two or more adaptive behaviors such as communication, self care, home living, social skills, community use, self direction, health and safety, functional academics, leisure and work, which conditions are manifested and documented before eighteen years of age.

7. The provisions of this section shall only govern offenses committed on or after August 28, 2001.]

[565.032. 1. In all cases of murder in the first degree for which the death penalty is authorized, the judge in a jury waived trial shall consider, or shall include in his or her instructions to the jury for it to consider:

(1) Whether a statutory aggravating circumstance or circumstances enumerated in subsection 2 of this section is established by the evidence beyond a reasonable doubt; and

(2) If a statutory aggravating circumstance or circumstances is proven beyond a reasonable doubt, whether the evidence as a whole justifies a sentence of death or a sentence of life imprisonment without eligibility for probation, parole, or release except by act of the governor.

In determining the issues enumerated in subdivisions (1) and (2) of this subsection, the trier shall consider all evidence which it finds to be in aggravation or mitigation of punishment, including evidence received during the first stage of the trial and evidence supporting any of the statutory aggravating or mitigating circumstances set out in subsections 2 and 3 of this section. If the trier is a jury, it shall not be instructed upon any specific evidence which may be in aggravation or mitigation of punishment, but shall be instructed that each juror shall consider any evidence which he or she considers to be aggravating or mitigating.

2. Statutory aggravating circumstances for a murder in the first degree offense shall be limited to the following:

(1) The offense was committed by a person with a prior record of conviction for murder in the first degree, or the offense was committed by a person who has one or more serious assaultive criminal convictions;

~~(6) The offender caused or directed another to commit murder in the first degree or committed murder in the first degree as an agent or employee of another person;~~

~~(7) The murder in the first degree was outrageously or wantonly vile, horrible or inhuman in that it involved torture, or depravity of mind;~~

~~(8) The murder in the first degree was committed against any peace officer, or fireman while engaged in the performance of his or her official duty;~~

~~(9) The murder in the first degree was committed by a person in, or who has escaped from, the lawful custody of a peace officer or place of lawful confinement;~~

~~(10) The murder in the first degree was committed for the purpose of avoiding, interfering with, or preventing a lawful arrest or custody in a place of lawful confinement, of himself or herself or another;~~

~~(11) The murder in the first degree was committed while the defendant was engaged in the perpetration or was aiding or encouraging another person to perpetrate or attempt to perpetrate a felony of any degree of rape, sodomy, burglary, robbery, kidnapping, or any felony offense in chapter 195 or 579;~~

~~(12) The murdered individual was a witness or potential witness in any past or pending investigation or past or pending prosecution, and was killed as a result of his or her status as a witness or potential witness;~~

~~(17) The murder was committed during the commission of an offense which is part of a pattern of criminal street gang activity as defined in section 578.421.~~

~~3. Statutory mitigating circumstances shall include the following:~~

~~(1) The defendant has no significant history of prior criminal activity;~~

~~(2) The murder in the first degree was committed while the defendant was under the influence of extreme mental or emotional disturbance;~~

~~(3) The victim was a participant in the defendant's conduct or consented to the act;~~

~~(4) The defendant was an accomplice in the murder in the first degree committed by another person and his or her participation was relatively minor;~~

~~(5) The defendant acted under extreme duress or under the substantial domination of another person;~~

~~(6) The capacity of the defendant to appreciate the criminality of his or her conduct or to conform his or her conduct to the requirements of law was substantially impaired;~~

~~(7) The age of the defendant at the time of the offense.]~~

~~[565.035. 1. Whenever the death penalty is imposed in any case, and upon the judgment becoming final in the trial court, the sentence shall be reviewed on the record by the supreme court of Missouri. The circuit clerk of the court trying the case, within ten days after~~

receiving the transcript, shall transmit the entire record and transcript to the supreme court together with a notice prepared by the circuit clerk and a report prepared by the trial judge. The notice shall set forth the title and docket number of the case, the name of the defendant and the name and address of his attorney, a narrative statement of the judgment, the offense, and the punishment prescribed. The report by the judge shall be in the form of a standard questionnaire prepared and supplied by the supreme court of Missouri.

2. The supreme court of Missouri shall consider the punishment as well as any errors enumerated by way of appeal.

3. With regard to the sentence, the supreme court shall determine:

(1) Whether the sentence of death was imposed under the influence of passion, prejudice, or any other arbitrary factor; and

(2) Whether the evidence supports the jury's or judge's finding of a statutory aggravating circumstance as enumerated in subsection 2 of section 565.032 and any other circumstance found;

(3) Whether the sentence of death is excessive or disproportionate to the penalty imposed in similar cases, considering both the offense, the strength of the evidence and the defendant.

4. Both the defendant and the state shall have the right to submit briefs within the time provided by the supreme court, and to present oral argument to the supreme court.

5. The supreme court shall include in its decision a reference to those similar cases which it took into consideration. In addition to its authority regarding correction of errors, the supreme court, with regard to review of death sentences, shall be authorized to:

(1) Affirm the sentence of death; or

(2) Set the sentence aside and resentence the defendant to life imprisonment without eligibility for probation, parole, or release except by act of the governor; or

(3) Set the sentence aside and remand the case for retrial of the punishment hearing. A new jury shall be selected or a jury may be waived by agreement of both parties and then the punishment trial shall proceed in accordance with this chapter, with the exception that the evidence of the guilty verdict shall be admissible in the new trial together with the official transcript of any testimony and evidence properly admitted in each stage of the original trial where relevant to determine punishment.

6. There shall be an assistant to the supreme court, who shall be an attorney appointed by the supreme court and who shall serve at the pleasure of the court. The court shall accumulate the records of all cases in which the sentence of death or life imprisonment without probation or parole was imposed after May 26, 1977, or such earlier date as the court may deem appropriate. The assistant shall provide the court with whatever extracted information the court desires with respect thereto, including but not limited to a synopsis or brief of the facts in the record concerning the offense and the defendant. The court shall be authorized to employ an appropriate staff, within the limits of appropriations made for that purpose, and such methods to compile such data as are deemed by the supreme court to be appropriate and relevant to the statutory questions concerning the validity of the sentence. The office of the assistant to the supreme court shall be attached to the office of the clerk of the supreme court for administrative purposes.

7. In addition to the mandatory sentence review, there shall be a right of direct appeal of the conviction to the supreme court of Missouri. This right of appeal may be waived by the defendant. If an appeal is taken, the appeal and the sentence review shall be consolidated for consideration. The court shall render its decision on legal errors enumerated, the factual substantiation of the verdict, and the validity of the sentence; and

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FIFTY-SECOND DAY, THURSDAY, APRIL 10, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Reverend Monsignor Robert A. Kurwicki, Chaplain.

They that wait upon the Lord shall renew their strength. (Isaiah 40:31)

Our God in heaven and on earth, we, the representatives of our Missouri citizens, bow before You humbly praying for strength, for guidance, and peace from You. Make this a sacred moment in which we become aware of Your presence, a moment when strength is given, guidance provided, and comfort arises anew within us.

Free us from stress and give to all elected members the vision to truly see ourselves as the elected of the people, even the difficult ones. With Your power we can do this and more here in the People's House.

And the House says, "Amen!"

The Pledge of Allegiance to the flag was recited.

The Journal of the fifty-first day was approved as printed by the following vote:

JOURNAL OF THE HOUSE

First Regular Session, 103rd General Assembly

FORTY-FIFTH DAY, MONDAY, MARCH 31, 2025

The House met pursuant to adjournment.

Speaker Patterson in the Chair.

Prayer by Representative Brian Seitz.

Father, we thank You for the grace that You've shown us by allowing us to represent the great people of Missouri.

We cry out for wisdom. We cry out for strength. We cry out for discernment and a sense of Your presence.

As the Creator God, we, Your people, recognize Your sovereignty over all things. We acknowledge that in You we live and breathe, and have our very being.

Correct us where we stray from the precepts that You have given us to follow. Guide our thoughts and hands as we do the works that You have preordained for us to do.

In Jesus's name, Amen.

The Pledge of Allegiance to the flag was recited.

The Journal of the forty-fourth day was approved as printed by the following vote:

"115.125. 1. Not later than 5:00 p.m. on the tenth Tuesday prior to any election, except a special election to decide an election contest, tie vote or an election to elect seven members to serve on a school board of a district pursuant to section 162.241, or a delay in notification pursuant to subsection 3 of this section, or pursuant to the provisions of section 115.399, the officer or agency calling the election shall notify the election authorities responsible for conducting the election. The notice shall be in writing, shall specify the name of the officer or agency calling the election and shall include a certified copy of the legal notice to be published pursuant to subsection 2 of section 115.127. The notice and any other information required by this section may, with the prior notification to the election authority receiving the notice, be accepted by **email or** facsimile transmission prior to 5:00 p.m. on the tenth Tuesday prior to the election~~], provided that the original copy of the notice and a certified copy of the legal notice to be published shall be received in the office of the election authority within three business days from the date of the facsimile transmission].~~

2. In lieu of a certified copy of the legal notice to be published pursuant to subsection 2 of section 115.127, each notice of a special election to fill a vacancy shall include the name of the office to be filled, the date of the election and the date by which candidates must be selected or filed for the office. Not later than the sixth Tuesday prior to any special election to fill a vacancy called by a political subdivision or special district, the officer or agency calling the election shall certify a sample ballot to the election authorities responsible for conducting the election.

3. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the political subdivision or special district calling for the election agrees to pay any printing or reprinting costs, a political subdivision or special district may, at any time after certification of the notice of election required in subsection 1 of this section, but no later than 5:00 p.m. on the eighth Tuesday before the election, be permitted to make late notification to the election authority pursuant to court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the political subdivision or special district to the circuit court of the area of such subdivision or district. No court shall have the authority to order an individual or issue be placed on the ballot less than eight weeks before the date of the election.

115.127. 1. Except as provided in subsection 4 of this section, upon receipt of notice of a special election to fill a vacancy submitted pursuant to subsection 2 of section 115.125, the election authority shall cause legal notice of the special election to be published in a newspaper of general circulation in its jurisdiction. The notice shall include the name of the officer or agency calling the election, the date and time of the election, the name of the office to be filled and the date by which candidates must be selected or filed for the office. Within one week prior to each special election to fill a vacancy held in its jurisdiction, the election authority shall cause legal notice of the election to be published in two newspapers of different political faith and general circulation in the jurisdiction. The legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot. If there is only one newspaper of general circulation in the jurisdiction, the notice shall be published in the newspaper within one week prior to the election. If there are two or more newspapers of general circulation in the jurisdiction, but no two of opposite political faith, the notice shall be published in any two of the newspapers within one week prior to the election.

2. The notice shall be published in two newspapers of different political faith and qualified pursuant to chapter 493 which are

published within the bounds of the area holding the election. If there is only one so-qualified newspaper, then notice shall be published in only one newspaper. If there is no newspaper published within the bounds of the election area, then the notice shall be published in two qualified newspapers of different political faith serving the area. Notice shall be published twice, the first publication occurring in the second week prior to the election, and the second publication occurring within one week prior to the election. Each such legal notice shall include the date and time of the election, the name of the officer or agency calling the election and a sample ballot; and, unless notice has been given as provided by section 115.129, the second publication of notice of the election shall include the location of polling places. The election authority may provide any additional notice of the election it deems desirable.

3. The election authority shall print the official ballot as the same appears on the sample ballot, and no candidate's name or ballot issue which appears on the sample ballot or official printed ballot shall be stricken or removed from the ballot except on death of a candidate or by court order, but in no event shall a candidate or issue be stricken or removed from the ballot less than eight weeks before the date of the election.

4. In lieu of causing legal notice to be published in accordance with any of the provisions of this chapter, the election authority in jurisdictions which have less than seven hundred fifty registered voters and in which no newspaper qualified pursuant to chapter 493 is published, may cause legal notice to be mailed during the second week prior to the election, by first class mail, to each registered voter at the voter's voting address. Such notification may be accomplished by legal notice published in at least one newspaper of general circulation in the political subdivision or special district.

6. Except as provided for in sections 115.247 and 115.359, if there is no additional cost for the printing or reprinting of ballots or if the candidate agrees to pay any printing or reprinting costs, a candidate who has filed for an office or who has been duly nominated for an office may, at any time after the certification of the notice of election required in subsection 1 of section 115.125 but no later than 5:00 p.m. on the eighth Tuesday before the election, withdraw as a candidate pursuant to a court order, which, except for good cause shown by the election authority in opposition thereto, shall be freely given upon application by the candidate to the circuit court of the area of such candidate's residence."; and

7. All lists of applications under this section shall be kept confidential. Such lists of applications shall not be posted or displayed in an area open to the general public nor shall such lists of applications be shown to any unauthorized person."; and

Further amend said bill, Page 9, Section 115.351, Line 15, by inserting after all of said section and line the following:

"115.430. 1. This section shall apply to ~~[primary and general elections where candidates for federal or statewide offices are nominated or elected and any election where statewide issue or issues are submitted to the voters]~~ **any public election.**

2. (1) A voter claiming to be properly registered in the jurisdiction of the election authority and eligible to vote in an election, but whose eligibility at that precinct cannot be immediately established upon examination of the precinct register, shall be entitled to vote a provisional ballot after providing a form of personal identification required pursuant to section 115.427 or upon executing an affidavit under section 115.427, or may vote at a central polling place as established in section 115.115 where the voter may vote his or her appropriate ballot for his or her precinct of residence upon verification of eligibility or vote a provisional ballot if eligibility cannot be determined. The provisional ballot provided to a voter under this section shall be the ballot provided to a resident of the voter's precinct determined by reference to the affidavit provided for in this section. If the voter declares that the voter is eligible to vote and the election authority determines that the voter is eligible to vote at another polling place, the voter shall be directed to the correct polling place or a central polling place as established by the election authority pursuant to subsection 5 of section 115.115. If the voter refuses to go to the correct polling place or a central polling place, the voter shall be permitted to vote a provisional ballot at the incorrect polling place, but such ballot shall not be counted if the voter was not eligible to vote at that polling place.

(2) The following steps shall be taken to establish a voter's eligibility to vote at a polling place:

(a) The election judge shall examine the precinct register as provided in section 115.425. If the voter is registered and eligible to vote at the polling place, the voter shall receive a regular ballot;

(b) If the voter's eligibility cannot be immediately established by examining the precinct register, the election judge shall contact the election authority. If the election authority cannot immediately establish that the voter is registered and eligible to vote at the polling place upon examination of the Missouri voter registration

system, or if the election judge is unable to make contact with the election authority immediately, the voter shall be notified that the voter is entitled to a provisional ballot.

(3) The voter shall have the duty to appear and vote at the correct polling place. If an election judge determines that the voter is not eligible to vote at the polling place at which a voter presents himself or herself, and if the voter appears to be eligible to vote at another polling place, the voter shall be informed that he or she may cast a provisional ballot at the current polling place or may travel to the correct polling place or a central polling place, as established by the election authority under subsection 5 of section 115.115, where the voter may cast a regular ballot or provisional ballot if the voter's eligibility still cannot be determined. Provisional ballots cast at a polling place shall be counted only if the voter was eligible to vote at such polling place as provided in subsection 5 of this section.

(4) For a voter requesting an absentee ballot in person, such voter shall be entitled to cast a provisional ballot when the voter's eligibility cannot be immediately established upon examination of the precinct registers or the Missouri voter registration system.

(5) Prior to accepting any provisional ballot at the polling place, the election judges shall determine that the information provided on the provisional ballot envelope by the provisional voter is consistent with the identification provided by such person under section 115.427.

3. (1) No person shall be entitled to receive a provisional ballot until such person has completed a provisional ballot affidavit on the provisional ballot envelope.

(2) The secretary of state shall produce appropriate sizes of provisional ballot envelopes and distribute them to each election authority according to their tabulating system. All provisional ballot envelopes shall be printed on a distinguishable color of paper that is different from the color of the regular ballot. The provisional ballot envelope shall be in the form required by subsection 4 of this section. All provisional ballots shall be marked with a conspicuous stamp or other distinguishing mark that makes them readily distinguishable from the regular ballots.

(3) Once voted, the provisional ballot shall be placed and sealed in a provisional ballot envelope.

4. The provisional ballot in its envelope shall be deposited in the ballot box. The provisional ballot envelope shall be completed by the voter for use in determining eligibility. The provisional ballot envelope specified in this section shall contain a voter's certificate which shall be in substantially the following form:

STATE OF _____
COUNTY OF _____

I do solemnly swear (or affirm) that my name is _____; that my date of birth is _____; that the last four digits of my Social Security Number are _____; that I am registered to vote in _____ County or City (if a City not within a County), Missouri; that I am a qualified voter of said County (or City not within a County); that I am eligible to vote at this polling place; and that I have not voted in this election.

I understand that if the above-provided information is not correct and the election authority determines that I am not registered and eligible to vote, my vote will not be counted. I further understand that knowingly providing false information is a violation of law and subjects me to possible criminal prosecution.

(Signature of Voter)

(Current Address)

Subscribed and affirmed before me this _____ day of _____, 20 _____

(Signature of Election Official)

The voter may provide additional information to further assist the election authority in determining eligibility, including the place and date the voter registered to vote, if known.

5. (1) Prior to counting any provisional ballot, the election authority shall determine if the voter is registered and eligible to vote and if the vote was properly cast. The eligibility of provisional votes shall be determined according to the requirements for a voter to cast a ballot in the election as set forth in sections 115.133 and 115.135. A provisional ~~voter~~ ballot shall not be eligible to be counted until the election authority has determined that:

(a) The voter cast such provisional ballot at a polling place established for the voter or the central polling place established by the election authority under subsection 5 of section 115.115;

(b) The individual who cast the provisional ballot is an individual registered to vote in the respective election at the polling place where the ballot was cast;

(c) The voter did not otherwise vote in the same election by regular ballot, absentee ballot, or otherwise; and

(d) The information on the provisional ballot envelope is found to be correct, complete, and accurate.

(2) When the ballot boxes are delivered to the election authority from the polling places, the receiving teams shall separate the provisional ballots from the rest of the ballots and place the sealed provisional ballot envelopes in a separate container. Teams of election authority employees or teams of election judges with each team consisting of one member of each major political party shall photocopy each provisional ballot envelope, such photocopy to be used by the election authority to determine provisional voter eligibility. The sealed provisional ballot envelopes shall be placed by the team in a sealed container and shall remain therein until tabulation.

(3) To determine whether a provisional ballot is valid and entitled to be counted, the election authority shall examine its records and verify that the provisional voter is properly registered and eligible to vote in the election. If the provisional voter has provided information regarding the registration agency where the provisional voter registered to vote, the election authority shall make an inquiry of the registration agency to determine whether the provisional voter is properly registered and eligible to vote in the election.

(4) If the election authority determines that the provisional voter is registered and eligible to vote in the election, the election authority shall provide documentation verifying the voter's eligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time; and

(d) A description of evidence found that supports the voter's eligibility.

(5) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and a notation marking it as accepted.

(6) If the election authority determines that the provisional voter is not registered or eligible to vote in the election, the election authority shall provide documentation verifying the voter's ineligibility. Such documentation shall be noted on the copy of the provisional ballot envelope and shall contain substantially the following information:

(a) The name of the provisional voter;

(b) The name of the reviewer;

(c) The date and time;

(d) A description of why the voter is ineligible.

(7) The local election authority shall record on a provisional ballot acceptance/rejection list the provisional ballot identification number and notation marking it as rejected.

(8) If rejected, a photocopy of the envelope shall be made and used by the election authority as a mail-in voter registration. The actual provisional ballot envelope shall be kept as ballot material, and the copy of the envelope shall be used by the election authority for registration record keeping.

6. All provisional ballots cast by voters whose eligibility has been verified as provided in this section shall be counted in accordance with the rules governing ballot tabulation. Provisional ballots shall not be counted until all provisional ballots are determined either eligible or ineligible and all provisional ballots must be processed before the election is certified. The provisional ballot shall be counted only if the election authority determines that the voter is registered and eligible to vote. Provisional ballots voted in the wrong polling place shall not be counted. If the voter is not registered but is qualified to register for future elections, the affidavit shall be considered a mail-in application to register to vote pursuant to this chapter.

7. (1) After the election authority completes its review of the provisional voter's eligibility under subsection 5 of this section, the election authority shall deliver the provisional ballots and copies of the provisional ballot envelopes that include eligibility information to bipartisan counting teams, which may be the board of verification, for review and tabulation. The election authority shall maintain a record of such delivery. The record shall include the number of ballots delivered to each team and shall include a signed receipt from two judges, one from each major political party. The election authority shall provide each team with a ballot box and material necessary for tabulation.

(2) If the person named on the provisional ballot affidavit is found to have been properly qualified and registered to cast a ballot in the election and the provisional ballot otherwise qualifies to be counted under the provisions of this section, the envelope shall be opened, and the ballot shall be placed in a ballot box to be counted.

(3) If the person named on the provisional ballot affidavit is found not to have been properly qualified and registered to cast a ballot in the election or if the election authority is unable to determine such person's right to vote, the envelope containing the provisional ballot shall not be opened, and the person's vote shall not be counted. The members of the team shall follow the procedures set forth in subsection 5 of this section for rejected provisional ballots.

(4) The votes shall be tallied and the returns made as provided in sections 115.447 to 115.525 for paper ballots. The election authority shall notify the county chair of each major political party of the time and location when bipartisan counting teams will be reviewing or counting the provisional ballots, the provisional ballot envelopes, or the copies of the provisional ballot envelopes that include the eligibility information provided by the election authority.

9. The certificate of ballot cards shall:

10. In counties where the voting system does not utilize a paper ballot, the election authority shall provide the appropriate provisional ballots to each polling place.

11. The secretary of state may promulgate rules for purposes of ensuring the uniform application of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536.

12. The secretary of state shall design and provide to the election authorities the envelopes and forms necessary to carry out the provisions of this section.

13. Pursuant to the Help America Vote Act of 2002, the secretary of state shall ensure a free access system is established, such as a toll-free number or an internet website, that any individual who casts a provisional ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted. At the time an individual casts a provisional ballot, the election authority shall give the voter written information that states that any individual who casts a provisional ballot will be able to ascertain under such free access system whether the vote was counted, and if the vote was not counted, the reason that the vote was not counted.

14. In accordance with the Help America Vote Act of 2002, any individual who votes in an election as a result of a court order or any other order extending the time established for closing the polls in section 115.407 may vote only by using a provisional ballot, and such provisional ballot shall be separated and held apart from other provisional ballots cast by those not affected by the order. Such ballots shall not be counted until such time as the ballots are determined to be valid. No state court shall have jurisdiction to extend the polling hours established by law, including section 115.407.

115.453. Election judges shall count votes for all candidates in the following manner:

(1) No candidate shall be counted as voted for, except a candidate before whose name a distinguishing mark appears preceding the name and a distinguishing mark does not appear in the square preceding the name of any candidate for the same office in another column. Except as provided in this subdivision and subdivision (2) of this section, each candidate with a distinguishing mark preceding his or her name shall be counted as voted for;

(2) If distinguishing marks appear next to the names of more candidates for an office than are entitled to fill the office, no candidate for the office shall be counted as voted for. If more than one candidate is to be

nominated or elected to an office, and any voter has voted for the same candidate more than once for the same office at the same election, no votes cast by the voter for the candidate shall be counted;

(3) No vote shall be counted for any candidate that is not marked substantially in accordance with the provisions of this section. The judges shall count votes marked substantially in accordance with this section and section 115.456 when the intent of the voter seems clear. Regulations promulgated by the secretary of state shall be used by the judges to determine voter intent. No ballot containing any proper votes shall be rejected for containing fewer marks than are authorized by law;

(4) Write-in votes shall be counted only for candidates for election to office who have filed a declaration of intent to be a write-in candidate for election to office with the proper election authority, who shall then notify the proper filing officer of the write-in candidate prior to 5:00 p.m. on the second Friday immediately preceding the election day; except that, write-in votes shall be counted only for candidates for election to state or federal office who have filed a declaration of intent to be a write-in candidate for election to state or federal office with the secretary of state pursuant to section 115.353 prior to 5:00 p.m. on the second Friday immediately preceding the election day. No person who filed as a party or independent candidate for nomination or election to an office may, without withdrawing as provided by law, file as a write-in candidate for election to the same office for the same term. No candidate who files for nomination to an office and is not nominated at a primary election may file a declaration of intent to be a write-in candidate for the same office at the general election. When declarations are properly filed with the secretary of state, the secretary of state shall promptly transmit copies of all such declarations to the proper election authorities for further action pursuant to this section. The election authority shall furnish a list to the election judges and counting teams prior to election day of all write-in candidates who have filed such declaration. ~~[This subdivision shall not apply to elections wherein candidates are being elected to an office for which no candidate has filed.]~~ No person shall file a declaration of intent to be a write-in candidate for election to any municipal office unless such person is qualified to be certified as a candidate under section 115.306;

(5) Write-in votes shall be cast and counted for a candidate without party designation. Write-in votes for a person cast with a party designation shall not be counted. Except for candidates for political party committees, no candidate shall be elected as a write-in candidate unless such candidate receives a separate plurality of the votes without party designation regardless of whether or not the total write-in votes for such candidate under all party and without party designations totals a majority of the votes cast;

(6) When submitted to the election authority, each declaration of intent to be a write-in candidate for the office of United States president shall include the name of a candidate for vice president and the name of nominees for presidential elector equal to the number to which the state is entitled. At least one qualified resident of each congressional district shall be nominated as presidential elector. Each such declaration of intent to be a write-in candidate shall be accompanied by a declaration of candidacy for each presidential elector in substantially the form set forth in subsection 3 of section 115.399. Each declaration of candidacy for the office of presidential elector shall be subscribed and sworn to by the candidate before the election official receiving the declaration of intent to be a write-in, notary public or other officer authorized by law to administer oaths.

AMEND House Amendment No. 4 to House Bill No. 478, Page 1, Line 1, by inserting after the number "478," the following:

"Page 1, Section A, Line 2, by inserting after all of said section and line the following:

"324.001. 1. For the purposes of this section, the following terms mean:

- (1) "Department", the department of commerce and insurance;
- (2) "Director", the director of the division of professional registration; and
- (3) "Division", the division of professional registration.

2. There is hereby established a "Division of Professional Registration" assigned to the department of commerce and insurance as a type III transfer, headed by a director appointed by the governor with the advice and consent of the senate. All of the general provisions, definitions and powers enumerated in section 1 of the Omnibus State Reorganization Act of 1974 and Executive Order 06-04 shall apply to this department and its divisions, agencies, and personnel.

3. The director of the division of professional registration shall promulgate rules and regulations which designate for each board or commission assigned to the division the renewal date for licenses or certificates. After the initial establishment of renewal dates, no director of the division shall promulgate a rule or regulation which would change the renewal date for licenses or certificates if such change in renewal date would occur prior to the date on which the renewal date in effect at the time such new renewal date is specified next occurs. Each board or commission shall by rule or regulation establish licensing periods of one, two, or three years. Registration fees set by a board or commission shall be effective for the entire licensing period involved, and shall not be increased during any current licensing period. Persons who are required to pay their first registration fees shall be allowed to pay the pro rata share of such fees for the remainder of the period remaining at the time the fees are paid. Each board or commission shall provide the necessary forms for initial registration, and thereafter the director may prescribe standard forms for renewal of licenses and certificates. Each board or commission shall by rule and regulation require each applicant to provide the information which is required to keep the board's records current. Each board or commission shall have the authority to collect and analyze information required to support workforce planning and policy development. Such information shall not be publicly disclosed so as to identify a specific health care provider, as defined in section 376.1350. Each board or commission shall issue the original license or certificate.

4. The division shall provide clerical and other staff services relating to the issuance and renewal of licenses for all the professional licensing and regulating boards and commissions assigned to the division. The division shall perform the financial management and clerical functions as they each relate to issuance and renewal of licenses and certificates. "Issuance and renewal of licenses and certificates" means the ministerial function of preparing and delivering licenses or certificates, and obtaining material and information for the board or commission in connection with the renewal thereof to include verifying if the applicant has submitted all required documentation and that the documentation is legible. It does not include any discretionary authority with regard to the original review of an applicant's qualifications for licensure or certification, or the subsequent review of licensee's or certificate holder's

qualifications, or any disciplinary action contemplated against the licensee or certificate holder. The division may develop and implement microfilming systems and automated or manual management information systems.

5. The director of the division shall maintain a system of accounting and budgeting, in cooperation with the director of the department, the office of administration, and the state auditor's office, to ensure proper charges are made to the various boards for services rendered to them. The general assembly shall appropriate to the division and other state agencies from each board's funds moneys sufficient to reimburse the division and other state agencies for all services rendered and all facilities and supplies furnished to that board.

6. For accounting purposes, the appropriation to the division and to the office of administration for the payment of rent for quarters provided for the division shall be made from the "Professional Registration Fees Fund", which is hereby created, and is to be used solely for the purpose defined in subsection 5 of this section. The fund shall consist of moneys deposited into it from each board's fund. Each board shall contribute a prorated amount necessary to fund the division for services rendered and rent based upon the system of accounting and budgeting established by the director of the division as provided in subsection 5 of this section. Transfers of funds to the professional registration fees fund shall be made by each board on July first of each year; provided, however, that the director of the division may establish an alternative date or dates of transfers at the request of any board. Such transfers shall be made until they equal the prorated amount for services rendered and rent by the division. The provisions of section 33.080 to the contrary notwithstanding, money in this fund shall not be transferred and placed to the credit of general revenue.

7. The director of the division shall be responsible for collecting and accounting for all moneys received by the division or its component agencies. Any money received by a board or commission shall be promptly given, identified by type and source, to the director. The director shall keep a record by board and state accounting system classification of the amount of revenue the director receives. The director shall promptly transmit all receipts to the department of revenue for deposit in the state treasury to the credit of the appropriate fund. The director shall provide each board with all relevant financial information in a timely fashion. Each board shall cooperate with the director by providing necessary information.

8. All educational transcripts, test scores, complaints, investigatory reports, and information pertaining to any person who is an applicant or licensee of any agency assigned to the division of professional registration by statute or by the department are confidential and may not be disclosed to the public or any member of the public, except with the written consent of the person whose records are involved. The agency which possesses the records or information shall disclose the records or information if the person whose records or information is involved has consented to the disclosure. Each agency is entitled to the attorney-client privilege and work-product privilege to the same extent as any other person. Provided, however, that any board may disclose confidential information without the consent of the person involved in the course of voluntary interstate exchange of information, or in the course of any litigation concerning that person, or pursuant to a lawful request, or to other administrative or law enforcement agencies acting within the scope of their statutory authority. Information regarding identity, including names and addresses, registration, and currency of the license of the persons possessing licenses to engage in a professional occupation and the names and addresses of applicants for such licenses is not confidential information.

9. Any deliberations conducted and votes taken in rendering a final decision after a hearing before an agency assigned to the division shall be closed to the parties and the public. Once a final decision is rendered, that decision shall be made available to the parties and the public.

10. A compelling governmental interest shall be deemed to exist for the purposes of section 536.025 for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue.

11. (1) The following boards and commissions are assigned by specific type transfers to the division of professional registration: Missouri state board of accountancy, chapter 326; board of cosmetology and barber examiners, chapters 328 and 329; Missouri board for architects, professional engineers, professional land surveyors and landscape architects, chapter 327; Missouri state board of chiropractic examiners, chapter 331; state board of registration for the healing arts, chapter 334; Missouri dental board, chapter 332; state board of embalmers and funeral directors, chapter 333; state board of optometry, chapter 336; Missouri state board of nursing, chapter 335; board of pharmacy, chapter 338; state board of podiatric medicine, chapter 330; Missouri real estate appraisers commission, chapter 339; and Missouri veterinary medical board, chapter 340. The governor shall appoint members of these boards by and with the advice and consent of the senate.

(2) The boards and commissions assigned to the division shall exercise all their respective statutory duties and powers, except those clerical and other staff services involving collecting and accounting for moneys and financial management relating to the issuance and renewal of licenses, which services shall be provided by the

division, within the appropriation therefor. Nothing herein shall prohibit employment of professional examining or testing services from professional associations or others as required by the boards or commissions on contract. Nothing herein shall be construed to affect the power of a board or commission to expend its funds as appropriated. However, the division shall review the expense vouchers of each board. The results of such review shall be submitted to the board reviewed and to the house and senate appropriations committees annually.

(3) Notwithstanding any other provisions of law, the director of the division shall exercise only those management functions of the boards and commissions specifically provided in the Reorganization Act of 1974, and those relating to the allocation and assignment of space, personnel other than board personnel, and equipment.

(4) "Board personnel", as used in this section or chapters 317, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, and 345, shall mean personnel whose functions and responsibilities are in areas not related to the clerical duties involving the issuance and renewal of licenses, to the collecting and accounting for moneys, or to financial management relating to issuance and renewal of licenses; specifically included are executive secretaries (or comparable positions), consultants, inspectors, investigators, counsel, and secretarial support staff for these positions; and such other positions as are established and authorized by statute for a particular board or commission. Boards and commissions may employ legal counsel, if authorized by law, and temporary personnel if the board is unable to meet its responsibilities with the employees authorized above. Any board or commission which hires temporary employees shall annually provide the division director and the appropriation committees of the general assembly with a complete list of all persons employed in the previous year, the length of their employment, the amount of their remuneration, and a description of their responsibilities.

(5) Board personnel for each board or commission shall be employed by and serve at the pleasure of the board or commission, shall be supervised as the board or commission designates, and shall have their duties and compensation prescribed by the board or commission, within appropriations for that purpose, except that compensation for board personnel shall not exceed that established for comparable positions as determined by the board or commission pursuant to the job and pay plan of the department of commerce and insurance. Nothing herein shall be construed to permit salaries for any board personnel to be lowered except by board action.

12. All the powers, duties, and functions of the division of athletics, chapter 317, and others, are assigned by type I transfer to the division of professional registration.

13. Wherever the laws, rules, or regulations of this state make reference to the division of professional registration of the department of economic development, such references shall be deemed to refer to the division of professional registration.

14. (1) The state board of nursing, board of pharmacy, Missouri dental board, state committee of psychologists, state board of chiropractic examiners, state board of optometry, Missouri board of occupational therapy, or state board of registration for the healing arts may individually or collectively enter into a contractual agreement with the department of health and senior services, a public institution of higher education, or a nonprofit entity for the purpose of collecting and analyzing workforce data from its licensees, registrants, or permit holders for future workforce planning and to assess the accessibility and availability of qualified health care services and practitioners in Missouri. The boards shall work collaboratively with other state governmental entities to ensure coordination and avoid duplication of efforts.

(2) The boards may expend appropriated funds necessary for operational expenses of the program formed under this subsection. Each board is authorized to accept grants to fund the collection or analysis authorized in this subsection. Any such funds shall be deposited in the respective board's fund.

(3) Data collection shall be controlled and approved by the applicable state board conducting or requesting the collection. Notwithstanding the provisions of ~~sections 324.010 and~~ **section 334.001**, the boards may release identifying data to the contractor to facilitate data analysis of the health care workforce including, but not limited to, geographic, demographic, and practice or professional characteristics of licensees. The state board shall not request or be authorized to collect income or other financial earnings data.

(4) Data collected under this subsection shall be deemed the property of the state board requesting the data. Data shall be maintained by the state board in accordance with chapter 610, provided that any information deemed closed or confidential under subsection 8 of this section or any other provision of state law shall not be disclosed without consent of the applicable licensee or entity or as otherwise authorized by law. Data shall only be released in an aggregate form by geography, profession or professional specialization, or population characteristic in a manner that cannot be used to identify a specific individual or entity. Data suppression standards shall be addressed and established in the contractual agreement.

(5) Contractors shall maintain the security and confidentiality of data received or collected under this subsection and shall not use, disclose, or release any data without approval of the applicable state board. The contractual agreement between the applicable state board and contractor shall establish a data release and research review policy to include legal and institutional review board, or agency-equivalent, approval.

(6) Each board may promulgate rules subject to the provisions of this subsection and chapter 536 to effectuate and implement the workforce data collection and analysis authorized by this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2016, shall be invalid and void."; and

In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither board shall separately promulgate rules regulating the use of protocols for medication therapy services. 338.710. 1. There is hereby created in the Missouri board of pharmacy the "RX Cares for Missouri Program". The goal of the program shall be to promote medication safety and to prevent prescription drug abuse, misuse, and diversion in Missouri.

2. The board, in consultation with the department, shall be authorized to expend, allocate, or award funds appropriated to the board to private or public entities to develop or provide programs or education to promote medication safety or to suppress or prevent prescription drug abuse, misuse, and diversion in the state of Missouri. In no case shall the authorization include, nor the funds be expended for, any state prescription drug monitoring program including, but not limited to, such as are defined in 38 CFR 1.515. Funds disbursed to a state agency under this section may enhance, but shall not supplant, funds otherwise appropriated to such state agency.

3. The board shall be the administrative agency responsible for implementing the program in consultation with the department. The board and the department may enter into interagency agreements between themselves to allow the department to assist in the management or operation of the program. The board may award funds directly to the department to implement, manage, develop, or provide programs or education pursuant to the program.

Any individual who has knowledge that the individual designated to report has failed to do so shall thereafter immediately make the report. No provision of this section shall be construed to preclude any person from reporting such abuse and such person shall be afforded the same protections provided under sections 210.135 and 210.145 for reports of abuse in compliance with section 210.115.
